## ANNOUNCING OUR FIRST-EVER DRIVER OF THE YEAR!

We are thrilled to introduce the recipient of MMS's most prestigious award: the Driver of the Year! This honor is awarded to an outstanding driver selected by a distinguished committee, which includes the owner of MMS, our COO, VP and representatives from Safety and HR. The Driver of the Year not only earns the highest level of recognition within our company but also receives a \$5,000 award, along with exclusive company merchandise and other exciting perks.

### Meet Our 2024 Driver of the Year: David Taite

Hailing from Cincinnati, Ohio, David Taite attributes his strong values to the guidance of his two wonderful parents. A dedicated football fan, David enjoys spending his Sundays cheering on the Cincinnati Bengals, especially when he can attend games with his girlfriend.

David began his trucking career in 2016, gaining experience at US Foods, Rush Truck Center and Kraus Truck Lines before bringing his expertise to MMS. His passion for the open road and the opportunity to connect with people make him an exceptional driver and team member. David's approach to both work and life is rooted in positivity, and he firmly believes in putting the Heavenly Father first in all he does.

David's Site Manager, Aaron Milazzo, nominated him for the award, speaking highly of his unwavering dedication and uplifting attitude. "David is always willing to go above

and beyond what is expected. His positive outlook and genuine interest in others make him a joy to work with," Aaron said. "He is extremely thorough in everything he does, from completing his paperwork ahead of schedule to being one of the first to finish the monthly safety videos. The USPS station he services is thrilled with the exceptional service he provides."

David's commitment to excellence, professionalism and safety embodies the core values of MMS. We are incredibly proud to recognize him as our 2024 Driver of the Year!

### Honoring Our Runner-Ups

In addition to David's well-deserved recognition, we want to congratulate our two runners-up, who will each receive a \$1,000 award:

- **Leon Jackson** – Baton Rouge, LA
- **Robin Resendez** – San Antonio, TX

Both Leon and Robin have demonstrated outstanding

dedication, safety and service, making them invaluable members of the MMS team. Their hard work and professionalism set a standard of excellence that inspires us all.

Please join us in celebrating David, Leon and Robin for their incredible achievements. Their commitment to safety, service and teamwork makes MMS stronger every day!

# We Want to Hear from You!

Have a topic or story idea you'd love to see featured in our newsletter? Let us know! We welcome your input as we work to make our newsletter the best it can be. Submit your suggestions via email to:

[info@mailmanagementservices.com](mailto:info@mailmanagementservices.com).

We look forward to hearing from you!

## Introducing the Regional Driver of the Quarter Winners: 4th Quarter 2024

To celebrate their achievements, each winner received a \$500 check, certificate of recognition, a special design MMS hat and more! Please join us in congratulating our three winners:

### ROBIN RESENDEZ SAN ANTONIO, TX SOUTHWEST REGION

We are proud to recognize Robin Resendez as the Driver of the Quarter for the Southwest Region! Robin, based out of our San Antonio, TX, location has been with the company since June 2023 and has quickly made a lasting impact.

"I'm not at work, I'm at a sports event with my kids!" she proudly shared.

All of her children are involved in sports, and Robin enjoys cheering them on every chance she gets. When she's not at a game, you might find her traveling or out fishing – two of her favorite pastimes.

Robin also had high praise for her leadership team, saying she loves coming to work each day. She commended both Thomas and Regional Director Luis Martinez for their professionalism and for making work an enjoyable experience.

Congratulations, Robin, and thank you for your hard work and dedication!

Nominated by her Site Manager, Thomas Perez, Robin is known for her willingness to help on any route – no matter how unfamiliar – her positive attitude and her ability to get along with everyone. Thomas praised her strong communication skills with both management and fellow drivers, her deep understanding of ELD equipment and her unwavering reliability.

Beyond her dedication to work, Robin is a devoted family person.

"Family is everything to me! If

## LEON JACKSON BATON ROUGE, LA SOUTHWEST REGION

We are thrilled to announce Leon Jackson as the winner of the Driver of the Quarter for the Southwest Region. Born and raised in Jackson, LA, Leon has always maintained a strong work ethic and a passion for delivering excellence in his field. Outside of work, he enjoys spending quality time with family and indulging in a bit of shopping.

Leon obtained his CDL in 2006 and began his trucking career driving tankers. He later transitioned into the freight industry, where he worked as a pick-up and delivery driver, even driving inside Dow Chemical.

"Now I am with Mail Management and could not have asked for a

better job," Leon said.

Throughout his career, Leon has earned multiple certifications, including certified driving instructor and DOT weight master license. He is also an active member of the MMS Safety Committee, demonstrating his commitment to safety and continuous learning. Leon's Site Manager, William, nominated him for this prestigious recognition, praising his impressive and clean driving record – free of accidents, violations or incidents. William highlighted Leon's unwavering professionalism,

pleasant attitude and willingness to help wherever needed.

