VIBE SESSION OUTLINE ***

XX

XX is short for "execs" and it represents the Presidents of the region.

20-21

I will be communicating to you guys through individual calls, group calls, and emails.

EXPECTATIONS

The main thing we will be going over in this release is going to be my expectations for you for the term.

LET'S CONNECT!

I filled out most of the characteristics on the sheet, but please click on this to double check I got all of the information correct (also please put your favorite food).

How will communication work?

EMAILS

Please turn your email notifications ON & be prepared to receive one (at a minimum) email from me per each month. If you think this is quirky and fun, just get ready for my emails :)

GROUP CALLS

Once a month, we will be having a Zoom call with all of us, hanging out together, and talking prezzy stuff. Sometimes these calls will be with your AZA counterparts, but sometimes not.

1:1 CALLS

Also once a month, we will be having calls over Zoom or Facetime just me and you. This is so we can go over goal setting, planning, and just how your chapters are doing.

Expectations

COMMUNICATION

If you respond to me, I'll respond to you. I answer my phone and email within 24 hours of receiving a message.

*If you want to talk about BBYO, DO NOT SNAP ME, I barely respond.

REST OF BOARD

Being elected as your chapter's N'siah is such a fun thing, but you need to remember what you signed up for. You are responsible for running your entire board, and picking up slack where it is left.

GET INVOLVED

If you have the time, join RLN, steer or coordinate a convention, show up to regional events - you are the leader of your chapter and the best way to lead is to do so by example.

US

I will be here for you for the next term and beyond, I expect the same from you. Please come on calls, text me, ask questions, and let me know when stuff goes on in your life - I really do care.

MANAGING STRESS

LIFE KINDA SUCKS RN!

IT IS SUPER IMPORTANT THAT YOU
KEEP A LEVEL HEAD IN TIMES LIKE
THESE.

Sometimes it can feel like BBYO is the only
thing that we can really focus on (and
trust me, it's been happening to me and the
rest of 17 for WEEKS) and when people are
bored, drama pops up; DRAMA SUCKS ASS!

What are your 3 goals that I explained earlier (board, chapter, regional impact)?

How is the board vibe going so far? Explain any troubles you've had so far, and what you guys are feeling going into this term.

Any questions? (If no, tell me your guilty pleasure; could be a song, or movie, or book series)
