# Special Ordering Instructions

## EXAMPLE:

Split Finish Brass Cabinet Hardware

To order a "1335-15CC x 4" cabinet pull with two different finishes ("split finish"):

When ordering split finish (combination of two finishes) items, FINISH 1 always refers to the part of the item that touches the mounting surface and FINISH 2 always refers to the accent color.

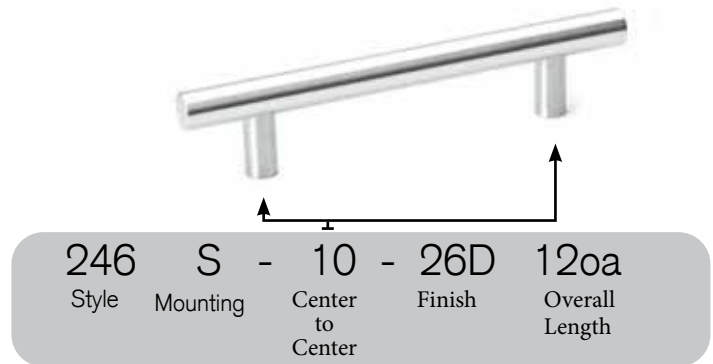

All finishes and codes are provided on page 2-3 of this price list.

## EXAMPLE:

Single Finish Architecture Pulls, Bath Accessories and Towel Bars

Be sure to include the type of mounting you want - through-bolt (T), Surface mount (S) or Back to Back (BxB)

To order a "246S-10-26D 12" OA" Large Handle in a single finish:

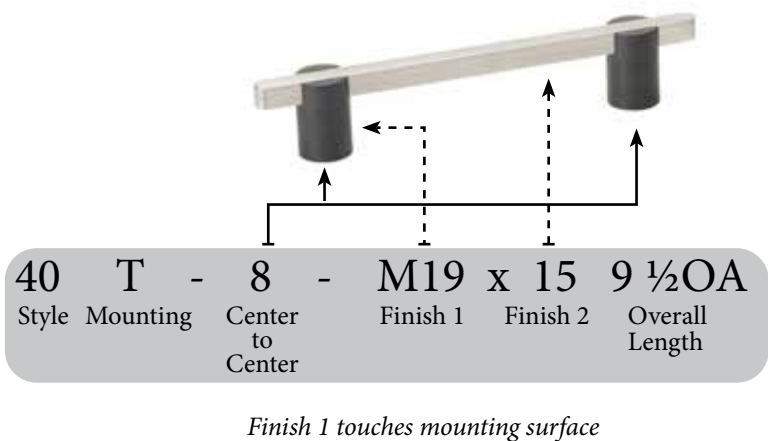

## EXAMPLE:

Split Finish Architecture Pulls, Bath Accessories and Towel Bars

To order a "40T-8-M19x15 9 1/2" OA" Large Handle with two finishes ("split finish"):

When ordering split finish (combination of two finishes) items, FINISH 1 always refers to the part of the item that touches the mounting surface and FINISH 2 always refers to the accent color.

## EXAMPLE:

Custom Switchplates

To order a "6001-1D3T-20" Colonial Style with (left to right) a duplex, and three toggles:

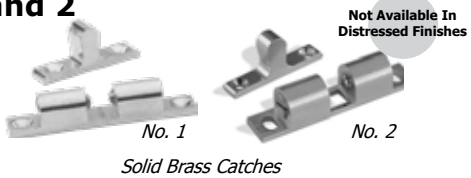

6001-1D1T1T1T-20 will be simplified to: 6001-1D3T-20

6001	-	1D	1T	1T	1T	-	20
Style		First Box	Second Box	Third Box	Fourth Box		Finish
6001	-	1D	3T			-	20

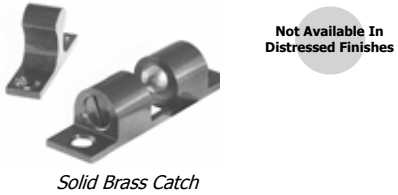

### 1 and 2

Item	Dim	Proj	BBS	BCHR	Tier 3 Finishes	Wt/30
1	1 13/16 x 5/16	3/8	\$9.43	\$11.97	NA	1.7

