

Hello All,

As we progress with the season I want to remind everyone of a couple of things.

1. If you are going to cancel playing golf please give as much notice as possible. The courses (KMD and GHGC) understand if you wake up and are not feeling well. Please text or call me in the morning if you cannot play. If I turn in my list the morning that we are scheduled to play and your name is on the list, the course will consider you a "No Show" for that day, and the league could be charged.
2. The pairings sheet posted in the main building on the bulletin board is for information only. Please do not write your name in any open slots. If you want to play golf please text or call me and I will add your name to the pairings list for the golf course.
3. As a reminder Guests cannot participate in the KP or any contests.
4. Handicaps are available on the website under "Handicaps and Scores".