"He is the one you can always count on," William said, emphasizing Leon's respectful nature and dedication to doing the job right every time.

Leon believes in integrity, dedication, discipline and determination and these values have made him a standout employee at MMS. Congratulations, Leon, on this well-deserved recognition!

## TODD MUEHLFELD SAGINAW, MI NORTHEAST REGION

We are pleased to announce Todd Muehlfeld as the Driver of the Quarter for the Northeast Region! Todd has been a valued member of MMS since October of 2022 and brings with him 12 years of experience in trucking and logistics.

Outside of work, Todd enjoys spending quality time with his wife of two years, especially during their trips up north for camping. When he's not exploring the outdoors, Todd loves a good game of poker or euchre, showcasing his competitive yet fun-loving spirit.

Todd's Site Manager, Ron, nominated him for this recognition, emphasizing how invaluable Todd has been to the team. His willingness to step up and lend a hand when needed speaks volumes about his commitment to his role. Ron

also praised Todd's exceptional communication skills, noting his ability to maintain strong, positive connections between the USPS facilities and the MMS team.

Todd's positive attitude, reliability, punctuality and politeness make him a standout team member. His leadership by example has inspired others, and his presence in the team has been greatly appreciated.

Way to go, Todd! Thank you for all your hard work and for embodying the qualities we strive to recognize in our Drivers of the Quarter.

## Mail Management Services Colorado Springs, CO Operations

After 35 years of dedicated service, Eric Harlow has led our Colorado Springs site to become a standout location known for its breathtaking mountain views and exceptional service delivery. This site blends natural beauty with operational excellence, setting a high standard in our industry. Many of our drivers have provided outstanding USPS service for over 25 years, exemplifying loyalty, dedication and hard work.

Operating in Colorado comes with its challenges, from unpredictable weather to daily traffic congestion, yet our drivers continue to excel. They manage both semi-truck and box truck deliveries, navigating city streets with precision and tackling rugged mountain routes with skill. Our furthest route reaches Guffey, CO, demanding careful attention to steep inclines and changing conditions, especially during peak tourist seasons that increase traffic and complexity.

Not all routes offer scenic views, as some extend east toward the Kansas border, where long stretches of rural roads present their own challenges. Regardless of the direction, our drivers remain committed to delivering top-notch service and upholding the high standards of MMS.

At MMS, we deeply value our drivers' contributions. Their hard work, teamwork and dedication are the backbone of our success. We are grateful for their commitment and proud to have them as part of our team. Thank you to our Colorado Springs drivers for your exceptional service, resilience and dedication – you are truly the driving force behind our continued growth and success. As we move forward, we are confident that with such a dedicated team, we will continue to reach new heights together.

# MANAGER SPOTLIGHT

## NICHOLAS HART

Operations Support  
Milwaukee, WI

Nick is an experienced travel manager with a diverse background in retail, transportation and management. Hailing from the small island of Saipan, Nick's passion for travel began early. By the time he turned 18, he had already visited all 50 states and 15 countries. After high school, Nick enlisted in the Army as a Human Intelligence Collector (Interrogator), where his travels expanded to even more destinations, including a deployment to Afghanistan in 2013.

Nick eventually relocated to Wisconsin and began his career at MMS as a part-time Sunday driver. His dedication and hard work led him to a management role, and after MMS lost the contract in Milwaukee, Nick took on a travel position to support all company sites across the country. When he's not traveling for work, Nick enjoys exploring for leisure –

hiking, fishing, flying and riding motorcycles.

Now settled in small-town Wisconsin, Nick plans to focus on work-related travel, though he's always ready for his next adventure. (Coming to a site near you... just kidding!)

## CALL FOR MANAGER SPOTLIGHT NOMINATIONS!

We want to celebrate the exceptional members of our team! Do you have a favorite Site Manager, Supervisor, or corporate team member who goes above and beyond? Now's your chance to recognize their hard work and dedication!

Nominate them today! Simply submit your nomination to [info@mailmanagementservices.com](mailto:info@mailmanagementservices.com) and tell us why they deserve the spotlight. Let's give our outstanding colleagues the appreciation they deserve!

Born and raised in Scottsbluff, NE, Chris Nichols began his transportation career in 2012, transporting inmates to and from prison for court and hospital duties. However, he quickly realized that working with inmates wasn't his calling. He obtained his CDL and transitioned to operating a variety of equipment, including flatbeds, vans, bottom dumps and tankers, hauling everything from corn and beans to heavy machinery, liquid and dry fertilizer and eventually freight of all kinds (FAK) in the LTL sector.

