HEALTH & WELLNESS PROGRAM: Ping Pong Health and Wellness Program

PROVIDED BY: The Table Tennis Charity Foundation, Inc., a 501 (c) 3 non-profit organization

The Table Tennis Charity Foundation, otherwise known as the PingPong.GIVES Charity Foundation, was created as a means to improve mental wellness, physical fitness and positive social engagement – through playing ping pong! Clinically validated, playing ping pong is one of the best therapeutic exercises for the brain, not to mention the physical benefits and the positive social dynamics achieved!

In our mission to improve mental wellness, we seek to give back to the community through schools, who share those same goals.

In partnership with the USA Table Tennis Association, the PingPongGIVES Charity Foundation seeks to provide qualified schools with the Ping Pong Health and Wellness Program, ideally at NO cost. The goal is to “Cross-Train Your Brain”, both educationally and physically.

The program provided to your school on behalf of the PingPongGIVES Charity Foundation and USATT benefits all skill levels and will engage students, parents, faculty and staff who are committed to a successful integration and implementation. In addition, participation in the annual “Battle of the Paddles” multi-school event will provide two (2) Scholarship opportunities for qualifying High School Seniors, should we be able to bring that back since Covid.

Please find enclosed an outline for this exciting program. I welcome the opportunity to discuss how table tennis can benefit your school.

Thank you for your participation!

PS – While most of the details in this Program are relevant to your school, some may not be and that’s OK. We aspire to customize a Table Tennis Health and Wellness Program that works for you, regardless of your needs or geographical location.

Sincerely,

Ken Lees | Founder & Volunteer President
