1.0 WELCOME TO THE DISCOVERY MONTESSORI

Welcome to The Discovery Montessori. We look forward to working with you.

Please take time to read this handbook as it has been prepared to help you understand about our school policies and procedures. It should be kept as a reference.

We are also proud to state that we are among the few select schools of Ontario that are accredited by the **Canadian Council of Montessori Administrators (CCMA)**, which is an endorsement of its meeting the quality standards, environment and the best practices of an authentic and outstanding Montessori school.

Our school is also a proud member of the Region of Peel **"Raising the Bar"** – Childcare Quality Initiative. This program is geared towards enhancing the quality of early learning and childcare in the Region of Peel.

We believe that the best education for children occurs through the cooperative efforts of the home and school. Should you have any questions, please do not hesitate to call.

2.0 MISSION STATEMENT

The school's aim is to provide an environment where children can discover and attain their full academic, social and physical potential. With the help of our Montessori trained staff, we offer a sensible, structured and well-tested system that allows children to develop at their own pace using their own abilities under the guidance of trained Montessori teachers and material. We will do this by providing a welcoming, happy, safe, inclusive and supportive learning environment in which everyone is equal and all achievements are celebrated.

3.0 PROGRAM PHILOSOPHY –

"Every child is a discoverer; we teachers can only help the work going on" Maria Montessori

Our educational institution is laid out and governed by the International Montessori Association guidelines; guidelines that we have put into place precisely as Maria Montessori intended. We take pride in the quality of our educational program, well-equipped classrooms and caring atmosphere. Our program philosophy is designed to evoke the sense of wonder and discovery in our children and we echo Maria Montessori's philosophy that the goal of early childhood education should not be to fill a child with facts from a set course, but rather to cultivate his/her own natural desire to learn.

Parents can entrust us with their children with confidence, knowing that they will always be treated with love, kindness and respect. We try to address the needs of each child and of the total family. Our staff strives to be fair and flexible, always willing to work with parents. Above all we believe that school should provide a positive learning experience that prepares your child for the life beyond the primary classroom.

4.0 PROGRAM STATEMENT

The school program statement is based upon our goal of maintaining a high quality childcare environment and takes guidance from the Ontario's Pedagogy for Early Years 2014 "**How Does Learning Happen?**". A copy of the program statement will be provided to all the parents at the time enrollment of their children.

THE DISCOVERY MONTESSORI PROGRAM STATEMENT

INTRODUCTION

In accordance with Ontario Regulation 137/15 to the *Child Care and Early Years Act* (the "Regulation"), this document is **The Discovery Montessori's** Program Statement. This Program Statement is intended to provide an overview of The Discovery Montessori's procedures and practices, which are in place to ensure that the child care and early years programming that is provided by the staff is of the highest quality and supports, in all facets of the program, the foundational skills that are necessary for children to achieve their fullest potential in early childhood education and beyond. This program statement also takes guidance from the Ontario's Pedagogy for Early Years 2014 "**How Does Learning Happen?**"

All existing and new staff, students and volunteers shall review and retain this Program Statement prior to interacting with children, and shall promptly be informed of any modifications or amendments to this Program Statement, and any resultant procedural changes to The Discovery Montessori's program.

The Program Statement is divided into sections, with corresponding sections from the Regulation provided for ease of reference.

Encouraging Children's Exploration, Experiential Learning and Positive Learning Experiences

A. Encourage the children to interact and communicate in a positive way and support their ability to self-regulate; Foster the children's exploration, play and inquiry

The Discovery Montessori School provides an environment of positive learning and mutual interaction both inside the classrooms as well as outdoors. The core principle of our program philosophy is the belief that all children are competent and intelligent human beings, who are inquisitive and capable of learning through their own individual interactions and experiences. The Montessori material is self-correcting and it helps the children to regulate their own ability to learn through their own understandings. The teachers are supportive of their positive energy as a role model and their knowledge of their belief that the children learn and develop through their own play, exploration and inquiry. The vast range of Montessori material, through practical life to culture, allows the child to engage in self-expression. Once the activity is presented by a teacher the child has the independence and freedom to choose and work with the material for as long as the child has the desire and need to explore it.