**Leather Colors and Appearance - Please note**

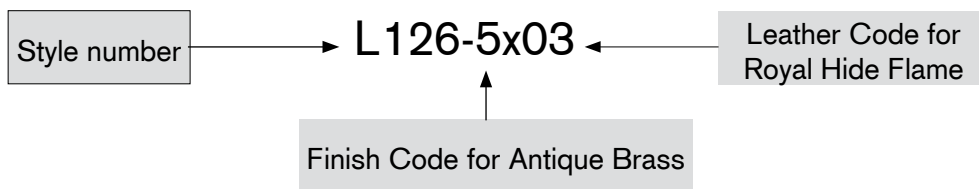

- Leather is a natural product and variations in the appearance of the leather are both normal and to be expected.
- If your customer is concerned about color variations, we can arrange for a sample cutting for approval, or CFA, of the leather selected. If a CFA is requested, we will warrant that the leather that will be delivered will match the CFA sent to you. Please advise us as to the item and quantity to be ordered so we can insure that we hold the necessary amount of material needed for the order.
- **If a CFA is NOT requested, the leather delivered will match the current die lot that we receive from Edelman Leather. We cannot be held responsible for variations, and such variations do not constitute a defect.**

**How to Order Tanner's Craft®**

In order for us to create our fine hand made leather accessories to your specifications, we need the following information:

- The item number of the style you would like.
- The length and center to center dimension, where appropriate.
- The metal finish you want (see page 5).
- The leather color you want (see pages 6-7).

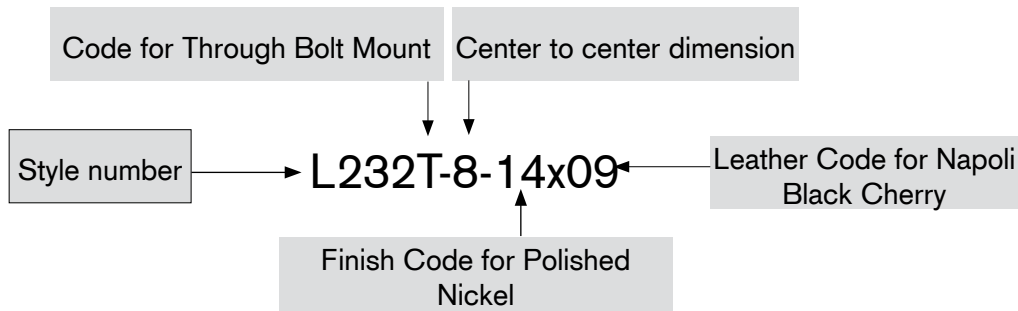

If, for example, an L126 beveled knob is desired in Antique Brass with a Royal Hide Flame leather insert, the item number to order would be

In some cases, a little more information may be required. For the following items, we will need you to tell us the type of mounting you would like - through bolt (typical) or surface mount (when you cannot access the back of the pull to screw it into place).

For example, if a surface mount is desired for the L232-8 pull, the item you would order is L232S-8; if a through bolt is desired, the item number you would order would be L232T-8.

Below is an example of the correct ordering code for an L232 pull with through bolt mounting in polished nickel and Napoli Black Cherry leather.

**Items that can be through bolt mounted ONLY (no BxB mountings possible)**

L247 series	L270 series	L271 series	L300 series	L312 series
L313 series	L460 series	L535 series	L536 series	L711 series
L827 series	L847 series	L1307 series	L1308 series	

**Items that can be either through bolt or surface mounted (allows for BxB mounting)**

L205 series	L232 series	L242 series	L243 series	L244 series	L246 series
L275 series	L276 series	L537 series	L538 series	L661 series	L828 series
L829 series	L842 series	L846 series	L861 series	L1309 series	L1310 series

