**SKI BOOTS
COLLECTION**

2020/2021

BRAND MANIFESTO

BE FOOT-CENTRIC

Constant collaboration with the best bootfitters in the racing and retail worlds, along with 3D scans of more than 40,000 individual feet have led to a deep understanding of how the skiing foot functions.

BE TECHNICAL

We develop state-of-the-art solutions to address those hard-to-fit areas; solutions that provide comfort without sacrificing performance. We then tirelessly handcraft, test, and repeat to deliver the ultimate blend of comfort and performance for every foot shape.

BE PASSIONATE

Since the beginning our passion for foot mechanics, recognition of its subtleties in relation to skiing, and desire to help skiers perform better has resulted in some of the most important innovations in ski boot design.

BE ONE WITH YOUR BOOTS

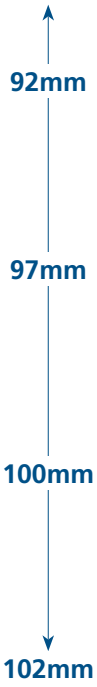

RACE

ALL MOUNTAIN

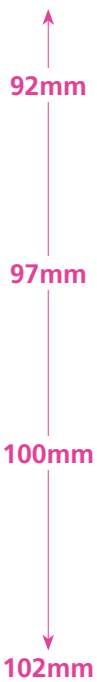

FREERIDE

FIT men

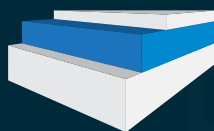

UNISEX

FIT women

DUALCORE

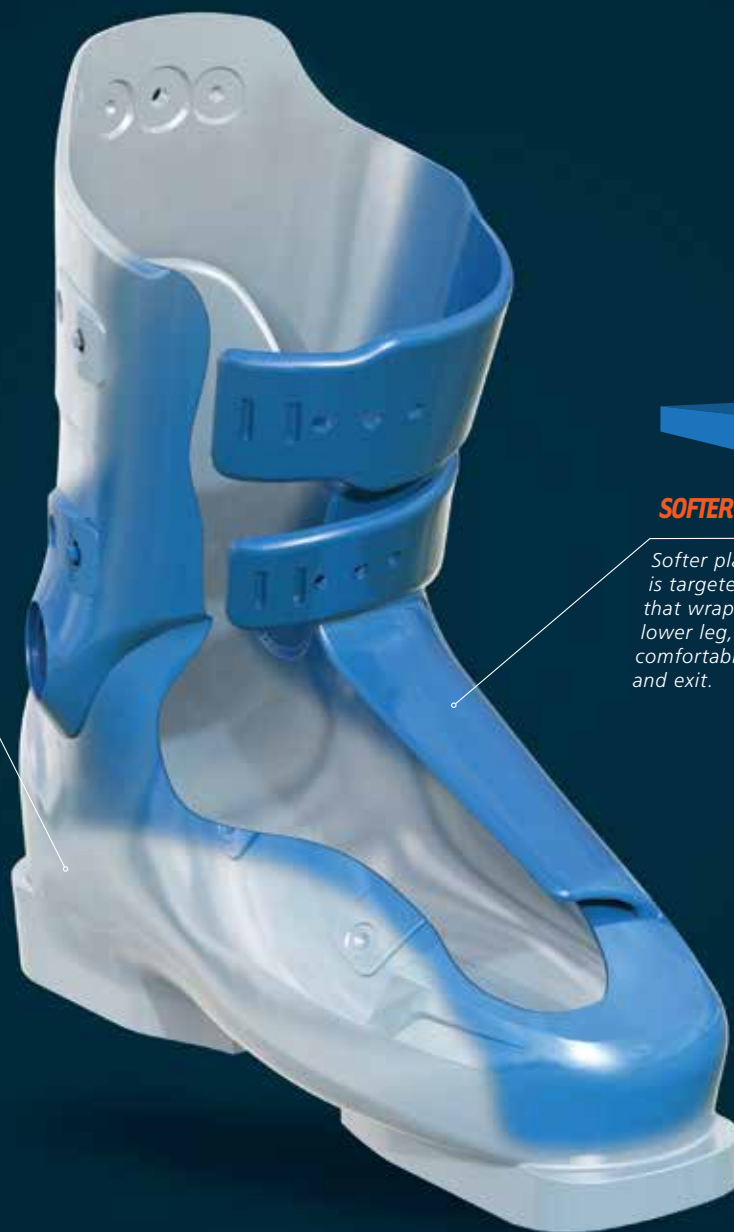

SANDWICH CONSTRUCTION

By sandwiching a softer plastic core within more rigid plastic, we are able to drastically enhance elastic tension within the boot delivering power, snap and rebound.

SOFTER PLASTIC

Softer plastic is targeted to areas that wrap the foot and lower leg, allowing easy, comfortable entry and exit.