What Goals do we seek?	How will we achieve this goal?	Success measure	By when?
A review of all the school play and learning material to be held every year for upgrade and /or replacement with new material to ensure new equipment is available for the children to foster enhanced inquiry and learning experiences.	- Review all classrooms for the suitability, replacement or upgrade of existing equipment to ensure continuous and enhanced learning for children. -	Material and equipment review completed for all school classrooms. (Section 46(3)I-(d))

B. Provide child-initiated and adult-supported experiences; and plan for and create positive learning environments and experiences in which each child’s learning and development will be supported

The classroom environment is prepared every day to be ready for the next day. The environment is conducive in providing opportunities for a child to initiate his/her own activities according to his/her own readiness. The teachers are supportive of these experiences and further encourage the child to be more independent and explore. The classroom experiences are further enriched by exploring the world of nature. E.g. the Montessori color tablets and the geometric cabinets can lead to the outdoor study of colours and signs of nature all around us.

Each child has an observation log that is maintained on a daily and weekly basis. The observations further assist the teacher to maintain a positive environment of challenges that would help the child to develop socially and academically. Each child is seen as an individual with his or her own specific needs and readiness. This allows and creates an all-inclusive and creative environment for children and help them to learn and explore at their own pace.

What Goals do we seek?	How will we achieve this goal?	Success measure	By when?
Encourage all children to initiate his/her own activities in the class room according to his /her own readiness .	Each child has an observation log that is maintained on a daily and weekly basis. Health, Safety, Nutrition and Well-Being

The school is dedicated to promoting and implementing robust health and safety practices. The school environment is kept meticulously clean and the staff maintain daily cleaning logs of all “critical areas”. Critical areas are identified to the staff as areas that have a direct bearing on the health and well-being of the children e.g. kitchen/ eating area, washrooms etc. The health and

safety of each child is monitored at all times. Staff are trained on CPR and First Aid training and maintain regular communication with parents as to the health, safety, nutrition and well-being of the children.

All parents are informed, before the enrollment of their children, about the school policies regarding sickness, special requirements and notifications regarding dietary restrictions, sleep, exercise/activities, and administration of medication, allergies and other details that are essential to the children’s health. The health related requirements of each child are communicated to the staff and appropriately recorded and/or implemented, as necessary, by the school prior to children’s participation in the school program.

All snacks and lunches are prepared from the basic ingredients on the premises at the school. These meals are prepared according to Health Canada food guide by a qualified staff with food handlers training and certification. The school provides mostly organic and whole wheat products. Any special dietary requirement of children (allergies etc.) are noted and carefully monitored and maintained.

A written log is maintained in the school eating area, which specifies all the special dietary requirement of .

children. All children are encouraged to help themselves during lunch and snack time. The pouring skill in practical life area in the classroom is further enhanced when children pour their own milk or water in their cups to drink.

All the fire alarms and other safety equipment are monitored and checked as per schedule by qualified and authorised personnel. Fire drills are carried out monthly and a log of these drills is maintained.

What Goals do we seek?	How will we achieve this goal?	Success measure	By when?

Encouraging Positive Engagement among Children, Parents, Staff and Community Partners

A. Support of positive and responsive interactions among children, parents, child care provider and staff:

The school believes in maintaining a healthy relationship with the families and partners of the community. Communicating together involves two ways of sharing information and helps to build a common understanding. Our staff and parents are encouraged to maintain an open and receptive dialogue regarding the Montessori program, and we strive to ensure that both staff and parents are able to speak with one another on a frequent basis regarding each child’s progress and development. Further, when staff are notified by parents about any particular concerns or inquiries, they strive to act as promptly as possible to achieve a beneficial resolution of the matter, and keep parents informed throughout the process.

