Republican Women Of Gregg County

Dear Members,

I hope each of you had a Merry Christmas with your families and friends. As December ends and January starts, many will be making their New Year's resolutions. For me, I like to approach it as a time to set goals for the year. Two of my goals for RWGC is to increase our membership and increase our funds. I have ideas for both which will be discussed at our monthly meeting on January 17 at Posada's.

The primary campaign season for the November 2018 election will be heating up soon, and our Republican women are ready and eager to help the best Conservative Republican candidates succeed in their races. Now the issue is what we do to maintain our Republican majority in Texas. We must continue to work and to fight to keep our state **RED** even as our opponents pour millions of dollars and operatives into our state.

That's why we must keep our local Republican Women's group strong and viable. Here's a few suggestion for helping RWGC and ourselves:

- Volunteer to work on RWGC committees.
- Educate yourself by attending the RWGC monthly meetings and training opportunities.
- Be ready to help register voters, get out the vote and work for your chosen candidates when the primary season begins.

As we start the new year together, let's keep our county, state, and country **RED**.

Thank You,

Kim Martin, RWGC President 2018

The following article was recently in the TFRW Newsletter:

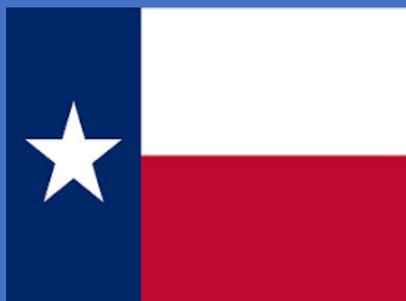

Attention Members Who May Do Business with Chase TFRW has had a long and productive relationship with Chase in various forms, including our “company credit card.” The President always personally guarantees the card, and we have a pristine history with Chase. Evidently, paying your bills in full and on time doesn’t mean anything with them. This week, a letter was delivered to me at the TFRW office telling us the following: “Dear Theresa W Kosmoski, We have decided not to lend to businesses or organizations we deem to be directly involved in political activities. We reviewed your business credit card account, determined that you are directly involved in political activities, and will close your account 60 days from 11/21/2017.” The letter goes on to tell us what we can/cannot do with the account in the remaining time. Really???? Chase is willing to reject a premiere, never misses-a-payment customer because we dare to encourage the American people to be a part of the democratic process by becoming informed voters??? I will defend the right of any American company to do business with anyone that they chose as long as they do not violate any of the protected discrimination classes even when, as in this case, they are making stupid business choices. I do not agree with Chase in this matter, but they are exercising their rights, and I will respect that. I hope that Chase realizes that the members of TFRW are also free to exercise their rights. I am cancelling all of my personal Chase accounts, and I highly encourage you to do the same.

MEMBERS, ASSOCIATES, FRIENDS PATRONS:

The annual dues for primary members remain at \$30 AND associate members at \$15.00. We will have the membership applications available at the monthly meetings and it is available on our website. Feel free to forward a copy of our newsletter to those who may want to join our club. Doing so is a good way to let them see what we are about and the activities and programs we offer. With the membership enrollment form in each issue, it's easy to register. Think RWGC all the time!!! Talk it up when you meet someone you think might be a good prospective member!

I do not choose to be a common man.
It is my right to be uncommon.
If I can seek opportunity, not security,
I want to take the calculated risk to dream and build,
to fail and to succeed.
I refused to barter incentive for dole.
I prefer the challenges of life to
guaranteed security,
the thrill of fulfillment
to the state of calm utopia.
I will not trade
freedom for beneficence,
nor my dignity for a handout.
I will never cower before any master,
save my God.
It is my heritage to stand erect, proud and unafraid. To
think and act for myself, enjoy the benefit of my
creations; to face the whole world
boldly and say,
“I am a free American.”