**Leather and Metal Finish Care**

- Leather is not something that should be frequently cleaned. Leather will age with use and may darken over time. Good leather does not wear out...it wears in.
- Leathers that incorporate Edelman’s patented Edge<sup>®</sup>  protection will have significantly greater resistance to stains and marks, without changing the true beauty of the leather.
- Leather can be cleaned with proper leather cleaner that helps preserve the hide’s natural oils as opposed to one that strips the natural oils off. While any suitable leather cleaner can be used, we recommend Edelman Leather’s Cleaner and Restorer.
- Always test the cleaner of your choice in an inconspicuous area to insure that it is compatible with the leather you have selected.
- Every Tanner’s Craft metal finish is protected by Colonial Bronze’s exclusive Finishes for Life<sup>®</sup> guarantee against tarnishing, unless otherwise requested by the customer.
- The metal portion of any product protected by this guarantee will be free from tarnishing, flaking, or discoloration, subject to normal wear and tear, for the life of the product. If any product covered by the guarantee for these reasons, we will repair or replace it at our option.
- The Finishes for Life guarantee extends to interior use of the product only; exterior use of the product specifically is not guaranteed because of the effects of ultraviolet light.

## Is leather a practical choice for the kitchen?

Well, EVOO doesn't frighten our leather...  
(and neither does any other kitchen oil or grease)

We rubbed our Edelman leather with olive oil, butter and other greasy kitchen condiments to test Edelman's assertion that its leather could stand up to the rigors of the kitchen, and every leather came through these tests unfazed.

Being true sceptics, however, we wanted to really see how durable Edelman leather truly is, so we conducted an experiment: We removed the standard chrome pull on our factory men's room door, and replaced it with a pull wrapped in Edelman leather. We wanted to see how Edelman leather stood up to frequent use in an environment where grease, buffing compounds, machine oils and similar soils were the norm.

We are pleased to report that even after more than two years of use, the leather remained beautiful despite the soils, grease and grime of 40 men who washed up in that room at least three times every day. The un-retouched before and after photos below speak for themselves.

# DURABILITY TEST

After more than 2 years in use *before* last cleaning

Close-up of the pull (after two years of use on the men's room door) prior to the most recent cleaning with Edelman Leather Cleaner.

