# ABOUT US

Our collection is handpicked directly from local farms and small scale producers, who are producing pesticide free products. We manage doorstep deliveries from the nearby farming community and communities based out of untouched belts of Jharkhand, Madhya Pradesh, Assam and Rajasthan.

We are committed to promote organic farming for a healthier tomorrow where the products are without pesticides, color coating, polishing, sweetening, cold/warehousing storage. We supply organic products equivalent to market price and give the margin of middleman to the farmers.

We intend to support farmers and to help them get a sustainable value of their crop keeping them motivated to grow organic produce.

*Once upon a time, all food  
was organic!*

While we make buying organic products easier, we take pride in keeping a vast range of organic products for you.

You may select from a range of grains along with home-made jams, chutneys, pickles, etc.

These products are rich in nutrition and are grown in organic environment.

*NO Storage, NO Preservatives  
... only ORGANIC Produce*

# OUR PROMISE

We nourish communities by connecting them and sustainable farms through a transparent food system. As we set a milestone to make it convenient for people to eat better, we aim to transform the food system.

Visiting local farms, putting the best together and bringing them to your doorstep - It's on us!

## ARHAR DAL

Exclusively sourced from organic small-scale farmers. Add a good dose of dietary fiber in your diet with handpicked grains of unpolished arhar dal.

## ATTA (FLOUR)

Are you thinking about trying the best gluten free atta in India? Congratulations! You are on the right page!

## MOONG DAL

Unpolished: Does not undergo any artificial polishing with water, oil or leather thereby retaining its goodness and wholesomeness.

## BASMATI RICE

This long grain Basmati Rice is highly aromatic, minimally processed and retains naturally occurring flavonoids, phytonutrients and antioxidants.

## BHUTKI RICE

Loaded with nutrients and fiber, Bhutki Rice is relatively low in calories and gluten-free. Try preparing kheer using this one. You'll love it!

## MUSTARD OIL

You can use this organic mustard oil as a healthy substitute for cooking oils. Use it for both cooking and hair nourishment. Win-win!
