BRIKO 2020-2021

VULCANO FIS 6.8 - MIPS AND PODS INSIDE

211211W

A08 SHINY WHITE - SILVER

A01 SHINY RED SILVER

A09 SHINY BLACK - SILVER

2002W60 -900

2000AP0-C64

Vulcano FIS 6.8 is the world cup helmet FIS 6.8 certified. FIS 6.8 is the most restrictive safety certification. The Briko "PROTETTO" patented system is an additional ABS shell able to absorb shocks and increase safety. Its position increases shock absorption on the nape area that is the most frequently impacted in case of a fall. During 2014 Vulcano FIS 6.8 had been awarded with an ISPO Award in Ski Helmets category and it had been selected for the ADI INDEX annual publication, competing this way to Compasso d'Oro award selection. The EPP, expanded polypropylene, unlike the EPS, has the ability to deform itself and regenerate keeping the original shape after one or more impacts, granting effectiveness and reliability.

- ABS SHELL + EPP LINER
- MIPS + PODS INSIDE
- INNER PADDING WASHABLE WITH ANTI-BACTERIA TREATMENT
- REMOVABLE INNER EARS
- REMOVABLE PROTETTO SYSTEM
- REMOVABLE GOGGLE CLIP
- BUCKLE: MICROMETRICAL METALLIC
- FINISHES: SHINY
- SIZES: 52-54-56-58-60-62-64
- WEIGHT: 700 gr

908 SHI BLUE LIGHT BLUE

906 SHINY PINK VIOLE I

Slalom is composed by an outer ABS hard shell and made precious by higher range technical details. Thermal comfort is guaranteed by internal tunnels linking the front adjustable holes to the rear passive ones. Slalom's fit is the result of an adjustable 3D roll fit that allows a three dimensional fit setting for the best helmet wearability.

- ◆ ABS SHELL + EPS LINER
- ◆ THERMOFORMED, REMOVABLE, WASHABLE INNER PADDING WITH ANTI-BACTERIA TREATMENT
- ◆ REMOVABLE SOFT EARS

STORM 2.0 MIPS PODS INSIDE

211188W

91/MAT | BLACK

ADD MATT RED HOME - DEEP RED

Storm is characterised by 16 holes and by an active ventilation with 3 snaps in order to offer the maximum utilisation flexibility. The holes can be, in fact, completely shut, half-open or open, depending on the needs and on the weather conditions. Storm combines different construction materials, polycarbonate and ABS, to gain the top safety and lightness.

- 3 STEPS ACTIVE VENTILATION
- MIPS + PODS INSIDE
- ABS SHELL ON HIGH IMPACT ZONES + POLYCARBONATE MOULDED SHELL
- PADDING REMOVABLE AND WASHABLE WITH ANTI-BACTERIA TREATMENT
- REMOVABLE SOFT EARPAD
- INTEGRATED SLIM ROLLFIT WITH VERTICAL ADJUSTMENT
- BUCKLE: MAGNETIC
- FINISH: MATT
- SIZES: S (53-55) M/L (56-58) XL (59-62)
- WEIGHT: 467 GR
- CERTIFICATION: CE EN 1077/B, ASTM F2040:18

Lava FIS embodies the best of Briko research and technology. This goggle features a 7.6" extra wide frame to enhance visibility and maximize your field of view, a cylindrical blue light blocking double lens to provide unprecedented visual contrasts and reduce reaction time, our cutting-edge Bumper technology to protect you from frontal impacts and the Flexa system that makes the frame extremely soft and flexible to match everyone's unique features. In case of extreme weather conditions, a Racing Cap can be mounted to avoid eye lachrymation by reducing airflow inside the goggle. Lava 7.6" won an ISPO Award in the Ski Goggles category thanks to its design and technical innovations. The goggles include a Full Mirror Multi-Layer double lens with premium anti-fog and anti-scratch treatment and 100% UV protection.

- Flexible thermoplastic polyurethane
- Unbreakable TR90
- Bumper system
- Flexa system
- Lens slider system