What Goals do we seek?	How will we achieve this goal?	Success measure	By when?
Ensure that parents are encouraged to approach staff with any questions or concerns they may have regarding the Montessori program at any time	A log will be maintained for any issues or concerns that the parents may have regarding the school program and resolution of the issues will be tracked on this log.	Initiate the log book and note all minor or major concerns on this log	Completed June 2017 Ongoing 2022

[Section 46(3)(b)]

B. Foster the engagement of and ongoing communication with parents about the program and their children

The school promotes an honest and respectful relationship with the families. The open dialog with parents allow the teachers to understand what is happening at home and how this may affect the child at school. The parents also have the choice to call or e-mail the school to find about what is happening during their child's day at school and how they are progressing. There is an information night at the school to introduce the parents about the Montessori curriculum and answer any questions. Parent-Teacher meetings are scheduled twice a school year. Additional meetings can be arranged anytime in between to address any concerns as they arise.

What Goals do we seek?	How will we achieve this goal?	Success measure	By when?
Regular scheduled parent-teacher meeting are held twice a year to review children's performance in the class, agree on performance expectations/goals for each child and address any concerns that the parents may have. Any issues or concerns raised by the parents are logged for resolution.	Completed June 2017 Ongoing 2022

[Section 46(3)(h)]

C. Involve local community partners and allow those partners to support the children, their families and staff

School concerts, observation week and field trips are effective platforms to build parent –teacher relationships. Families feel more involved with their child's experience at the Montessori school. The school is also actively involved with the regional government to benefit from their available programs and support services and is currently a partner with the PIRS program to provide support and all the available services to children with special needs. The school has also recently signed the agreement the Region of Peel to allow families with fee subsidy agreements to enroll their children at the school.

We develop positive relationships with neighboring schools to promote seamless, effective transitions for children and families as they begin their JK programs at other schools.

What Goals do we seek?	How will we achieve this goal?	Success measure	By when?
Strong collaborative relationships continue to be fostered with all community partners, CDRCP, PIRS and Operators Networking groups.	Meet regularly with partnership leaders Work collaboratively with partnership groups/organizations to establish networks	Collaborative practices continue to be developed across the partnership Networks – by attending meetings an participation in orientation sessions with CCMA, CDRCP, Region of Peel, Operators Networks etc.	Completed June 2017 Ongoing 2021

[Section 46(3)(i)]

C. Incorporate indoor and outdoor play, as well as active play, rest and quiet time, into the day, and give consideration to the individual needs of the children receiving care.

Discovery Montessori allows the rest, quiet time and the playtime to have the same level of positive energy. The naptime provides the rest the children need after a busy productive day. It helps them to rejuvenate for the afternoon session. The outdoor playtime is an excellent opportunity to play games and master emerging physical skills. The children can fully and freely exercise their motor skills like running and jumping. Outdoor playtime in Discovery Montessori promotes cognitive and social / emotional development in children. The teachers encourage them to invent their own games and allow them to make their own decisions by taking control of their own movements.

The outdoor playtime is also an opportunity to promote the understanding of why rules are important. It fosters communication skills as children invent/modify rules. The games children play in the school help them to relate the numbers as they count (Mr. Wolf). Discovery Montessori understands and promotes the social custom of playing together and cooperation during play time.

Although the sensorial material in the classroom is a great source of connection to the world outside. A nature walk in the school backyard further enriches their experiences of aesthetics. They learn through their senses. The sound of the birds, the squirrels and rabbits running around, the leaves changing color, are all experiences that are enriching and profound.

What Goals do we seek?	How will we achieve this goal?	Success measure	By when?

5. Ongoing Professional Development of the Staff

The school employs qualified early childhood staff to maintain the highest quality of excellence in childcare. Training and continuous skills enhancement of the staff is an essential requirement to be maintained for the staff at Discovery Montessori. Through on-going staff training and continuously exploring and reviewing available workshops, the school management is striving to evolve and enrich the school environment with new ideas and materials. A majority of our staff members have the requisite and up-to-date CPR and level C First Aid training and the rest of the staff members are enrolled in courses to complete this requirement within the next six months. This will greatly help the teachers to feel confident in handling any classroom crisis.

