

TROPICANA PALMS

6420 E. Tropicana Ave.

Las Vegas, NV 89122

Phone: 702/456-5823 Fax: 702/456-5718

EVACUATION PLAN

In case of the need to evacuate Tropicana Palms all residents are asked to depart the community in a safe and orderly manner.

Vehicle or foot traffic should proceed to Main Street and exit thorough the main gate.

If the main gate cannot be accessed, there is a Secondary Exit (as marked on the evacuation map) at the far east end of Street 4. The Secondary Exit is normally locked and used solely for the delivery of new homes. However, the gate is easily opened with your resident amenity key. The Secondary Exit exits onto Hollywood Circle. We ask that the Secondary Exit is opened by residents ONLY in case of emergency.

Both the Main Street exit and the Secondary Exit have foot traffic exits.

If residents choose, and conditions allow, upon exiting the property turn left onto Tropicana. Following Tropicana, which changes to Broadbend Road, for a total of approximately 1.5 miles will bring them to Silver Bowl Field, at the corner of Broadbend Road and E Russell Road. Silver Bowl Field has extensive parking facilities, with the largest lot on E Russell Road. There is ample space for residents to await further instruction.

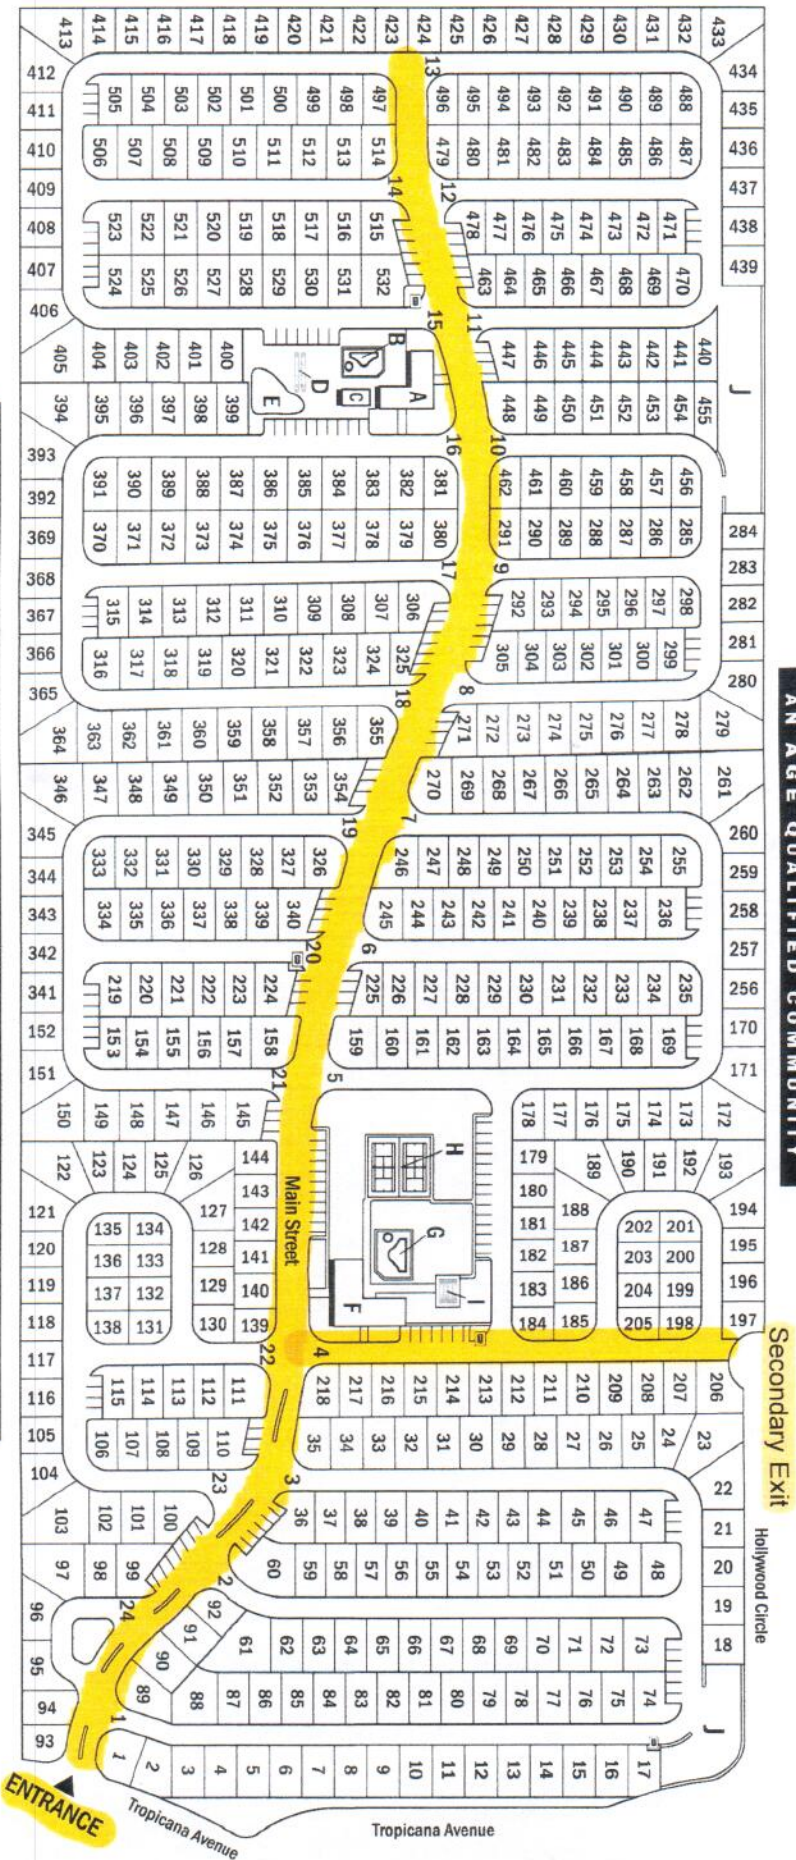

If conditions allow, a representative of Tropicana Palms will arrive at Silver Bowl Field as quickly as possible to serve as a point person for dissemination of information to residents as the situation develops. The planned meeting spot would be at the base of the large soccer ball structure.
