

Greetings Non-Profit / Foundation Partner!

**Our Goals** to raise awareness and funding for Brain Fitness & Mental Health, through Ping Pong, continue to build momentum!

**Our Mission** to integrate Table Tennis into YOUR local community, is now a reality.

**The Opportunity** to partner with the PingPong.GIVES Charity Foundation will enable your organization to bring the annual PingPongforCHARITY™ Celebrity SLAMFest™ Events and Recreation Tournament to YOUR city, providing a means to raise money, increase mental wellness awareness and integrate Ping Pong into your LOCAL community.

The annual events, and its proven business model have produced countless benefits for the initial participating organizations to include:

- ✓ NEW Dollars raised though annual PingPongforCHARITY™ Events
- ✓ ELEVATED awareness of Non-Profit / Foundation Mission and Vision
- ✓ Distribution of dozens of Table Tennis Tables (to neighborhoods, schools & business organizations)
- ✓ Delivery of numerous “Brain Fitness & Ping Pong” Educational Presentations to local groups
- ✓ Deployment of Structured Table Tennis/Brain Fitness Programs to numerous Senior Communities
- ✓ Launching of the Table Tennis Sports and Education Program with numerous public and private Schools

We are excited to build upon the momentum, not only with the continuation of the Annual PingPongforCHARITY™ Event in Virginia Beach, but also the expansion in offering the PingPongforCHARITY™ Events nationally to qualifying Non-Profit Organizations and Corporate Foundations who would like to utilize the brand and the proven event model to raise awareness and funding for their local mental health/brain fitness cause, while integrating the sport into their community.

Thankfully, your organization will benefit from the relationships shared with **KETTLER USA**, an international table tennis equipment manufacturer as well as a host of Celebrities, Table Tennis Athletes and Hall of Famers along with others that serve as Sponsors and Community Partners of the Table Tennis Charity Foundation. Additionally, **The USA Table Tennis Association**, through our strategic partnership, has endorsed the PingPong.GIVES Charity Foundation for its grassroots efforts to bring the sport to all facets of your local community!

Again, thank you very much for the opportunity to partner with you!

Sincerely,

Ken Lees I Founder & Volunteer President  
Scott W. Sautter, Ph.D., ABN I Chairman of the Board

Interestingly, there is much attention (internationally) revealing how the sport of Table Tennis is **ONE OF THE BEST THERAPUETIC ACTIVITIES** for The Brain!

**The Table Tennis Charity Foundation, Inc. is a tax exempt 501 (c) (3) charitable Organization.**

Table Tennis happens to be the world's best **brain sport** and is a better aerobic exercise than you might imagine; it gives your brain one heck of a workout.

A fascinating brain imaging study from Japan found that just 10 minutes of table tennis increases activity in the prefrontal cortex and cerebellum. **It's like aerobic chess.** It's **great for hand-eye coordination** and reflexes (cerebellum and parietal lobes).

You have to **focus** (prefrontal cortex) so you can **track the ball through space** (parietal lobes and occipital lobes), **figure out spins** (parietal lobes and occipital lobes), and **plan shots** and strategies (prefrontal cortex and cerebellum). Then you have to **follow through and execute** those tactics successfully (prefrontal cortex and cerebellum).

All the while, you have to **stay calm** so you **don't get too nervous on game point** (basal ganglia). And you **can't dwell on the point you blew** a few minutes ago (anterior cingulate gyrus) or **blow your top when you make a mistake** (temporal lobes).
