## 1.0 WELCOME TO THE DISCOVERY MONTESSORI

Welcome to The Discovery Montessori. We look forward to working with you.

Please take time to read this handbook as it has been prepared to help you understand about our school policies and procedures. It should be kept with you as a reference.

We are also proud to state that we are among the few select schools of Ontario that are accredited by the **Canadian Council of Montessori Administrators (CCMA)**, which is an endorsement of its meeting the quality standards, environment and the best practices of an authentic and outstanding Montessori school.

Our school is also a proud member of the Region of Peel "**Raising the Bar**" – Childcare Quality Initiative. This program is geared towards enhancing the quality of early learning and childcare in the Region of Peel.

We request all parents to please take time to read this handbook carefully as it contains useful information about the operation of our school including the health and safety management of the enrolled children. In addition, a monthly newsletter is also issued by the school highlighting important events that are planned to take place at the school.

We believe that the best education for children occurs through the joint cooperative efforts of the home and school. Should you have any questions, please do not hesitate to call 905 824 9246.

## 2.0 MISSION STATEMENT

The Discovery Montessori provides a rich, equitable and all-inclusive environment with opportunities for young children to learn and grow. It is a place for children to get together and create memories of a lifetime while engaging in meaningful Montessori activities.

We strive to offer a program that is structured and well prepared to allow the children to rise to their full capabilities under the guidance of trained Montessori teachers and material, thus enabling the young minds to become respectful and responsible human beings of the world.

## 3.0 PROGRAM PHILOSOPHY

**"Every child is a discoverer; we teachers can only help the work going on" Maria Montessori**

Our educational institution is laid out and governed by the International Montessori Association guidelines; guidelines that we have put into place precisely as Maria Montessori intended. We take pride in the quality of our educational program, well-equipped classrooms and caring atmosphere. Our program philosophy is designed to evoke the sense of wonder and discovery in our children and we echo Maria Montessori's philosophy that the goal of early childhood education should not be to fill a child with facts from a set course, but rather to cultivate his/her own natural desire to learn.

Parents can entrust us with their children with confidence, knowing that they will always be treated with love, kindness and respect. We try to address the needs of each child and of the total family. Our staff strives to be fair and flexible, always willing to work with parents. Above all we believe that school should provide a positive learning experience that prepares your child for the life beyond the primary classroom.

#### 4.0 SCHOOL HISTORY

Since the year 2000, The Discovery Montessori School has provided unparalleled educational, academic, and social experiences for the children when it started its first campus at the Erindale location on Dundas Street in Mississauga. Expanding and developing over the years, The Discovery Montessori School has become a model Montessori institution for pre-school age children. The tradition of excellence established at the Discovery Montessori School continues to provide a warm, caring and exciting environment. We employ the best Montessori teachers and offer an established, comprehensive, and creative curriculum. The faculty at The Discovery Montessori School takes great pride in the achievements of both current students and alumni. We are proud to state that the Discovery Montessori is among the most highly recommended and preferred Montessori schools in the Peel & Halton regions.

#### 5.0 THE MONTESSORI CURRICULUM

The Montessori classroom is divided into several areas including, language arts, sensorial exercises, cultural activities, practical life and Mathematics. Classrooms will include a classroom library. Each area is made up of one or more shelf units and display cabinets with a wide variety of materials on open display ready for use as children select them. Each classroom is directed by a qualified Montessori trained teacher who has the necessary skills, experience and qualifications for the program.

**Practical Life.** These exercises include self care, care of the environment, grace and courtesy. While doing these exercises the child develops concentration, independence and control over his motor skills.

**Sensorial.** These activities, done first through matching and later through grading, increase the child's ability to discriminate sensorial impressions.

**Language Skills.** Children are introduced to the phonics. Through phonic exercises and games, reading becomes effortless and pleasurable.

**Mathematics.** Montessori students explore the quantities, symbols, sequence and operations of basic facts by using concrete materials. This hands-on experience helps them to understand the mathematical concepts.

