FIRE UP THE SMOKER FOR EASTER DINNER THIS YEAR

For much of the country, Easter Sunday typically falls during a time of year when the weather outside is still pretty chilly. But this year Easter falls on the third Sunday in April, increasing the chances that temperatures will be more spring-like and less reminiscent of winter.

Warmer temperatures on Easter Sunday means hosts tasked with cooking Easter dinner might be able to expand their culinary horizons and avoid the stove. Though they might not have considered it before, hosts might want to fire up their smokers to give their families something delicious and different to dine on this Easter Sunday. If the weather takes an unexpected turn for the worse, electric smokers can typically be used indoors, but check the manufacturer's instructions to confirm that.

Big meals are part and parcel for Easter Sunday, this recipe for "Pork Loin Roast with Hot Pepper Jelly Glaze" from Karen Putman and Judith Fertig's "Championship BBQ Secrets for Real Smoked Food" (Robert Rose) is a great way to take advantage of warmer Easter weather while still ensuring everyone has a full belly by the end of the meal.

1. Rinse pork under cold running water and pat dry. Place in a large sealable plastic bag and pour in apple juice. Seal bag and refrigerate for at least 8 hours and up to 12 hours.
2. Remove pork from marinade and pat dry. Discard marinade. Sprinkle dry rub over the surface of the meat, coating evenly. Set aside.
3. Prepare a fire in your smoker.
4. Meanwhile, in a small saucepan, melt hot pepper jelly over medium-low heat. Keep warm by the smoker.
5. Place pork directly on the smoker rack, add wood to the coals and close the lid. Smoke at 225 F to 250 F, spraying with apple juice every 30 minutes, for 2 hours. Brush with hot pepper jelly, close the lid and smoke, spraying with apple juice every 30 minutes, for 1 to 1 1/2 hours, or until a meat thermometer inserted in the thickest part of the pork registers 160 F for medium, or until desired doneness. Let rest for 15 minutes before slicing.

PORK LOIN ROAST WITH HOT PEPPER JELLY GLAZE

Serves 4 to 6

- 1 boneless pork loin roast (about 2 lbs.)
- 4 cups apple juice
- 1/2 cup Brown Sugar Rib Rub (see right)
- 1 cup hot pepper jelly
- Additional apple juice for spraying

BROWN SUGAR RIB RUB

Makes about 3 1/2 cups

- 2 cups packed dark brown sugar or granulated maple sugar
- 1/2 cup fine kosher or sea salt
- 1/4 cup sweet Hungarian paprika
- 1/4 cup chili powder
- 1/4 cup ground lemon pepper
- 1/4 cup granulated garlic
- 1 tablespoon freshly ground black pepper
- 1 teaspoon dried basil
- 1 teaspoon dried thyme

In a medium bowl, combine brown sugar, salt, paprika, chili powder, lemon pepper, garlic, black pepper, basil, and thyme.

Easter traditions around the world

Easter is a special day for Christians across the globe. While the highlight of Easter celebrations are the religious events, particularly the vigils and church services, Easter fanfare sometimes stretches beyond church walls. The following are some Easter traditions across the globe. Travelers should confirm the festivities are still on as COVID-19 restrictions continue to be put in place in various locales.

Bermuda

Celebrants create and fly homemade kites on Good Friday Kitefest, which features bold, geometric designs. It's also traditional to eat codfish and hot cross buns during Holy Week. On Easter Sunday, the faithful participate in sunrise services on various Bermuda beaches.

Costa Rica

Costa Ricans take Holy Week and Easter quite seriously. Each town hosts parades and processions during Holy Week, providing dramatic re-enactments of Jesus' journey through Jerusalem to his crucifixion and resurrection.

England

Good Friday visitors to Trafalgar Square can see a classic dramatization of Jesus' resurrection. "The Passion of Jesus" is a 90-minute performance that attracts thousands of visitors.

France

Many people visit the famed Notre-Dame Cathedral to hear its bells toll throughout Easter Sunday. A fire destroyed a portion of the cathedral roof in 2019 and repairs are still underway. There also are Paris Easter egg hunts. Parisians and tourists also can visit La Sainte Chapelle, which offers Easter concerts consisting of classical music and choral singers.

Israel

Israel is a melting pot of both Jewish and Christian faithful. Easter is a solemn celebration here. In Old Jerusalem, faithful pilgrims and priests walk the Via Dolorosa, which is the same path that Jesus took on the day he was crucified. The Way of the Cross, which is what the procession is called, is among the most amazing sights in the world.

