Santa Barbara Woodie Club
Membership Application

We invite you to become a member of the Santa Barbara Woodie Club (SBWC). Membership is open to anyone who owns, drives, or simply appreciates the wooden car. The club recognizes wood-bodied cars of any year, make or model, American or foreign, original, restored or modified. You do not have to own a Woodie to become a member.

We are a chapter of the National Woodie Club, and as such, a separate membership in the National Woodie Club (NWC) is required. You can apply for NWC membership at www.nationalwoodieclub.com.

Annual dues in the Santa Barbara Woodie Club are $25 payable each year on August 1. Members will receive club updates and a monthly newsletter by e-mail. Printed mailings are available for members without email, although we encourage electronic communication whenever possible.

New members will receive the club sticker (exterior application) and/or a water-transfer decal (interior application) for the car window. Personalized club name badges are also available for purchase.
