

You are not alone... we are stronger together.

Strengthening the CSEA Relationship through the Insurance Program

Offering a voluntary insurance program since the 1930s, CSEA was a pioneer in the group insurance program that has benefited thousands of members and their families over the decades.

These specially negotiated group plans are only available as a CSEA Member. All plans are with A+ rated carriers vetted by CSEA & obtained through the union's strength of extensive membership. The program today is better than ever with a full range of offerings from life insurance products to supplemental disability, to rental and homeowners insurance to auto, boat and motorcycle. We even have catastrophic illness and pet insurance available. Everything that you might need in your life.