*How hard did we work the leather?*

*Just the facts...*

**40 male employees**

**X**

**3 times every day**

**X**

**5 days every week**

**X**

**127 weeks since installation**

**=**

**76,200 duty cycles**

*That equates to an average family of four's usage for*

**17 years**

After more than 2 years in use *after* a recent cleaning

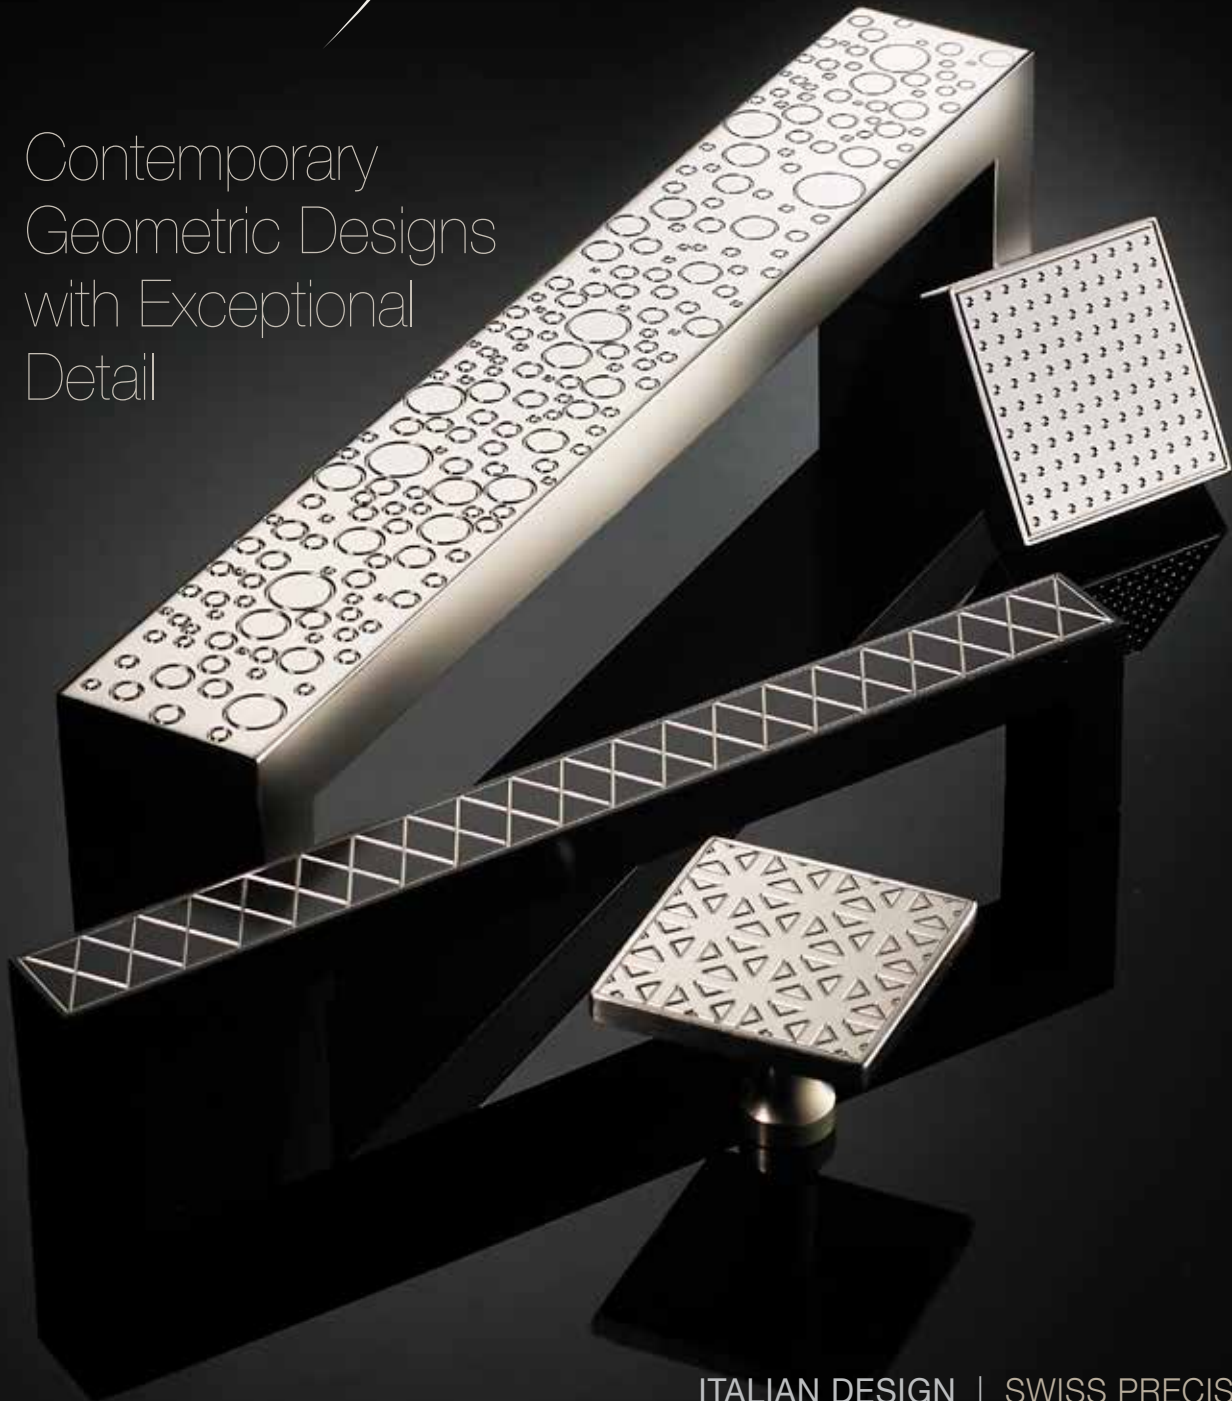

Close-up of the same two-year old pull after a quick cleaning with Edelman Leather Cleaner.