**Culture.** Through Montessori materials children are able to explore the areas of biology, geography, history, and science.

Besides these **five** main core areas of instruction, The Discovery Montessori also offers the following **Optional Programs: French language, Music program, Arts and Crafts, Yoga and Physical Education** for the children.

- **Morning:** The school begins at 8:45 am. Children should be brought to the school at 8:45 am and should be picked up at 11:45 am.
- **Afternoon;** The school begins at 12:30 p.m. Children should be brought to the school at 12:30 pm, and should be picked up latest at 3:30 pm.

Parents are responsible for escorting their child as well as carpool children to the classrooms making sure that a teaching staff is aware of the child's presence. Children must never be allowed to walk into or out of the school building by themselves Your child will be released at his/her appointed school closure time. Please do not ring the bell before this time as it is disruptive to the class. Similarly, late arrivals in the morning and afternoon are also disruptive for the rest of the class.

**NO CHILD WILL BE ALLOWED TO LEAVE THE SCHOOL WITH SOMEONE OTHER THAN A PARENT OR A PERSON AUTHORIZED BY A PARENT.** However, in case of special circumstances, if there is a change in the pick-up arrangement the parent should inform the school staff preferably in person or by telephone explaining the reason for the change in pick up arrangement and the identity of the pick- up person. .

Parents must inform the school if, for any reason, they are either keeping the child at home or are running late. If a child is absent without any reason and no information is received by the school until 30 minutes after the scheduled arrival time, the school will contact the parents /guardian or the emergency contact person, listed on the admission form, to inquire about the health and safety of the child. Please refer to our Safe Arrival and Dismissal Policy on page 21 for more details.

If a parent has been granted sole custody by a court order, in which case only the custodial parent may be allowed to pick up the child. Parents should provide to the school, a copy of the court order which prohibits or limits one parent's access to the child.

If a non-custodial person attempts to forcibly pick up a child from the school, the school has the right to call the police and the CAS for appropriate action.

### LATE PICK UP/EARLY ARRIVAL POLICY

Parents are responsible and accountable for dropping and picking up their children in time as the regular Montessori program officially ends at 11:45 am, 3:30pm and 5:00 pm respectively. There will be a charge of \$25.00 for every 15 minutes or portion thereof for children who are dropped off earlier than their appointed time and for children not picked up by their appointed pickup time. Please call the school office at **905-824-9246** in case of an emergency.

The school closes down completely at 5:00 pm. All children must be picked up by or before 5:00 pm. If an emergency should occur and the family is unable to arrive before 5:00 pm to pick up a child, it is very important that the school be called and information given about the whereabouts of the parents well before 5 p.m. and what will be the parent's expected time of arrival. As mentioned earlier there will be a charge of \$25.00 for every 15 minutes of late arrival or portion thereof.

If a child is not picked up by 5:00 p.m. and the authorized pick-up person or enrolling family has not called, the staff member will call the family and then someone from the authorized pick-up list (provided by the parents) for that child by 5:10 pm. If all efforts are unsuccessful, the staff member will call the Peel Children Aid Society (CAS) by 6 p.m.

If repetitive late pickups occur, the school supervisor will meet the parents to discuss and determine whether the Discovery Montessori hours meet the family needs. If continued lateness is expected or continues the school will support the family to explore alternate childcare arrangements that are more suitable to the family needs. A notice of enrollment termination and withdrawal may be issued by the school for unresolved pattern of lateness.

## PARKING AREA

Due to the limited number of parking spaces please leave the school premises after dropping off your child. Please do not park in a no-parking zone, a fire lane, in front of the fire hydrant or in front of access to the school building.

### 10. LUNCH SNACK AND NUTRITION

The Discovery Montessori provides a healthy nutritious morning snack, lunch and an afternoon snack for children attending full day (8:45 am – 3:30pm). The school also provides a healthy and nutritious snack for children attending half day programs (8:45 am– 11:45 am or 12:30 pm – 3:30 pm). The lunch and snack menu is prepared from mostly whole grain and organic dairy products, fruits and vegetables and consists of a variety of foods from each of the food groups including milk and/or water. Our school menu has been approved by a registered dietician and nutritionist and meets or exceeds Health Canada Food Guide serving requirements for grains, fruit, vegetables and dairy. A menu will be posted on our website and will also be posted within the school for easy reference.

