

Safeguard Your Quality of Life

Are you experiencing forgetfulness, loss of concentration, uncertain balance and coordination?

ZING
PERFORMANCE
Innovation In Cognitive Care

Don't let cognitive decline rob you of your joy of living. It only takes a few minutes to take our **FREE** Cognitive Skills Assessment. Those few minutes can be the start of a richer, more independent life!

Simply scan the QR code and follow the instructions on the assessment webpage. Your results will be available immediately.

Zing Performance Cognitive Programs Are Medicare Approved and Give You a Lifetime of Improved Memory

For seniors, it's common to face challenges such as memory lapses, difficulty focusing, and reduced physical coordination. These issues can impact your daily living and diminish your quality of life, making it harder to maintain independence and engage in activities you love.

Zing Performance's app-based cognitive wellness programs have a 25 year record of success in over 30 countries at improving seniors' cognitive health, including:

- ✓ preventing and reversing memory loss
- ✓ Improving balance and reducing falls
- ✓ Increasing self-confidence
- ✓ Recovering lost skills

Zing programs are scientifically designed to address the root causes of cognitive, mobility, and balance challenges.

Brain Efficiency Improvements After 90 Days*

*Above results are not necessarily typical and due to the individualized nature of the Program your experience may differ.

If you would like more information on the Free cognitive skills assessment or Zing Performance cognitive programs, please contact us at the number below or email us.
