TREE OF HOPE CELEBRATION

Lecanto, FL- Celebrate the Key Training Center's 13th Annual Tree of Hope on December 11, 2020 at 5 pm, at 5399 West Gulf to Lake Hwy, in Lecanto. This year promises to be full of merriment and activities. Along with the anticipated tree lighting, you'll find Santa handing out candy canes, hot chocolate for everyone, individually wrapped desserts, gifts for sale, auction baskets, strolling entertainment, music, and dancing. Everyone is welcome, and there is no entry fee.

The Key Center is providing hand sanitizing stations and is requesting all attendees to wear face coverings and social distance. Please join Key Training Center clients, staff, and families to celebrate the holiday season and end 2020 together safely.

The Key Training Center is a 501(c)(3) non-profit organization that offers social, educational, vocational, and residential services to adults with developmental disabilities in Citrus County. The proceeds from the annual Run for the Money are utilized to provide a broad scope of life-enhancing services including daily living and social skills, job training, life-sustaining care, and residential services to over 300 adults with intellectual and developmental disabilities, of whom 40 receive no state funding. To learn more about the Tree of Hope activities and how you can help, call (352) 795-5541 ext. 312

A man went to his lawyer and told him, "My neighbor owes me \$500 and he won't pay up. What should I do?" "Do you have any proof he owes you the money?" asked the lawyer. "Nope," replied the man. "OK, then write him a letter asking him for the \$5,000 he owed you," said the lawyer. "But it's only \$500," replied the man. "Precisely. That's what he will reply and then you'll have your proof!"

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Intermediate

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Paddy and Murphy are havin' a pint in the pub, when some scuba divers come on the TV. Paddy says, "Murphy, why is it them deep sea divers always sit on the side of the boat with them air tanks on their backs, and fall backwards out of the boat?" Murphy thinks for a minute then says, "That's easy. It's 'cos if they fell forwards, they'd still be in the boat!"

Prolong The Life Of Your Poinsettia

Poinsettias and their rich red, white or variegated color schemes are the ideal backdrop for Christmas celebrations. In fact, poinsettias are among the most popular decorative flowers during the holiday season.

According to the 2013 USDA Floriculture Statistics report, poinsettias accounted for about one-quarter (23 percent) of all flowering potted plant sales that year. Roughly 34 million poinsettia plants are sold in a given season. Indigenous to Central America, the plant was introduced to North America in the 1820s when Joel Roberts Poinsett, the first United States Minister to Mexico, brought the red-and-green plant back with him from a trip abroad.

While millions of poinsettias will be purchased for the holiday season, many mistakenly think their utility ends once New Year's Day has come and gone. But with proper care poinsettia plants can continue to thrive and bring warmth

and beauty to a home long after the holiday decorations have been tucked away.

- Choose a hearty plant. Experts with the University of Vermont Extension Department of Plant and Soil Science say that many people mistake the plant's leaves for its flowers. The red, white or pink bracts are actually modified leaves. The flowers of the plant are the yellow clustered buds in the center called "cyathia." Choose poinsettia plants that have buds which are, ideally, not yet open.

- Keep the temperature consistent. Poinsettias prefer a room temperature between 60 and 68 F during the day and 10 degrees cooler at night. Humidity levels between 20 and 50 percent are ideal. Group plants on water-filled trays full of pebbles to help increase humidity levels.

- Place near sunlight. The United Kingdom-based Perrywood floral company advises plac-

ing poinsettia plants near a bright windowsill but not in direct sunlight. Do not let a poinsettia touch cold window panes.

- Avoid drafts. The plants are sensitive to drafts and changes in temperature. So it's best to keep poinsettias away from drafty doors, windows, radiators, or fireplaces.

- Don't drown the roots. Wait until the surface of the compost dries out before watering the plant anew. Also, the decorative foil wrapper that covers pots can trap water and lead to root rot. Remove it or poke holes in the bottom to allow for drainage.

- Cut back plants. Come mid-March, cut back the plant by half to encourage new shoots, suggests the University of Illinois Extension. The plants also can be placed outside in the spring after the risk of frost has passed. Bring poinsettias back in around mid-September to early October to force them to bloom again.

Silent Night Origins & Lyrics

In 2018, the popular Christmas carol "Silent Night" celebrated the 200th anniversary of its first performance. The lyrics to "Silent Night" were written by Austrian Roman Catholic priest Joseph Mohr in 1816. Over the years, the melody has been credited to the likes of legendary composers such as Mozart and Beethoven. However, a manuscript handwritten by Mohr and discovered in 1995 revealed that the Austrian composer Franz Xaver

Gruber composed the music to this beloved song.

