WATERCRAFT

DEBUT CATALOG SPRING 2022

Introducing... Aquaform Watercraft

After many years of careful development we are proud to launch Aquaform Watercraft. With European inspiration, we have carefully tailored the details and finishes to meet the refined taste of the American boater. Our line of boats offers a fun, agile, rigid inflatable everyday runabout with textures and amenities found in luxury yacht tender often seen in European turquoise oceans. Aquaform Watercraft was born to bring owners a stylish and sexy experience that promises high performance and unparalleled quality.

We carefully design, manufacture, and assemble each unique boat utilizing the highest quality materials and processes. Aquaform Watercraft is proudly based in Northern Michigan, where the beautiful blue waters of Grand Traverse Bay have long been an inspiration to our team's vision.

AF 250

The Aquaform 250 offers ample performance with spacious luxury, while retaining the extraordinary sea-keeping qualities inherent in the RIB class. The High Step Deep-V Hull design not only meets requirements for CE certification, but also provides the optimum balance between high performance and a sumptuously appointed contemporary family boat.

The extensive specification list includes features like U-form rear sofa-style seating, stainless steel bow rails, a centrally-positioned steering console with internal storage space, a 60 gallon built-in fuel tank, a 23 gallon fresh water wash down, available real teak deck finish, and a spacious bow with bed-style cushion and table. When you are ready for some tubing or waterboarding the 250 will tow guests out of the water with ease, and even accommodates up to 13 passengers. The 250's distinct contemporary styling and comfort, accompanied by outboard motors up to 250 HP give this model a degree of authority and elegance that surpass the expectations of our most discerning customers.

AF 250

IMPRESSIVE HANDLING

Despite the AF 250 being a sizable model, it is remarkably agile and offers precision handling. With the uncompromised power-to-weight ratio of our Ribs, the AF 250 will turn on a dime and accelerate incredibly quickly.

SPACIOUS LOUNGE SEATING

With generous forward and aft U-shaped seating there is plenty of room for family and friends. Use the sundeck cushions and both areas become spacious sun-bathing zones.

SOPHISTICATED, INTUITIVE CONSOLE

Choose from a traditional analog setup or upgrade to dual digital panels. Add the marine wireless phone charger to make your control setup as convenient and accessible as possible.

RESILIENT SEAWORTHINESS

With a deep-V hull and commanding helm position, pilots feel confident in rough seas. Paired with twin 115 HP engines and the AF 250 has the ability to handle in ways most other Ribs this size cannot.