#### 10.1 ANAPHYLACTIC (ALLERGIES) MANAGEMENT POLICY

The school has been declared as a **NUT FREE ZONE**. Every effort is made to ensure that any type of nuts or nut products do not enter the school as we have children in attendance who are **severely allergic to nuts**. As per the school policy, no edible or non-edible treats sent by the parents, will be distributed to the children.

A list of all the children with known allergies to specific items are posted in the class rooms and kitchen for teacher's information.

### 11. HEALTH AND ADMINISTRATION OF DRUGS

No medication, prescription or non-prescription, will be administered to a child without specific written permission from the parent and the physician. All parents must fill in the Parents Authorization for Administration of Medication form (available from the school office) if they wish their child to be administered any medication while on school premises. The prescription must be specific for the child in care and in the original bottle or container with the written order of the physician not more than six months old. Parents should not put any kind medication in the child lunch box.

The physician's instructions for dosage must be followed exactly as prescribed on the label of the medication. All medications will be kept in a locked cabinet which is properly stored out of the reach of children. If a child is absent or not attending the school for any reason, any asthma medication or emergency allergy medication belonging to that child will also be kept in the locked container until the child returns back to school. All unused medications will be returned to the parent or disposed of in a way that is completely safe and out of the reach of children at any time. The school will keep a record of all medications administered to children.

This medication log form will be placed into the child's file. All medications will be administered by the school Directress or her designate.

Topical medications such as lotions, petroleum jelly, sunscreens and skin rash creams also require written permission, which is valid for one year.

### 12. CLOTHING

The school encourages the parents to send their children dressed in comfortable clothing suitable for sitting on the floor. Clothes should be washable and easy for the child to manage. Practical clothes that the child can manage on their own build a sense of self-confidence and independence. Parents should remember that since many of the children have newly acquired toileting skills, belts and buckles are an unnecessary impediment to a quick trip to the bathroom. Pants with elastic bands are much preferred. Children will play outside if the weather permits. Please be sure to dress your child with the assumption that they will play outside. No overalls allowed.

#### CHANGE OF CLOTHING.

Children in the Casa (Primary) room are expected to be toilet trained, but occasional accidents do happen. For that reason, each child must have a complete change of clothing at school. If a child wets or soils himself/herself, a staff member will assist the child in changing his/her clothes. Wet or soiled clothes are sent home in a plastic bag.

## 13. PARENTAL INVOLVEMENT

The Discovery Montessori welcomes parent's input concerning the programs and policies of the school. Since the school is a community established to promote the education and development of the children, it expects and requires that parents take part in the life of the school on several distinct different levels. Parents are expected to be available to communicate with the class teacher or Directress to share in their child's progress and needs. On occasion parents are encouraged to provide supervision for field trips. Parents are also encouraged to share their talents, hobbies or careers by making a classroom presentation.

## 14. FIELD TRIPS

The Discovery Montessori children may occasionally go on field trips, such as to city library, art studio, parks or fruit farms. Parent organizers and chaperons are often needed. This is a useful opportunity for parents to share their child's school experience. Children who do not participate in the field trip will stay home for the duration of the field trip.

All field trips will be announced in advance and all children must have a signed permission slip from the parents to participate in the field trip. Please note that there will be an extra charge for these field trips.

## 15. SICK LEAVE

Parents must bear the main responsibility by not bringing their child to school when the child is ill or just not feeling well (which can be the most contagious time for an illness). Parents must inform the school when their child is sick. Sick children should not return to the school because they may be infectious. To prevent the spread of illness in the school, sick children must adhere to re-entry requirement.