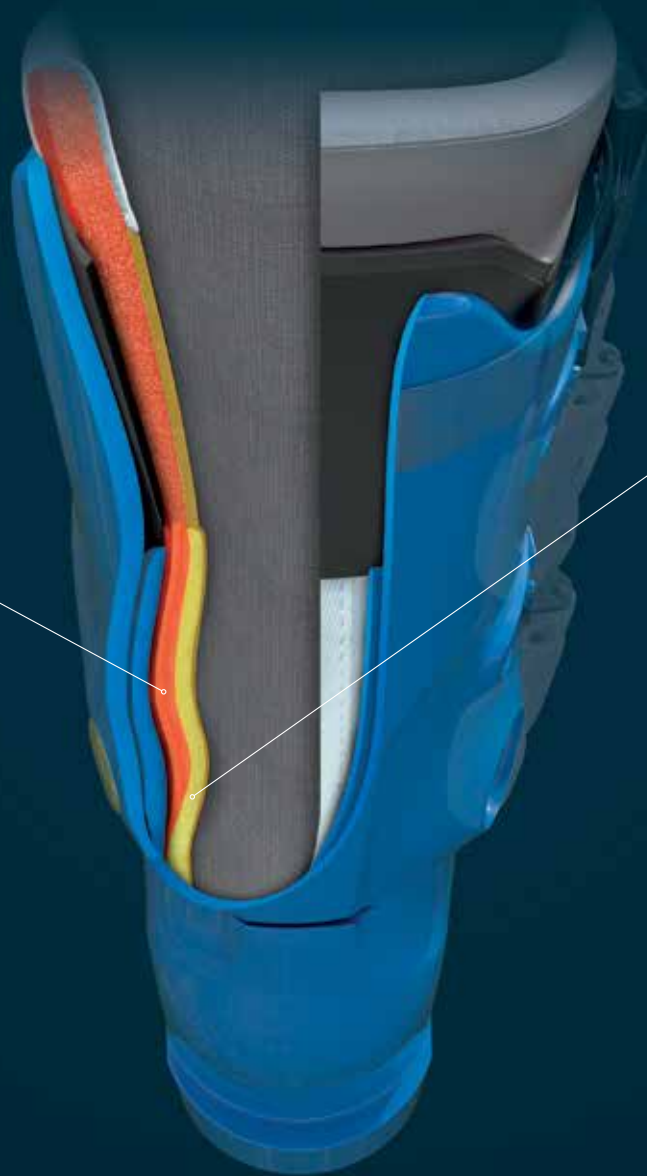

SKI BETTER

MORE LIVELINESS AND PRECISION, EASIER ENTRY-AND-EXIT, AND A NEW LEVEL OF SKI BOOT PERFORMANCE AS REACTIVE AND DYNAMIC AS YOUR OWN BODY.

BE ONE WITH YOUR BOOTS.

DUAL 3D LINER

3D EXTERNAL DESIGN

Perfectly matches the inner shell for the most precise and accurate power transmission.

3D INTERNAL DESIGN

Perfectly wraps the foot and lower leg for our most comfortable anatomic fit.

INSTANT FIT

3D MOLDED INTERNALLY AND EXTERNALLY, OUR CUSTOMIZABLE DUAL 3D LINERS OFFER INSTANT OUT-OF-BOX FIT FOR ALL-DAY COMFORT AND CONTROL.

BE ONE WITH YOUR BOOTS.

In its purest sense, **skiing is all about the down.**

Every skier can identify that epic day that's forever etched in their mind. A day filled with adventure, powder, and unbelievable terrain, a beautiful dance with gravity. Great efforts are made to hike against the pull of gravity, beyond the boundaries to access new terrain and experiences. Every adventure with the goal of seeking that next epic descent.

INTRODUCING

XT³

The **ALL-NEW LANGE XT³** was designed around the law of gravity that **“what goes up, must come down”**. Purpose-built for the modern freeride skier, XT³ is effortless on the ascent, so you can enjoy the thrill of the down. It's freeride the way it was meant to be. **Engineered to go UP, built to ski DOWN.**

TECHNOLOGIES

JUNIOR GRIPWALK® COMPATIBLE

JUNIOR GRIPWALK® soles feature a thick rubber tread and convex toe profile, offering increased traction and more natural foot roll for enhanced easy walking comfort. Integrated stiff pads guarantee optimized integration in Junior Gripwalk compatible bindings.

*JUNIOR GRIPWALK® kits sold separately.

REPLACEABLE SOLES

Replaceable MONOMATERIAL TOE and HEELS can be updated when worn for longer boot life.

ALU BUCKLES

ALUMINUM buckles offer increased strength for efficient closure and increased durability.

JUNIOR FIT

Lange's JUNIOR FIT is designed for smaller calves and foot shapes to deliver enhanced, junior-specific comfort, fit, and performance.
