\$250/student

WEST helped me think outside the box.

I have already started using what I learned from WEST.

After WEST my work has been significantly easier.

WEST Training

Using the WEST training you will learn about:

- History of employment services
- Discovery & career planning for employment and community connections
- Building business partnerships
- Funding employment programs
- Benefits training
- Systematic instruction
- Task analysis
- On the job supports
- Coaching strategies

Trainings and Supports Offered

The WEST program offers more than just certification training. We can customize training to meet your needs whether you are a business, case manager, provider, state agency, advocacy group, etc.

Some of our trainings:

- Discovery & career planning
- Providing quality customer service to the disability community
- Building business partnerships
- Funding employment programs
- Benefits training
- Person centered planning
- disAbility friendly business campaigns
- On the job supports

We also offer on-site supports to develop employment strategies for people with disabilities.
