

ARRAN MALTS 2 HANDED LIVE RESULTS – TIME TO WIN FUNCTION

There is a **Time-to-Win** function on the HALSAIL results page showing if a competitor still racing can beat one that has finished. This adds extra interest not only for the competitors but also spectators.

The **Time-to-Win Page** is designed to show which boats could win and when they have to finish in order to beat the current leader where the first boat may finish many hours before the slower ones.

To view the time-to-win page bring up the Results Link Page on the Largs Regatta Festival Website 2 Handed Notice Board or by the URL:

<https://halsail-1e484.kxcdn.com/Result/Public/93542> .

There is a clock icon towards the right of the blue bar. Click the clock icon to see the time-to-win page. It is not active until the first competitor finishes.

Competitors are shown in coloured bars showing their status. An actual time to beat for 1st and subsequent places is also shown.

Already finished
Still racing and could win
Still racing, but cannot win
Finished racing, non-finisher

Enjoy!

Peter Wright, 2H Race Officer