"Silent Night"

Silent night! Holy night!
All is calm, all is bright
Round yon Virgin Mother
and Child,
Holy infant so tender and
mild,
Sleep in Heavenly peace!
Sleep in Heavenly peace!

Silent night! Holy night!
Shepherds quake at the
sight;
Glories stream from Heav-
en afar,

Heavenly hosts sing Alle-
luia,
Christ, the Saviour, is born!
Christ, the Saviour, is born!

Silent night! Holy night!
Son of God, Love's pure
light
Radiant beams from Thy
Holy face,
With the dawn of redeem-
ing grace,
Jesus, Lord at Thy birth,
Jesus, Lord at Thy birth.

Mohr

O Christmas Tree Origins & Lyrics

"O Christmas Tree" is a wildly popular holiday song. In fact, the song is so popular that there are many different versions, each of which is based on a traditional German folk song. That song, "O Tannenbaum," is centuries old and has nothing to do with Christmas.

"O Christmas Tree"

O Christmas tree, o Christ-
mas tree
Thy leaves are so unchanging
O Christmas tree, o Christ-
mas tree
Thy leaves are so unchanging
Not only green when sum-

mer's here
But also when it's cold and
drear

O Christmas tree, o Christ-
mas tree
Thy leaves are so unchanging

O Christmas tree, o Christ-
mas tree
Such pleasure do you bring
me

O Christmas tree, o Christ-
mas tree
Such pleasure do you bring
me
For every year this Christmas
tree

Brings to us such joy and glee
O Christmas tree, o Christ-

mas tree
Such pleasure do you bring
me

O Christmas tree, o Christ-
mas tree
You'll ever be unchanging
A symbol of goodwill and love
You'll ever be unchanging
Each shining light, each silver
bell

No one alive spreads cheer
so well
O Christmas tree, o Christ-
mas tree
You'll ever be unchanging

DID YOU KNOW?

Christmas Day is the most popular day to get engaged. According to the 2020 WeddingWire Newlywed Report, more couples who were married in 2019 got engaged on Christmas Day than any other day during the year. Christmas Eve was the second most popular day to pop the question, while the Sunday before Christmas Eve came in fourth (New Year's Day rounded out the top three). The appeal of Christmastime proposals helped make December the most popular month to get engaged, as more than 19 percent of couples who married in 2019 got engaged in the final month of the year. July proved the second most popular month to pop the question, as 9 percent of couples who wed in 2019 reported getting engaged in July. Tradition still has a place in wedding proposals, as 84 percent of proposers reported asking on bended knee, while 65 percent acknowledged asking parents' permission prior to popping the question.

Manatee Season Opens Nov. 15 in Crystal River

“Bucket list” experience provides
outdoor adventure of a lifetime

CRYSTAL RIVER, Fla. (Nov. 12, 2020) – In Crystal River, Florida, Sunday, Nov. 15, marks the official start of Manatee Season, when hundreds of the slow moving mammals make their way from the cooler winter waters of the Gulf of Mexico to pristine springs throughout the area. Known as the Manatee Capital of the World, the Crystal River area is home to an amazing network of springs along Kings Bay and the Homosassa River, where the waters remain a constant 72°F (23°C). It is also home to the Crystal River National Wildlife Refuge, the only refuge in the United States specifically created to protect critical habitats for the manatees. Crystal River and Homosassa are the only places in North America where swimmers can experience an up-close encounter with manatees in the wild, with an increased opportunity for more encounters during manatee season, which ends March 31, 2021.

“Whether it’s your first time, or you get to swim with them every day, a manatee encounter is amazing,” says John Pricher, Director of Discover Crystal River. “As travelers are seeking safe, outdoor experiences to enjoy with their close friends and families, we believe they will find the Crystal River area to be just the right place to make that happen.”

This year, local tour companies have made safety a top priority for passengers and as well as manatees. Many outfitters are offering semi-private and private boat tours, and carefully cleaning all swim and snorkel gear to ensure visitors have the safest, most rewarding underwater experience possible. For the gentle giants, all tour companies are educated to be stewards for the manatees, making sure swimmers, paddlers and boaters adhere to the rules and stay outside designated sanctuary areas.

New for this year, visitors can expect to see improvements at Three Sisters Spring Refuge. Though there is no ramp access to the springs from the refuge, the area is popular for its winding boardwalk, where manatees can easily be seen, thanks to the crystal clear water. The refuge has paved the entry road for cars and opened restrooms for park users (temporarily closed).

Plan your trip and learn more about manatee season at DiscoverCrystalRiver.com.