Children can return to the school when they are symptom-free of;

- Respiratory symptoms such as sneezing, discharge of mucus from nose or eyes - fever - rash - cough – sore throat for at least 24 hours
- Pink eye - Until infection completely subsides . Check with the doctor.
- Gastrointestinal symptoms such as vomiting and diarrhea for at least 48 hours.

Children attending The Discovery Montessori after an illness are expected to follow the group schedule and be well enough to participate in all activities. The child's physician should fill the required form verifying his/her fitness to attend the class.

## 16. ADMISSION, WAITLIST AND DISCHARGE POLICY

**16.1 ADMISSION POLICY:** The school maintains a simple Admission Policy. You can visit the school website and click on the [admission info page](#) to learn about the school admission procedure and download the admission forms.

An interview will be arranged to familiarize you and your child with the school and class surroundings, answer parent's questions, to assess the child's suitability for the structured Montessori environment and help complete admission forms prior to enrollment. This assessment will be scheduled by the school supervisor. Your child will spend some time with the teacher. This allows the child and the parents an opportunity to meet us and feel comfortable in our environment. We believe that this is an important step and helps provide confidence for a smooth transition.

In order to be accepted for enrollment, the child must have an acceptable attention span, must not display a disruptive behavior, must be able to follow simple directions, be reasonably independent regarding his/her feeding ability. All parents should make extra efforts to ensure that their child is potty trained before enrolling their child at the school. They should ensure that going to the toilet is a part of their child's routine and should praise their child for trying.

**Please note that the school admits children whose parents are eligible for fee subsidy from the Region of Peel**

---

**16.2 WAITING LIST POLICY:** The school does not maintain any waiting list and all admission applicants are entertained on a first come first served basis. If there are no vacant spots available, all prospective admission applicant parents are requested to contact the school at a later date.

**16.3 PEEL INCLUSION RESOURCE SERVICES(PIRS):** In coordination with specialised free support services available from the Peel Inclusion Resource Services (PIRS) , The school also provides support to children who need extra support to participate fully in licensed child care environment. PIRS resource consultants will develop a plan with you and our school staff that focuses on your child's strengths and areas of development.

#### **16.4 PROBATION PERIOD**

The first one month of classes are a probationary period for all new students at our school. If at any time during this probationary period, the teacher feels that a child or the parents/family members are not yet ready for our school environment, the parents will be informed and requested to seek a new school environment for their child and the balance of the tuition fee will be refunded.

#### **16.5. ENROLLMENT TERMINATION POLICY.**

The Discovery Montessori Staff does not make termination decisions lightly. We carefully evaluate all considerations according to the following guiding principles that balance the needs of the individual student and our school community as a whole:

- (1) ensuring every effort is made to support each student in the school environment and provide them with all the support and resources they need to succeed; and
- (2) ensuring a welcoming, supportive and safe school environment for our staff and other students.

Because the school provides child care and education in a group setting, and the teacher has to simultaneously take care of all the children in the group at any given time, the welfare and safety of all the children as well as the staff is our main concern. If a child, despite the best of the efforts of the school staff, is not yet ready or is unable to adjust to the structured environment of the Montessori Program, or is disruptive and /or is consistently insubordinate, or has a serious behavior problem including, but not limited to, hurting other children, and/or verbal abuse, then these observations will be documented by the Montessori staff and form part of the initial step in determining the likelihood of terminating the enrolment of the child. The directress will contact the parents to take specific steps at home to achieve behavior improvement within a specific time, which in most cases, will be a period of two weeks. However, should repeated issues, which may include parent's non-cooperative and/or aggressive attitude occur, the school reserves the right to terminate the enrollment of a child if it is deemed necessary in the best interest of the child, our staff and the school's operating environment.

In addition to the reasons outlined above, if a parent/family member, for any reason, does not comply with our school policies or is discourteous, abusive or aggressive to the staff of the Discovery Montessori or is otherwise involved in any activity which is disruptive to the school operations, the Discovery Montessori reserves the right to immediately terminate the enrolment of the child. A notice will be given to the concerned parents to pick up their child's belonging from the school within five business days, failing which the belonging will be donated to charity.

