Two days of interactive briefings, focused on: (1) shifting to the potential China fight, (to deter China); (2) defense priorities of the Biden Administration; (3) potential changes to the National Defense Strategy; (4) expanding DoD’s mission to include Climate-change, pandemics, and Build Back Better, (e.g., AI, 5G, clean energy, biotechnology); and (5) potential program tradeoffs, to divest low-value legacy platforms, to fuel lethality/modernization. The conference program is structured for committed Defense Investors, Sr. Industry Management, DoD Officials, and Congressional Staff. There is no charge to attend the conference, but you must pre-register for the event. Space is limited to the 1st 1000 attendees.
