Unique and Personalized

Your bespoke pet portrait is a one-of-a-kind, original artwork to be treasured for generations.

Whether celebrating your special bond or memorializing a lost love, a custom pet portrait will keep your companion ever in your heart.

Collage portraits use upcycled magazine pages, packaging, and hand-printed papers on cradled birch board with a painted edge. The final art is UV-coated and varnished, ready to hang, sit on a shelf, or drop into a shadowbox frame. These meticulously crafted portraits can incorporate words, phrases, or brands that reflect the owners' lives. Please allow up to six weeks for completion.

Contemporary acrylic paintings are 11" x 14" or 16" x 20" to fit standard frames. Other sizes are available upon request. Ready to ship in two weeks.

Choose your style and size and start the process now to commission a custom portrait of your pet. All prices include shipping within the continental U.S.

Start with a Favorite Photo

Clear photos with familiar expressions work best.

The background can be a color or, in a collage, a meaningful place.

Finished collage artwork includes coffee packaging, chocolate wrappers, and an iconic view of the beach in Seaside, OR.

Select one or more photos of your pet. Pick ones that make you go "awww," that have an expression or head tilt that reminds you most of your pet.

Choose a background color or, for a collage, you may include a photo of a location that is meaningful to you and your pet.

For a collage, share any details about the recipient's life, your pet's favorite activities, foods, friends, etc. that you might want incorporated.
