

# FOR AND BY MOUNTAIN PASSIONATES

Based in the heart of Montreal in Canada, we are inspired by those who live and love the mountain lifestyle and innovate unique designs with an ethical consciousness, a passion for self-expression and a love of adventure. Day in and day out, in the mountains or on the streets, our products are a nod to what makes you unique, a testament to your love for creativity and an extension of your personality.

- + AWARD-WINNING

## A UNIQUE AND PASSIONATE APPROACH

From design to marketing and through sales, we encourage our diverse workforce to get out there, be involved, test the product and continuously cultivate our unique approach to the skiing community. Orage clothing is designed for mountain passionates by mountain passionates.

Frederic Dorais, creative director

## A DEDICATED AND UNITED TEAM

The Orage team embodies the lifestyle of the brand. Passionate about the outdoors and skiing, our employees are proud brand ambassadors that share an unmatched passion for the mountains and above all our products.

Eric d'Anjou, founder and owner

Orage Headlamp Night Skiing Event in Sutton, Qc.

## INVOLVED IN THE COMMUNITY

Since giving back is part of our values, supporting different influential mountain enthusiasts who share similar values is a meaningful initiative for Orage. We are also proud to play an active role in our community by organizing unique and casual mountain events across Canada.

## AWARD-WINNING GEAR

Innovation, passion, and creativity. That's what led us to be the Gold Winner Snowsport of the Ispo Awards as well as one of The Best Men's Pants of the Year and The Best Women's Jackets of the Year of the Powder Magazine Skier's Choice.

GILLTEK Technology, Gold Winner Snowsport of the 2020 Ispo Awards

Émilie Tétreault, marketing manager

WE COUNT ON YOU TO ENSURE OUR SUSTAINABILITY AS WE ARE THERE TO CONTRIBUTE TO YOURS

## A SUSTAINABLE MINDSET

We aim to create unique products inspired by your mountain lifestyle with an ethical consciousness. We are proud to have eliminated the use of thousands of single-use poly bags. The majority of our products are therefore now shipped without a polybag, folded on themselves and ready to hit the slopes!

## LET'S HELP EACH OTHER THRIVE!

Since the beginning of the crisis, supporting local companies has never been more essential. We are fortunate that skiing and riding take place outdoors, across huge mountains, offering fresh air and wide-open spaces. The craze for buying local is still present and will be felt during the winter season. Let Orage be a part of your success!

Rory Bushfield, professional athlete in Whistler, BC.

# SEE YOU ON THE HILL!