The teachers are also required to attend the “Duty to Report” workshop so as to better recognise and report any child abuse or neglect and endangerment case.

Training has been very beneficial to The Discovery Montessori as the teachers bring new ideas , trends and discipline to the school, The staff feels very motivated and engaged and are happy to bring new energy to the class rooms.

The school holds regular monthly staff meetings to share experiences, discuss issues and concerns and provide suggestions for improvement.

What Goals do we seek?	How will we achieve this goal?	Success measure	By when?

Program Statement Implementation Policy

1. The Discovery Montessori is committed to supporting children to grow to their fullest potential in a safe, caring and nurturing environment. The program statement describes Discovery Montessori's specific goals for children's learning and development, and the approaches that will be implemented.
2. All staff, students and volunteers will carefully read the Discovery Montessori Program Statement and sign off in the Policy and Procedures Sign off sheet prior to employment or prior to interacting with children, and when the statement has been modified, and on an annual basis.
3. The school supervisor will review all sign offs by staff, students and volunteers and sign the review sheet to indicate that the review process has been completed. The School supervisor must be confident that the staff, volunteer or student is fully aware, and understands the Program statement and its implementation timeline.
4. The school supervisor will meet on a regular basis with each staff member to establish a clear understanding of the program statement, to support staff in their delivery of the Program Statement and to aid the staff in self-reflection, to be recorded, and added to the sign off sheet on a regular basis.
5. The school supervisor will discuss curriculum, Ministry of Education licensing, and quality assessments, and parent feedback results with the school staff during staff meetings.
6. The school supervisor will provide staff with opportunities to attend all mandatory and supplemental training. Track all training completed by each staff.
7. The school supervisor will monitor all staff, students and volunteers for compliance with the approaches set out in the program statement and the commission of any prohibited practices through a combination of observation; reports from colleagues, parents, and community partners; and program plans and documentation.

5.0 SCHOOL HISTORY

Since the year 2000, The Discovery Montessori School has provided unparalleled educational, academic, and social experiences for the children when it started its first campus at the Erindale location on Dundas Street in Mississauga. Expanding and developing over the years, The Discovery Montessori School has become a model Montessori institution for children from infancy through pre-school age. The tradition of excellence established at the Discovery Montessori School continues to provide a warm, caring and exciting environment. We employ the best Montessori teachers and offer an established, comprehensive, and creative curriculum. The faculty at The Discovery Montessori School takes great pride in the achievements of both current students and alumni. We are proud to state that the Discovery Montessori is among the most highly recommended and preferred Montessori schools in the Peel & Halton regions.

6.0 THE MONTESSORI CURRICULUM

The Montessori classroom is divided into several areas including, language arts, sensorial exercises, cultural activities, practical life and Mathematics. Classrooms will include a classroom library. Each area is made up of one or more shelf units and display cabinets with a wide variety of materials on open display ready for use as children select them. Each classroom is directed by a qualified teacher who has the necessary skills, experience and qualifications for the program.

Practical Life. These exercises include self care, care of the environment, grace and courtesy. While doing these exercises the child develops concentration, independence and control over his motor skills.

Sensorial. These activities, done first through matching and later through grading, increase the child's ability to discriminate sensorial impressions.

Language Skills. Children are introduced to the phonics. Through phonic exercises and games, reading becomes effortless and pleasurable.

Mathematics. Montessori students explore the quantities, symbols, sequence and operations of basic facts by using concrete materials. This hands-on experience helps them to understand the mathematical concepts.

Culture. Through Montessori materials children are able to explore the areas of biology, geography, history, and science.

Besides these **five** main areas of instruction, The Discovery Montessori also offers French language, music program, arts and crafts, and physical education for the children.

10 ARRIVAL, PICK UP AND PARKING

The Discovery Montessori strives to be a respected and responsible member of the residential community on the 9th Line area. Please respect the sanctity of the surrounding by approaching and leaving the school slowly and safely.

