Eco-Friendly Moving & Storage Totes

While Our Totes Handle the Hauling, Our Team Handles the Chaos

A Step-by-Step Guide to a Stress-Free Transition

At Organized Chaos Solutions, we don't just give you a box; we give you a blueprint. Use this guide to understand how our Eco-Totes and Professional Organizers work together to turn your move into a fresh start.

Phase 1: The Pre-Move Purge (2–4 Weeks Before)

The most expensive thing you can do is move items you no longer need.

- The Tote Strategy: Designate one Eco-Tote as the "Donate" bin and one as the "Sell" bin.
- The Chaos Solution: Our team can walk through your home with you to make those "keep or toss" decisions easier. We help you edit your belongings so that every item entering your new home has a purpose.

Phase 2: Systematic Packing (1–2 Weeks Before)

Cardboard boxes create clutter; Eco-Totes create systems.

- The Tote Strategy: Use our industrial-grade totes to categorize by room. Because they are uniform in size, they stack safely in your garage or staging area, keeping your hallways clear.
- The Chaos Solution: We provide professional packing services. We don't just "put things in boxes"—we categorize items so that "Kitchen Drawer A" stays with "Kitchen Drawer A," making unpacking 10x faster.

Phase 3: The Move-In Reset (Moving Day & After)

Unpacking is where the real organizing begins.

- The Tote Strategy: As you empty a tote, it nests perfectly inside the next one. No piles of flattened cardboard or rolls of used tape to trip over.
- The Chaos Solution: This is our specialty. While you settle into your new routine, our team unpacks your totes and designs custom systems. We'll organize your pantry, color-code your closets, and set up your bathroom so it feels like a luxury hotel from night one.

Which Path Are You On?

The DIY Mover	The Supported Mover	The Ultimate Reset
You Rent: The Tote Bundle.	You Rent: The Tote Bundle.	You Rent: The Tote Bundle.
You Do: Packing & Unpacking.	We Do: Pre-move decluttering.	We Do: The entire move from purge to final labels.
Result: A sturdy, eco-friendly move.	Result: Less "stuff" to manage and a lighter load.	Result: You walk into a fully functional, Pinterest-ready home.

Pro-Tip for your First Night:

Pack one "Essentials Tote" with:

- Bed linens and pillows
