Why is our 'WOW Report' critical to your practice?

WHY OUR NO-COST 'WOW REPORT'!

- In 48-72 hours we invest extensive time and labor to prepare a no-cost, detailed sample analysis explaining why you have thousands of dollars in outstanding insurance A/R. These efforts will validate our experience to earn your business.
- We assess and analyze specific reasons for denial.
- One of your most valuable but frustrating assets is your insurance accounts receivable. We help clients just like you recover potentially thousands of dollars in lost A/R.
- We turn aged accounts into real bottom line assets. We put money in your bank that was not there before and was very likely never going to be.

TIME IS OF THE ESSENCE.

- Insurance A/R is subject to strict timely filing deadlines. Every day you delay, visualize your claims falling off a cliff, lost forever. With prompt action, we can minimize your loss.
- A/R Recovery is time-intensive and is not something most billers are willing or able to accomplish. We have a team of bulldogs that clamp down and don't give up the fight.
- We are NOT a collection agency but a team that is experienced in understanding claims, coding, and most importantly, we can deliver for you.
- Lost insurance revenue has become a financial crisis and a management headache for so many medical professionals. Let us get you back on track!

SCHEDULE: No-Obligation 10-minute call

REVENUE RECOVERY
— mr2 Delivering our services to the highest power —

What is our 'WOW Report'?

- No-Cost/No-Obligation detailed sample analysis of your current insurance accounts receivable
- We will review our findings in 48-72 hours of areas your internal staff or external billing company have dropped the ball
- We are happy to spend significant time and labor to prove why we are a Top 10 company
- We find and help correct weaknesses in front-end processes that can contribute to loss of revenue

See our website medxprimemr2.com for details.

REVENUE RECOVERY

— mr2 *Delivering our services to the highest power* —

Top 10 Reasons the Medical Community Does Business with mr2:

1. U.S. Based Company – Corporate Offices in California
2. Bulldog Tenacity – we work your dollars as if they were ours
3. We prove our abilities by providing a labor intensive “No-Cost Wow Report” of your current A/R’s
4. Absolute Accessibility – we are extremely responsive, you will experience that from day one
5. We do nothing without your understanding and more importantly your approval
6. We do not unilaterally and arbitrarily “write off” your money without your approval
7. Bottomline: “Total Transparency & Total Clarity”
8. We are compliance driven – it is astounding to see billing staff and billing companies violate HIPAA laws
9. Highly Competitive Pricing – with our knowledge, experience and service, you will be amazed at the low cost for our services
10. Our Motto – “We believe you should have every penny you’ve earned...don’t you?”

Every day you delay,
your claims are falling off
a financial cliff...
lost forever!
