

Non-White Marble Floor Fixing Method

- Step 1:** Mix 5 % to 10 % of Hitek Hardfil Powder with Hitek MegaMastic.
- Step 2:** Add polyester pigments if required.
- Step 3:** Mix 2% to 3% of the hardener given with Hitek MegaMastic.
- Step 4:** Fill the joints immediately after mixing the hardener.

Approximate Consumption of Materials for 1000 Sft for Italian Marble

Product	Quantity
Hitek MegaMastic	1 to 2 Sets
Hitek Hardfil	0.2 to 0.4 Kgs

Disclaimer: The above-mentioned quantities are only an approximate estimate and the actual consumption and product specification may vary depending upon the type of stone and its porosity value.