Italy

Easter is special in Italy and particularly in Vatican City, the home of the Pope. The Pope holds a special mass on Easter in Saint Peter's Square, which traditionally draws huge crowds. Elsewhere in Italy, masses take place at area churches and many towns host parades and other celebrations.

Mexico

Holy Week reenactments take place in devout areas of Mexico. Residents in other areas may take part in silent processions through town, or by visiting 12 churches in 12 days.

Easter is a time of celebration and reflection in various parts of the world.

Not-for-Profit Spotlight

~*~ You are WORTHY ~*~ You are an OVERCOMER ~*~

This month we would like to put a spotlight on a local not-for-profit that has been making an impact in our community and across the state of Florida .

What is your not-for-profit and how does it support the community?

We are The Priceless Journey. We develop and distribute life-transforming resources to our partners. Our partners include law enforcement, jails/prisons, counseling centers, bail bonds, safe homes for human trafficking and domestic violence, club ministries, outreaches, churches, and individuals. Our resources share the message of hope and healing to women who have found themselves victims of exploitation and abuse.

What is the inspiration/need that started The Priceless Journey?

Our founder had authored 8 books and was seeking the Lord for her next project when He put it on her heart to develop the first resource. The need for the book was certainly there. Women from all walks of life have been affected by reading the first issue. Things started to grow from there.

What is the mission of The Priceless Journey?

We embrace the journey of freedom by serving our partners with life-transforming resources that empower every testimony for priceless impact.

Share with us one moment when you were humbled by the support of the community at large for The Priceless Journey and its mission.

It's hard to choose one time that the community has supported us. There have been several that have come along side us to partner to help us reach more. To give a few examples, we have had Pop Fusions create a Priceless Pop™, and a portion of the sales come back to us so that we can distribute more resources to our partners. We are currently working with Jeff Burrow, from Faith Baptist Church in New Port Richey, who is a "Philanthrocyclist" who very much wants to shine a spotlight on exploitation, so he is planning a ride for us later this year. We are most humbled by the hearts of those in our community. The everyday, ordinary person and their desire to do what they can to make the difference in the lives of those who are hurting, broken, and forgotten. Reaching out and using their time, gifts, and talents to help us provide more resources to those who really need to hear that message of hope and healing.

Share a success story of an end recipient of the booklets that The Priceless Journey distributes into the community.

A success story that comes to mind is from the Super Bowl in Miami. Each year, the Super Bowl is the #1 event for human trafficking. We had the privilege of taking 2,500 books to the outreach there. There are organizations that reach out to try and speak to, locate, and rescue those who are trapped in human trafficking. Some of our books went into bags that were taken into the local strip clubs. Many new women come into the hosting cities each year for the event. When we left, we were contacted by one of our ministry partners. There was a young lady who reached out to find us. She was connected to the pastor of the church we met at. He then contacted one of our ministry partners. Our partner prayed with that lady, and she decided she didn't want to live that life anymore. She wanted out and she wanted Jesus as her savior. The amazing thing is our book was in English and she spoke Spanish. She had someone translate it for her. It was then that we began the task of translating some of our resources into Spanish and Chinese.

How can the public help support your mission?

As a non-profit, funding is usually the issue. It takes money to develop, print and distribute these resources to our partners. With the epidemic of exploitation, the need is great. You can order our resources for yourself or an organization near you, or you can simply donate.

8 tips for dyeing Easter eggs

- Coloring eggs is a beloved Easter tradition. Eggs long have been symbols of fertility and rebirth, making them fitting icons for spring.
- One story links eggs to Easter as well. According to some religious scholars, Mary Magdalene, the woman who was the first person to see Jesus Christ after His resurrection, was holding a plain egg in her hand while waiting for the emperor to share the good news. The emperor then told her that Jesus' resurrection was as improbable as that egg suddenly blushing. The egg then turned red.
- Dyeing eggs is an entertaining activity, but one that also may have some religious significance. Many families will color eggs this Easter, and these guidelines can make the process go smoothly.
 - ~ Wait until just before coloring to hard-boil eggs. Good Housekeeping recommends boiling eggs for 11 minutes for a hard boil. Do not chill the eggs afterward; warm eggs absorb color more effectively for more vivid results.
 - ~ Egg dye can stain furniture, clothing or tablecloths. Therefore, dress in clothing that you're not worried about staining. Also, cover work surfaces with an old tablecloth and newspapers to soak up any spills.
 - ~ Make a drying rack to ensure that eggs will dry evenly. This can be a rimmed cookie sheet lined with layers of paper towels to absorb any excess dye that runs off the eggs. Or push pins into thick foam board and place the eggs on top to allow air to circulate.
 - ~ Consider using glass bowls or ceramic mugs to house the colored dye solutions. These vessels are more sturdy than plastic cups, and less likely to be overturned by eager young hands.
 - ~ Scissor-style tongs are ideal tools for retrieving eggs from the dye. Eggs tend to slide off of the spoons or wire rings provided in kits, leading to splashing and kids dunking their fingers in to grab eggs.
 - ~ Stir dyeing cups often to guarantee consistent color.
 - ~ Use electrical tape to make patterns on Easter eggs. Dip the eggs and let dry. Afterwards, remove the tape to reveal the designs.
 - ~ If food coloring-based dyes seem too messy, use watercolor paint sets and allow everyone to get creative.

