

Thank you for considering Dixie Grill a preferred community business. Dixie Grill is proud to locally owned & operated. We believe in supporting our community because without its support we would cease to do business. We would like nothing more than to fulfill all the requests we get for donations of our wonderful food, services, and gift certificate donations. Each year we receive hundreds of requests. Please assist us in considering your organization for a donation or advertising opportunity.

The simple truth is that we are unable to provide donations & advertise with every organization who contacts us. It is our company policy to provide donations to those people, charities or organizations that have supported our restaurant & catering business.
