Beginning September 19th NWSA band and orchestra students are invited to participate in a practice-a-thon with all proceeds going to individual student accounts to fund upcoming trips, student fees, enrichment opportunities outside of the classroom and music education programs. Pledges of a penny, nickel, dime, quarter, or dollar for each minute of a musician's practice can make a large difference in reducing the financial gap between funding and educational needs of our students. Every donor counts! No matter if it's one donor or two, everyone has an opportunity to participate. *(Note: Some employers match funds. So, check with your sponsors to see if they have employers that will match funds donated to our Practice-A-Thon.)*