As outlined above, under most circumstances, families and children shall be given two weeks written notice in order to prepare for the dismissal. The school will refund the portion of the tuition fee, if any, after deducting the daily rate amount for each day the child was enrolled.

A copy of the program statement will be provided to all the parents at the time enrollment of their children.

## THE DISCOVERY MONTESSORI PROGRAM STATEMENT

### INTRODUCTION

In accordance with Ontario Regulation 137/15 to the *Child Care and Early Years Act* (the “Regulation”), this document is **The Discovery Montessori’s** Program Statement. This Program Statement is intended to provide an overview of The Discovery Montessori’s procedures and practices, which are in place to ensure that the child care and early years programming that is provided by the staff is of the highest quality and supports, in all facets of the program, the foundational skills that are necessary for children to achieve their fullest potential in early childhood education and beyond. This program statement also takes guidance from the Ontario’s Pedagogy for Early Years 2014 “**How Does Learning Happen?**”

All existing and new staff, students and volunteers shall review and retain this Program Statement prior to interacting with children, and shall promptly be informed of any modifications or amendments to this Program Statement, and any resultant procedural changes to The Discovery Montessori’s program.

The Program Statement is divided into sections, with corresponding sections from the Regulation provided for ease of reference.

#### Encouraging Children’s Exploration, Experiential Learning and Positive Learning Experiences

##### A. Encourage the children to interact and communicate in a positive way and support their ability to self-regulate; Foster the children’s exploration, play and inquiry

The Discovery Montessori School provides an all- inclusive environment of positive learning and mutual interaction both inside the classrooms as well as outdoors. The core principle of our program philosophy is the belief that all children are competent and intelligent human beings, who are inquisitive and capable of learning through their own individual interactions and experiences. The Montessori material is self-correcting and it helps the children to regulate their own ability to learn thorough their own understandings. The teachers are supportive of their positive energy as a role model and their knowledge of their belief that the children learn and develop through their own play, exploration and inquiry. The vast range of Montessori material, through practical life to culture, allows the child to engage in self-expression. Once the activity is presented by a teacher the child has the independence and freedom to choose and work with the material for as long as the child has the desire and need to explore it.

**B. Provide child-initiated and adult-supported experiences; and plan for and create positive learning environments and experiences in which each child’s learning and development will be supported**

The classroom environment is prepared every day to be ready for the next day. The environment is conducive in providing opportunities for a child to initiate his/her own activities according to his/her own readiness. The teachers are supportive of these experiences and further encourage the child to be more independent and explore. The classroom experiences are further enriched by exploring the world of nature. E.g. the Montessori color tablets and the geometric cabinets can lead to the outdoor study of colours and signs of nature all around us.

Each child has an observation log that is maintained on a daily and weekly basis. The observations further assist the teacher to maintain a positive environment of challenges that would help the child to develop socially and academically. Each child is seen as an individual with his or her own specific needs and readiness. This allows and creates an all-inclusive and creative environment for children and help them to learn and explore at their own pace.

What Goals do we seek?	How will we achieve this goal?	Success measure	By when?

**Health, Safety, Nutrition and Well-Being**

The school is dedicated to promoting and implementing robust health and safety practices. The school environment is kept meticulously clean and the staff maintain daily cleaning logs of all “critical areas”. Critical areas are identified to the staff as areas that have a direct bearing on the health and well-being of the children e.g. kitchen/ eating area, washrooms etc. The health and safety of each child is monitored at all times. Staff are trained on CPR and First Aid training and maintain regular communication with parents as to the health, safety, nutrition and well-being of the children.

All parents are informed, before the enrollment of their children, about the school policies regarding sickness, special requirements and notifications regarding dietary restrictions, sleep, exercise/activities, and administration of medication, allergies and other details that are essential to the children’s health. The health related requirements of each child are communicated to the staff and appropriately recorded and/or implemented, as necessary, by the school prior to children’s participation in the school program.

