Wellness Policy

Nutrition & Physical Activity Education

We provide age appropriate, curriculum based nutrition and physical activity education at least 3 times per year. Children are taught about healthy foods, and the pleasure of eating during informal opportunities at least once per day.

Our staff receives professional development on nutrition for children and physical activity for children at least twice every year.

All staff is encouraged to lead healthy lifestyles.

Education on healthy lifestyles is offered to parents many times throughout the year. Parents will receive copies of the center wellness policy upon enrollment.

Food & Beverage Practices & Behaviors

Children with special dietary needs are considered when preparing, handling, and serving food. Cultural and religious aspects of food are discussed thoroughly with families to avoid conflict and confusion.

During toddler and preschool mealtimes, teachers sit with children, model appropriate conversations and help children to recognize hunger/fullness cues. Children are encouraged to serve themselves and are allowed to pace their own eating. Meal time is relaxed and calm.

Only water and 1% milk is served to children.

Safe, fresh drinking water is available and easy to find for children to serve themselves at all times.

Teachers offer water to children and model drinking water throughout the day. Parents are encouraged to provide healthy meals and snacks for their children. Written instructions are provided to families to guide selection of foods brought from home.

Physical Activity & Screen Time

For toddlers: At least 60-90 minutes of active playtime are provided each day.

For preschoolers: At least 120 minutes of active playtime are provided each day.

Teachers lead and participate in active play, such as games and activities, during indoor and outdoor time set aside for physical activity.

Indoor and outdoor play areas meet or exceed recommended safety standards for large muscle activities. These include running, jumping, climbing, marching, dancing, hopping, kicking, and skipping.

Physical education, physical activity, and/or active play are not withheld as punishment for a child's misbehavior.

Families are provided with weekly opportunities for their children to participate in extra physical activity with programs such as the TumbleBus.

Physical education, physical activity, and/or active play are not withheld as punishment for a child's misbehavior.

Children are not provided with any screen time during their time at MunchkinLand. ^{SEP}

Other Activities

The center director, along with a Wellness Advisory Council, will conduct a regular yearly review of the wellness policy to determine what, if any, changes are needed.

Food Brought from Home

Here at MunchkinLand Preschool, we understand that children form lifelong eating habits based on food and beverages served to them when they are young. In our efforts to provide a healthier environment for the children in our care, we have created guidelines for all meals and snacks brought from home:

- Please report any possible food allergies or food intolerances your child may have.
- Food and beverages high in sugar, fat or sodium are **not recommended**. •

Lunch: Include items from each food group...

Protein Fruits & Vegetables Grains Dairy

- Provide your child with Milk or Milk substitute every day for lunch.
- Lunchables are **not recommended**.
- Snacks: Select two items from within the above four food groups.
- We strongly encourage you to provide water for your child to drink throughout the day.
- **Be sure to clearly print your child's name on all containers and belongings.**

Parent Tips

from your Preschooler

- Be positive! Don't tell me that I'll have a great time at school and then tell grandma that you feel guilty about leaving me. I pick up on your feelings very easily! If you feel good about leaving... I'll feel good about staying.
- Don't mind me if the first day I love it, and the second day I hate it!! It's a new place, new kids, new teachers and new schedule. Keep my schedule consistent and I'll be fine!
- When you drop me off in the morning, give me a kiss and hug and leave!! When you linger for a while to see how I'm doing, It makes me feel uncertain because you feel uncertain. Then I don't want to stay... I want to go with you. If I'm crying the teachers will hold me. They love me too and want the best for me.
- Please take time to look at my artwork that I have created. Ask me to tell you about it and show enthusiasm. This will help to foster my creativity.
- Spend time with me after we get home at night. I know that you are tired and I'm full of energy because I took a nap. Let's go for a walk after dinner or play a game. I need time with my mom and dad too.
- Talk to me about starting preschool. Tell me about what I will do there. Visit the school with me before my first day. Talk to me about the children and the teachers we met and the toys we saw. Drive by the school and point it out to me so that I can get excited about it.
- Give me choices and allow me to do things by myself. I can get dressed by myself and I can choose what breakfast cereal I want to eat. Making decisions teaches me life skills and makes me feel very important.
- Sometimes I will tell you that I don't want to go to school. Just like sometimes you have to do things that you don't want to do. After I get there I will be just fine.

- Don't be upset if after I get adjusted I want to stay at school when you come to pick me up. Be glad that I love my teachers and my school.
- Please don't feel guilty about leaving me! I know that you love me and that you would never do anything bad for me. Take comfort in knowing that when I start kindergarten I will be better adjusted socially and emotionally due to my preschool experience. So thank you for doing what's best for me. We'll both be just fine!