AF 250

FEATURES

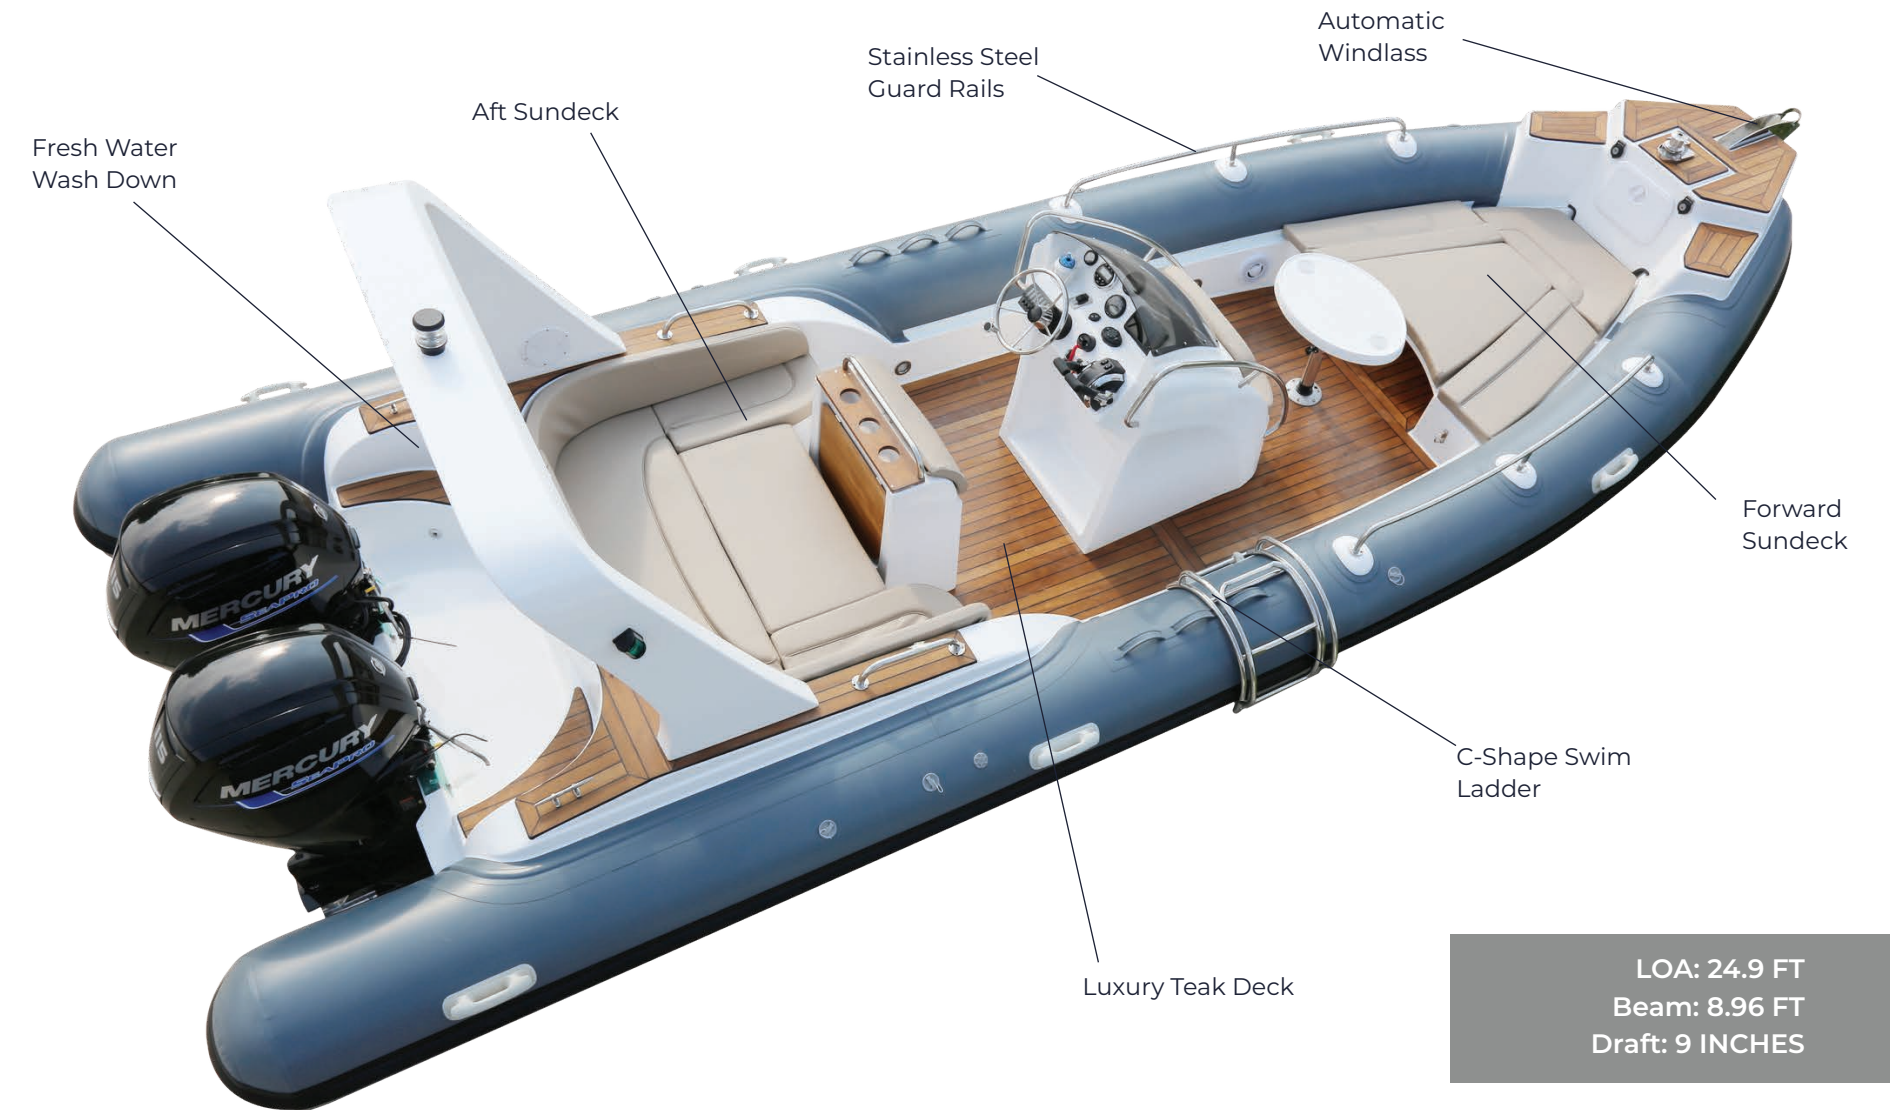

- Deep-V fiberglass hull with transom extensions, bow towing eye, and self-bailing cockpit
- Heavy-duty French Orca tube
- Automatic Windlass with anchor locker and bow locker compartment
- Bow step plate with two cleats

BEAM : 7.8 FT

DRAFT : 6 INCHES

AF 200

With contemporary styling and performance to match, the hull and tube geometry of the AF 200 is formulated on a synthesis of modern design and ergonomics. Dynamic shape contouring with elegant lines make this RIB stand out. The AF 200 is equipped with a comprehensive list of standard equipment as well as several options to make this a fully loaded machine that can take on any conditions.

Pair the AF 200 with the optional 115 HP power plant and digging out of a tight corner becomes a breeze, not to mention how it effortlessly flies down the straights to get you where you want to go.

The AF 200 stands apart from anything else on the water in every atmosphere. Whether at the local boat launch or cruising through an exclusive marina, this model will make heads will turn.

AF 200

LOA : 20.25' Beam : 7.8' Draft : 6"

EXHILARATING TO DRIVE

The AF 200 is the perfect size to easily throw in the water and get to where ever you want to be quickly!

PLENTY OF INTERIOR SPACE

Between the aft lounge, the forward helm seat, and bow seating, there is plenty of space for your guests

ELEGANT SILHOUETTE MEETS SPORTY FLARE

From every angle of the AF 200 it appears to be traveling at full speed. The rise of the bow wonderfully balances the opposing lines of the helm and arch.

AF 200

FEATURES

- Deep-V fiberglass hull with transom extensions, bow towing eye and self-bailing cockpit
- Inflatable 5-section tube
- Anchor locker and bow locker compartment
