Substitution

Each team may substitute an unlimited number of players at any time during play, after every goal and at halftime. Before a substitute may enter the game, she must report to the scorer's table. If a substitution occurs during play, it must take place through the substitution area by the scorer's table, with the player coming off the field before her substitution may go on the field (this includes the goalkeeper). For

substitution after a goal the horn will sound and substitutes enter the playing field taking their teammates place.

Fouls

Fouls shall be the same as those outlined in Rule 18 of the US Lacrosse Rules with the following modifications:

1. Transitional Checking:

There are two specific criteria for the transitional check:

- *one is a 12-inch sphere around the ball carrier's head;*
 - *the second is that checks cannot be across the body (both shoulders) of the ball carrier. The new 12" sphere at the youth level was adopted for safety reasons to protect players' heads from stick contact and to emphasize for the women's game community the importance of the sphere to the integrity of the game.*
- This definition would prohibit defensive players from checking a crosse when a cradle is within 12 inches of a player's head
 - Check to the head and a slash are mandatory cards.
1. No holding the ball in your crosse above shoulder height for more than 3 seconds when closely guarded/marked by a defender that is in position and ready to make a legal check. (Official will give audible 3-second count)
 - If the player with the ball takes the stick to the other side of her body and away from the defender, making a legal check impossible, the 3-second count would be over.
 - This 3-second violation is considered a minor foul with the closest defender to the ball carrier being awarded the ball.
 2. No Deputy allowed. (Only the goalkeeper is allowed in the goal circle).
