

June 4, 2020

Law Enforcement Official:

This letter is to inform you that MAIL MANAGEMENT SERVICES is under contract with the United States Postal Service (USPS) to provide services in support of the Postal Service's ongoing operations. The Postal Service relies on contractors to assist in its provision of a critical government service, accepting and delivering mail and packages in accordance with Federal law.

The Postal Service's provision of mail and package delivery services is not affected by State and local government actions that are restricting commercial and personal activities through curfews and other measures in response to the COVID-19 pandemic and the civil unrest in a number of communities throughout the country, including any recent orders or directives issued for the geographic areas under your jurisdiction. This exemption includes time traveling to and from workplaces.

We are working closely with Federal, State, and local health authorities to ensure that our continued operations during these times of national and local emergencies are conducted in a manner that protects the safety of our employees, contractors, and the public.

Questions regarding this may be directed to the USPS contracting officer, Antoine L. Slaughter at (301) 386-8900.

Antoine L. Slaughter
Contracting Officer