In 2015, Chris moved into management, collaborating with terminals across Nebraska, Colorado, Kansas and Missouri. He played a key role in efficiently moving up to 1.5 million pounds of freight each night – while most people were asleep – always prioritizing cost-cutting, on-time performance and, most importantly, safety in 2019, Chris and his family moved to Kansas City, MO, where he continued building his career in transportation as a terminal manager. His journey ultimately led him to MMS, where he now

contributes his expertise to the Safety team.

Outside of work, Chris and his

## PROFILE SPOTLIGHT CHRIS NICHOLS

Regional Safety Support  
San Antonio, TX

wife feel incredibly blessed (and slightly outnumbered) as proud parents of four wonderful kids, each with their own unique personalities and talents. Watching them grow into kind, hardworking and independent young adults is his greatest joy – though he suspects they're also growing into expert negotiators when it comes to convincing Dad to buy them things.

As a family, they love spending time outdoors – going on walks, riding bikes, hiking, fishing and, most importantly, swimming at the pool (seriously, do they ever get out?). Chris also enjoys shopping trips, though he's come to accept that his main role is less "shopper" and more "walking ATM," but he wouldn't change it for the world!

## PROFILE SPOTLIGHT JESUS DEL REAL

Regional Safety Support  
Milwaukee, WI

Jesus Del Real, originally from Zacatecas, Mexico, moved to the United States at the age of eight and has called Milwaukee, WI, home for the past 20 years. He fondly recalls his childhood memories in Mexico, especially the times spent with his grandmother, who would cook simple yet unforgettable meals that remain the best he's ever tasted.

Jesus comes from a very close-knit family, and family gatherings are a frequent tradition, with trips and holidays coordinated each year with cousins and siblings. A nature enthusiast, Jesus takes every opportunity to go on hiking trips, with one of his most memorable hikes being in Oregon, where he visited Crater Lake. His travels have taken him back to Mexico often, as well as to four countries in Europe, Puerto Rico and 15 states across the U.S.

In January 2025, Jesus and his girlfriend, Ariane, welcomed their daughter, Azalea Del Real, who has quickly become the center of their world. The couple also shares their home with two beloved dogs: Simba, a corgi, and Mitzy, a husky mix. As a new father, Jesus's primary goal is to be the best dad he can be, striving to make his daughter proud to call him her father.

Jesus began his career in transportation in 2018, initially working at a small trucking company in payroll and billing. He soon expanded his skills, learning dispatching, brokering shipments

and operating sprinters, 16-ft. and 26-ft. box trucks. His diverse experience has provided him with a unique perspective on both driving and management.

In 2021, Jesus joined MMS, initially supporting the freight department. After a year, he transitioned to the role of Compliance Coordinator, working closely with site managers and drivers across the country. His efforts to launch and train teams on Samsara compliance and improve understanding of Hours of Service (HOS) became a highlight of his MMS journey, as he had the chance to meet the hardworking individuals who make the company thrive.

Currently, as part of the Northeast Safety Support team, Jesus continues to work with site managers and drivers daily, focusing on a variety of safety initiatives and other tasks that help MMS maintain its commitment to being a safer, more efficient company. His professional goal remains clear: to keep learning from his colleagues at MMS and continue to grow.

# TIPS FOR TRUCKER SAFETY

## Don't neglect the pre-trip inspection

It only takes a few minutes to get out and do a walk-around check on your truck and trailer, checking that everything is correctly connected and in order. This could save you the cost of getting a ticket, or worse.

## Get enough sleep

The NHTSA reported 697 deaths due to drowsy driving in 2019 alone. Driving while tired can be as dangerous as driving under the influence of drugs or alcohol.

## Don't rush

Meeting deadlines is important, but it's more important to actually get to your destination. Don't sacrifice safety for speed.

## Pay attention to weather conditions

As you're moving from one region to another across the country, it's quite common to move from warm conditions in the south into winter conditions in the north, or torrential southern rainstorms as you come in from the north.

## Practice defensive driving

Defensive driving is a critical skill for any truck driver. You should always be aware of your surroundings and anticipate potential hazards on the road.

## Plan your route

Before you hit the road, you should plan your route carefully. You should know the best route to take to avoid traffic, construction and other potential delays.

## Swing wide when making turns

A very common mistake drivers make is failing to swing out wide enough when making their turns. What happens next can range from embarrassing to deadly dangerous.

## Don't ignore low clearance and weight warnings

If you end up making a wrong turn and come upon a bridge that is too low for you to pass under, or too weak for you to drive over, your safest course of action is to stop.

## Mail Management Services– Health Plan Programs

**Apta Health Care Coordination Team** - healthcare team to assist you with any of your plan needs, precertification, benefits, claim or billing questions, nurse coaching, finding lowest cost care solutions, locating providers, ordering ID cards and much more.