All snacks and lunches are prepared from the basic ingredients on the premises at the school. These meals are prepared according to Health Canada food guide by a qualified staff with food handlers training and

certification. The school provides mostly organic and whole wheat products. Any special dietary requirement of children (allergies etc.) are noted and carefully monitored and maintained.

A written log is maintained in the school eating area, which specifies all the special dietary requirement of .

children. All children are encouraged to help themselves during lunch and snack time. The pouring skill in practical life area in the classroom is further enhanced when children pour their own milk or water in their cups to drink.

**Encouraging Positive Engagement among Children, Parents, Staff and Community Partners**

**A. Support of positive and responsive interactions among children, parents, child care provider and staff:**

The school believes in maintaining a healthy relationship with the families and partners of the community. Communicating together involves two ways of sharing information and helps to build a common understanding. Our staff and parents are encouraged to maintain an open and receptive dialogue regarding the Montessori program, and we strive to ensure that both staff and parents are able to speak with one another on a frequent basis regarding each child’s progress and development. Further, when staff are notified by parents about any particular concerns or inquiries, they strive to act as promptly as possible to achieve a beneficial resolution of the matter, and keep parents informed throughout the process.

**B. Foster the engagement of and ongoing communication with parents about the program and their children**

The school promotes an honest and respectful relationship with the families. The open dialog with parents allow the teachers to understand what is happening at home and how this may affect the child at school. The parents also have the choice to call or e-mail the school to find about what is happening during their child’s day at school and how they are progressing. There is an information night at the school to introduce the parents about the Montessori curriculum and answer any questions. Parent-Teacher meetings are scheduled twice a school year. Additional meetings can be arranged anytime in between to address any concerns as they arise.

**C. Involve local community partners and allow those partners to support the children, their families and staff**

School concerts, observation week and field trips are effective platforms to build parent –teacher relationships. Families feel more involved with their child’s experience at the Montessori school. The school

is also actively involved with the regional government to benefit from their available programs and support services and is currently a partner with the PIRS program to provide support and all the available services to children with special needs. The school has also recently signed the agreement the Region of Peel to allow families with fee subsidy agreements to enroll their children at the school.

We develop positive relationships with neighboring schools to promote seamless, effective transitions for children and families as they begin their JK programs at other schools.

**C. Incorporate indoor and outdoor play, as well as active play, rest and quiet time, into the day, and give consideration to the individual needs of the children receiving care.**

Discovery Montessori allows the rest, quiet time and the playtime to have the same level of positive energy. The naptime provides the rest the children need after a busy productive day. It helps them to rejuvenate for the afternoon session. The outdoor playtime is an excellent opportunity to play games and master emerging physical skills. The children can fully and freely exercise their motor skills like running and jumping. Outdoor playtime in Discovery Montessori promotes cognitive and social / emotional development in children. The teachers encourage them to invent their own games and allow them to make their own decisions by taking control of their own movements.

The outdoor playtime is also an opportunity to promote the understanding of why rules are important. It fosters communication skills as children invent/modify rules. The games children play in the school help them to relate the numbers as they count (Mr. Wolf). Discovery Montessori understands and promotes the social custom of playing together and cooperation during play time.

Although the sensorial material in the classroom is a great source of connection to the world outside. A nature walk in the school backyard further enriches their experiences of aesthetics. They learn through their senses. The sound of the birds, the squirrels and rabbits running around, the leaves changing color, are all experiences that are enriching and profound.

**5. Ongoing Professional Development of the Staff**

The school employs qualified early childhood staff to maintain the highest quality of excellence in childcare. Training and continuous skills enhancement of the staff is an essential requirement to be maintained for the staff at Discovery Montessori. Through on-going staff training and continuously exploring and reviewing available workshops, the school management is striving to evolve and enrich the school environment with new ideas and materials. A majority of our staff members have the requisite and up-to-date CPR and level C First Aid training and the rest of the staff members are enrolled in courses to complete this requirement within the next six months. This will greatly help the teachers to feel confident in handling any classroom crisis.

The teachers are also required to attend the “Duty to Report” workshop so as to better recognise and report any child abuse or neglect and endangerment case.