- **Morning:** The school begins at 8:45 am. Children should be brought to the school at 8:45 am and should be picked up at 11:45 am.
- **Afternoon;** The school begins at 12:30 p.m. Children should be brought to the school at 12:30 pm, and should be picked up latest at 3:30 pm.

Parents are responsible for escorting their child as well as carpool children to the classrooms making sure that a teaching staff is aware of the child's presence. Children must never be allowed to walk into or out of the school building by themselves. Your child will be released at his/her appointed school closure time. Please do not ring the bell before this time as it is disruptive to the class. Similarly, late arrivals in the morning and afternoon are also disruptive for the rest of the class.

NO CHILD WILL BE ALLOWED TO LEAVE THE SCHOOL WITH SOMEONE OTHER THAN A PARENT OR A PERSON AUTHORIZED BY A PARENT. However, in case of special circumstances, if there is a change in the pick-up arrangement the parent should inform the school staff preferably in person or by telephone explaining the reason for the change in pick up arrangement.

If a parent has been granted sole custody by a court order, in which case only the custodial parent may be allowed to pick up the child. Parents should provide to the school, a copy of the court order which prohibits or limits one parent's access to the child.

If a non-custodial person attempts to forcibly pick up a child from the school, the school has the right to call the police and the CAS for appropriate action.

EARLY ARRIVAL/LATE PICK UP

Parents are responsible and accountable for dropping and picking up their children in time as the regular Montessori program officially ends at 11:45am and 3:30pm respectively. There will be a charge of \$15.00 for every 15 minutes or portion thereof for children who are dropped off earlier than their appointed time and for children not picked up by their appointed pickup time. Please call the school office at **905-824-9246** in case of an emergency.

PARKING AREA

Due to the limited number of parking spaces please leave the school premises after dropping off your child. Please do not park in a no-parking zone, a fire lane, in front of the fire hydrant or in front of access to the school building.

11. LUNCH SNACK AND NUTRITION

The Discovery Montessori provides a healthy nutritious morning snack, lunch and an afternoon snack for children attending full day (8:45 am – 3:30pm). The school also provides a healthy and nutritious snack for children attending half day programs (8:45 am– 11:45 am or 12:30 pm – 3:30 pm). The lunch and snack menu is prepared from mostly whole grain and organic dairy products, fruits and vegetables and consists of a variety of foods from each of the food groups including milk and/or water. Our school menu has been approved by a registered dietician and nutritionist and meets or exceeds Health Canada Food Guide serving requirements for grains, fruit, vegetables and dairy. A menu will be provided to each family and will also be posted within the school for easy reference.

11.1 ALLERGIES

The school has been declared as a **NUT FREE ZONE**. Every effort is made to ensure that nut products do not enter the school as we have children in attendance who are severely allergic to nuts. As per the school policy, we are unable to distribute birthday snacks or food treats that are brought in to the school by students. If you wish to celebrate a special occasion (e.g. Halloween, Valentine's Day, Birthday, Easter) please **do not bring any edible items**. Parents may however share stationary items (pencils, erasers, stickers, etc.) if they wish to do so. A list of all the children with known allergies to specific items will be posted in the class rooms and kitchen for teacher's information.

12. HEALTH AND ADMINISTRATION OF DRUGS

No medication, prescription or non-prescription, will be administered to a child without specific written permission from the parent and the physician. All parents must fill in the Parents Authorization for Administration of Medication form (available from the school office) if they wish their child to be administered any medication while on school premises. The prescription must be specific for the child in care and in the original bottle or container with the written order of the physician not more than six months old. Parents should not put medication of any kind in the child lunch box.

The physician's instructions for dosage must be followed exactly as prescribed on the label of the medication. All medications will be kept in a locked cabinet which is properly stored out of the reach of children. All unused

medications will be returned to the parent or disposed of in a way that is completely safe and out of the reach of children at any time. The school will keep a record of all medications administered to children.

This medication log form will be placed into the child's file. All medications will be administered by the school Directress or her designate.

