★ What Customers Are Saying ★

"Excellent quality and one of a kind innovative product for serious musician/studio. Witnessed product in use, and I was short of being blown away. Clear sound and reliability makes it a first choice for any serious musician. Sound was exceptional with no hum caused by network adapters."

- Verified Amazon Purchase, June 2024

"This power pack will make your whole rig sound better and cleaner as well as allowing you to get rid of annoying 'wall wart' power supplies. About 4 hours or more of battery life. Very responsive customer service."

- Verified Amazon Purchase

"This has powered my pedals at many live shows with 100% reliability and no hum. It's nice to not have to plug in pedals while getting better, consistent performance. Mendaudio, you rock!"

- Live Performer, Amazon Customer

"Your GIGA has been an essential part of my music life. Thank you so much for creating wonderful things. I just want to tell you how much I appreciate your love and support."

- Local Touring Musician "P"
