Ernie Hobbs introduced Rob Jammerman the Public Works Director for the City of Wenatchee and Aaron Kelly the Public Works Operations manager for the City of Wenatchee. These two gentleman brought drawing and maps to illustrate some of the biggest changes in the streets of Wenatchee. Rob told us that Wenatchee had received a grant of \$92 million from the Federal Government to assist in the construction of the multimillion-dollar bridge and highway system being planned for the north end of Wenatchee. This was an excellent program, which was enjoyed and appreciated by everyone attending. There were 14 Kiwanians attending this meeting.

This Tuesday's Kiwanis Program presented by Tom Paul

NOTE FROM YOUR NEWSLETTER EDITOR

We had another great meeting last week. It was exciting to talk with our Kiwanian friends, but it would be even better if we could increase attendance as well as our membership. We get new members by ASKING people to come have lunch with us and share the Kiwanis fun and fine programs.