Topical medications such as lotions, petroleum jelly, sunscreens and skin rash creams also require written permission, which is valid for one year.

13. CLOTHING

The school encourages the parents to send their children dressed in comfortable clothing suitable for sitting on the floor. Clothes should be washable and easy for the child to manage. Practical clothes that the child can manage on their own build a sense of self-confidence and independence. Parents should remember that since many of the children have newly acquired toileting skills, belts and buckles are an unnecessary impediment to a quick trip to the bathroom. Pants with elastic bands are much preferred. Children will play outside if the weather permits. Please be sure to dress your child with the assumption that they will play outside.

CHANGE OF CLOTHING.

Children in the Casa (Primary) room are expected to be toilet trained, but occasional accidents do happen. For that reason, each child must have a complete change of clothing at school. If a child wets or soils himself/herself, a staff member will assist the child in changing his/her clothes. Wet or soiled clothes are sent home in a plastic bag.

14. PARENTAL INVOLVEMENT

The Discovery Montessori welcomes parent's input concerning the programs and policies of the school. Since the school is a community established to promote the education and development of the children, it expects and requires that parents take part in the life of the school on several distinct different levels. Parents are expected to be available to communicate with the class teacher or Directress to share in their child's progress and needs. On occasion parents are encouraged to provide supervision for field trips. Parents are also encouraged to share their talents, hobbies or careers by making a classroom presentation.

15. FIELD TRIPS

The Discovery Montessori children may occasionally go on field trips, such as to city library, parks or fruit farms. Parent organizers and chaperons are often needed. This is a useful opportunity for parents to share their child's school experience.

All field trips will be announced in advance and all children must have a signed permission slip from the parents to participate in the field trip. Please note that there will be an extra charge for these field trips.

16. HOLIDAYS AND SICK LEAVE

The Discovery Montessori will observe the following holidays during the year.

- | | |
|-----------------|--------------------|
| • New Years Day | • Summer Holidays |
| • Family Day | • Thanksgiving Day |
| • March Break | • Winter Break |
| • Good Friday | • Staff PD day* |
| • Easter Monday | |
| • Victoria Day | |

*Announced prior to the date.

16.1 SICK LEAVE

Parents must bear the main responsibility by not bringing their child to school when the child is ill or just not feeling well (which can be the most contagious time for an illness). A child must be symptom free for 24 hours before returning to school.

If a child will not be attending school because s/he is ill, the parent must notify the office.

Children attending The Discovery Montessori after an illness are expected to follow the group schedule and be well enough to participate in all activities. The child's physician should fill the required form verifying his/her fitness to attend the class.

Parents should not send a child to the school on days when any of the following symptoms are present:

- fever - rash - cough – sore throat - pink eye - profuse discharge of mucus from nose or eyes - diarrhea - vomiting

16.2 SCHOOL CLOSING DUE TO INCLEMENT WEATHER/EMERGENCIES

The Discovery Montessori will be closed for the day whenever the Peel board of education decides to close the schools due to inclement weather condition or any other emergency. Parents may monitor these closing by listening to the local radio station and by watching the local TV.

17. WAIT LIST, ADMISSION AND DISCHARGE POLICY

17.1 WAITING LIST POLICY: The school does not maintain any waiting list and all admission applicants are entertained on a first come first served basis. If there are no vacant spots available, all prospective admission applicant parents are requested to contact the school at a later date.

17.2 ADMISSION POLICY: Please download the admission forms from our school website <https://discoverymontessori.ca/admission-info> An interview will be arranged to familiarize you and your child with the surroundings, answer questions, and complete admission forms prior to enrollment. A one-time non-refundable registration fee of \$ 200.00 is also required and must be paid at the time of registration. All paid tuition and other fees are non-refundable.

Please note that the school admits children whose parents are eligible for fee subsidy from the Region of Peel

17.3 DISCHARGE POLICY: Written one month notice of permanent withdrawal prior to the end of the school year must be given before the first of the month. Full monthly tuition fees are owing if written notice is provided on or after the first of the month. No credit will be given for illness, vacations, personal leave of absence, emergency or weather related school closures or designated school holidays as well as winter and spring breaks. A permanent place cannot be guaranteed if you wish to temporarily withdraw your child for personal leave of absence or any other reason.