While some people may want to use Easter eggs for recipes later on, it may be safer to boil up a fresh batch of eggs for that purpose, even if it seems wasteful. According to Emily Rubin, RD, LDN of the Thomas Jefferson University Division of Gastroenterology and Hepatology, "hard-boiled eggs should be refrigerated within two hours of cooking and discarded if left out for more than two hours at room temperature." Chances are it may take two hours or more for children to find hard-boiled eggs hidden by the Easter bunny.

When to hire a dog trainer

Me:
Sweet dog you got there
Police officer:
Yes, this is our new drug-sniffing dog.
Me:
Still in training, huh?
Police officer:
What do you mean?
Me:
Nevermind

People welcome dogs into their lives for many reasons. Some want to selflessly rescue dogs from poor situations and provide a forever home in which the animal can be loved and grow, while others may want to provide a companion for their kids and to teach lessons of devotion and responsibility.

Sixty-seven percent of households in the United States own a pet, according to the 2019-2020 National Pet Owners Survey conducted by the American Pet Products Association. While most dogs are inherently affable, affectionate creatures, not every puppy is obedient right out of the gate. Many dogs exhibit behaviors that may seem cute when dogs are young, but become problematic as the animal ages. Thanks to a wealth of readily available information, both online and in print, many dog owners can address minor issues on their own. However, when certain behaviors persist, a professional trainer may need to be brought in.

Certified dog trainers have been taught how to recognize and interpret the unique language of dogs and educate others so owners can recognize how to interact with their pets more effectively. Dogs are committed to pleasing their owners, but they may not always realize what their owners are asking. Trainers can help bridge this gap more quickly.

Trainers also are more likely than owners to see problem behaviors from an unbiased perspective. A pet owner may think their dog is acting out or being spiteful, while a trainer can explain that isn't the case and that boredom or another factor may be behind the behavior. Putting problems in an objective light can make it easier to find solutions.

According to the California-based Break It Down Dog Training, if more pet owners were proactive about seeking professional training from the start of the pet-owner relationship, that could preempt many of the problem behaviors that tend to spring up.

Trainers may specialize in treating certain behaviors, so it's a good idea to seek a recommendation from a veterinarian or speak with a rescue or humane society group. Word-of-mouth recommendations from friends who have had success also is a smart idea.

A number of behavioral problems may indicate a trainer is needed. These behaviors include, but are not limited to, the following:

- ~ Resource guarding of food or toys
- ~ Separation anxiety
- ~ Pulling on the leash
- ~ Door-dashing
- ~ Pica, or eating inappropriate items
- ~ Jumping up on people
- ~ Nipping and growling
- ~ Severe fears and shyness

Many trainers can resolve common problems in a few sessions and give dog owners innovative techniques to try.

The Florida International Teaching Zoo promotes public education through conservation and reproduction of endangered and rare animals. We also teach the next generation of animal caregivers. We are a 501-C-3 (SC-10577) not for profit organization.

Our zoo is a complete guided zoo keeper talk. We introduce the animals to you, explain about their status in the wild, talk about their unique adaptations, and let you know what it like to work with them. You learn about the real situations facing wildlife, and how zoos like ours have contributed to their future. The Florida International Teaching Zoo is not designed as a rescue. We don't take pet tigers. We keep animals that teach our students, and animals that contribute to their survival as a species.

You are
Priceless

You could be the key to unlocking hope for the abused, exploited, marginalized, broken, and forgotten.

We provide life-transforming resources for our communities' most at-risk women. We partner with law enforcement, safe homes, shelters, jails/prisons, ministries and other organizations.

We develop these life-transforming resources to share the message of hope and healing for those who still find themselves in these hard places.

Our resources include testimonials from those who have experienced domestic violence, abortion, addiction, sexual abuse, and being involved in the commercial sex industry, as well as having endured human trafficking.