17.4. ENROLLMENT TERMINATION POLICY.

Because the school provides child care and education in a group setting, the welfare and safety of all the children as well as the staff is our concern. If a child, despite the best of the efforts of the school staff, is unable to adjust to our Montessori program, is disruptive and /or is consistently insubordinate, and has a serious behavior problem, the directress will contact the parents to take specific steps at home to achieve behavior improvement within a specific time. However, should repeated issues, which may include parent's attitude, occur, the school reserves the right to terminate the enrollment of a child if it is deemed necessary in the best interest of the child and the school's operating environment.

If a parent/family member, for any reason, does not comply with our school procedures, is discourteous to the staff of the Discovery Montessori or is considered chronically disruptive to the school operations, the child's enrollment will be terminated.

Under most circumstances, families and children shall be given two weeks written notice in order to prepare for the dismissal. The school will refund the portion of the tuition fee, if any, after deducting the daily rate amount for each day the child was enrolled

18. SCHOOL PRIVACY POLICY

Safeguarding personal information of students and the teaching staff is a fundamental concern of The Discovery Montessori. The school is committed to meeting or exceeding the privacy standards established by the Personal Information Protection and Electronic Documents Act. The School Privacy Policy clearly describes how the school collects, utilizes and maintains the personal information of its students and staff. All concerned parents can review the school privacy policy by contacting the school Directress.

24. PARENT’S GRIEVANCE RESOLUTION PROCEDURE

The Discovery Montessori recognizes that as part of any relationship people periodically disagree on issues, and encourages everyone in the School Community to treat these disagreements as healthy opportunities for dialogue and positive outcomes.

It is expected that all members of the school community (parents, staff, supervisor) will make every reasonable effort to communicate openly and respectfully with each other to resolve disagreements in a non-confrontational , effective and timely manner and in the best interests of students at all times.

PROCEDURE

It is expected that school administrators and staff, with all good and positive intentions, will resolve school-based disagreements in accordance with the dispute resolution procedure established by the school and described below.

1. When the dispute involves a teacher or other staff member, the parent should bring the matter to the attention of the teacher or other staff member to attempt to resolve the matter together by seeking an appointment to discuss the issue. A record of the conversation will be kept by the staff member.
2. If the matter cannot be resolved with the teacher or other staff member or the parent has a significant concern about bringing the matter directly to the teacher or other staff member, the parent should bring the matter to the attention of the school supervisor to attempt to resolve it. A record of the meeting conversation will be kept by the staff member/Supervisor
3. If the complaint is still unresolved and the parent/guardian wishes to pursue the matter further she/he should lodge the complaint in writing with the School Owner/Administrator
4. The School Owner/Administrator will bring the precise nature of the written complaint to the notice of the teacher and seek to resolve the matter between the parties within 10 days of receipt of the written complaint. For this purpose, the School Owner/Administrator will:
 5. Provide the teacher with a copy of the written complaint; and
 6. Arrange a parent meeting with the teacher and, the School Supervisor with a view to resolving the complaint. Such a meeting should take place within 7 days of receipt of the written complaint.
7. If the complaint is still unresolved and the parent/guardian wishes to pursue the matter further, the matter may be raised and discussed by the parent with the local office of the Ministry of Education in consultation with the school supervisor.

25 FIRST DAY ITEMS

In order to ensure a comfortable environment for your child at the school, please bring the following items with your child on the first day of school

- i. A spare change of clothes (shirt, pant, socks, underwear)
- ii. A pair of comfortable indoor shoes (closed toes, these will stay in school.)
- iii. For full day kids only – a blanket, a small cot sheet and a small pillow (Please do not send adult pillows)
- iv. Please apply sunscreen to your child prior to coming to school. Sun screen with a minimum of SPF 50 is recommended.