# How to order your Josef Ruffelli hardware in three easy steps

*Josef Ruffelli*

## Step 1: Select the shape and size

## Step 2: Select the design

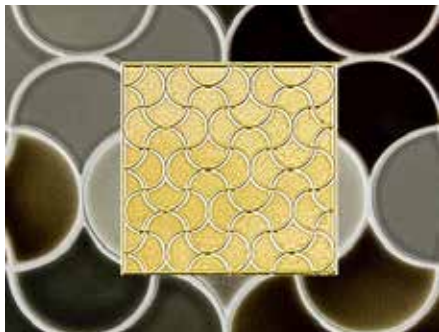

Design	Name	Page
A1	Veneto (Argyle)	63
A2	Tessere (Basket Weave)	63
A3	Diamante (Border Diamonds)	63
A4	Mattoni (Bricks)	63
A5	Bolle (Bubbles)	63
A6	Catena (Chains)	63
A7	Piccolo Gioiello (Little Jewels)	63
A8	Borda Coniati (Coined Border)	63
A9	Quadrettatura (Crosshatch)	63
B1	Mattoni Diagonale Diagonal Bricks	63
B2	Domino (Dominos)	63
B3	Ventaglio (Fans)	63

Design	Name	Page
B4	Lamina (Scales)	64
B5	Parallele (Parallel Lines)	64
B6	Giullare (Jester)	64
B7	Merletto (Lace)	64
B8	Marocchino (Maroccan)	64
B9	Angolo (Beveled)	64
C1	Cordata (Rope)	64
C2	Tuffo (S-Curve)	64
C3	Stelle (Stars)	64
C5	Struttura (Windowpane)	64
C6	Terreno (Fields)	64
C7	Puntino (Dots)	64

A note about the designs we offer...

The designs shown and listed above are truly just the tip of the proverbial iceberg of possibilities. We can apply the skills we have gained in designing the Josef Ruffelli Collection in a variety of ways, from the common to the sublime.

For example, have a centerpoint glass tile mosaic in your project? Why not snap a photo of the design and we will integrate that pattern into the cabinet hardware, subtly reinforcing the message of the central design focus.

Or, need something a little more appropriate than signage engraved by a trophy house? From simple signage to distinguishing trademarks and corporate logos, we can do it all.

# Step 3: Select from the available finishes *Josef Riefelli*

## Single finish Riefelli items

The finishes listed below can be used for ordering a Riefelli design **when the detail and the background finish are the same.** Shown at left is an example of single finish Riefelli in polished chrome with the accents in the same finish also in polished chrome

- |   |  |   |   |  |  |  |
|---|--|---|---|--|--|--|
| <b>3</b><br><br>Polished Brass     | <b>10B</b><br><br>Oil Rubbed Bronze | <b>19</b><br><br>Satin Black         | <b>4F</b><br><br>Frost Brass™    | <b>4</b><br><br>Satin Brass            | <b>M10B</b><br><br>Matte ORB  | <b>M19</b><br><br>Matte Satin Black |
| <b>M4</b><br><br>Matte Satin Brass | <b>14</b><br><br>Polished Nickel    | <b>26</b><br><br>Polished Chrome     | <b>15F</b><br><br>Frost Nickel™  | <b>CU</b><br><br>Polished Copper       | <b>15</b><br><br>Satin Nickel | <b>26D</b><br><br>Satin Chrome      |

Knobs mounted back-to-back on glass or wood doors	B x B	non-oriented knob	9180	1/4-20 x 1-1/4" headless screws

# Terms and Conditions of Sale

## Terms

- Net 30 days.
- Interest at a rate of 1.5% per month on invoices over 30 days may be applied.
- Past due accounts will be placed on credit hold. No orders will be processed nor shipments made until the account is brought within terms. In addition, work on existing orders on the factory floor will be suspended until such time as the account is brought within terms.

## Prices

- Subject to change without notice. Orders will be billed at price in effect when the order is received, except for written quotes specifying otherwise.
- Colonial's reputation for quality, integrity and honesty is very important to us. As part of this ongoing effort to safeguard our reputation, we have a unilateral Minimum Advertised Price (MAP) policy. If a price for any Colonial Bronze product is included in any advertisement, the price must not be less than 80% of the Suggested Retail Price then in effect. Advertising includes, but is not limited to, printed advertisements, promotional mailers, catalogs, faxes, radio, and all electronic media, including web sites.
- In the event that we are informed the minimum advertised pricing policy has been breached and upon fair and adequate proof, we will issue a written warning reminding the offending party of the policy. Any subsequent breach of the policy by the same party will result in nullification and termination of any previous authorizations and agreements, either verbal or in writing, to resell our products.

## Setup Fee, Per Inch Pricing and Custom Leather Cutting Die Charges

- A \$95.00 net set-up fee applies for custom-made items manufactured in size increments other than half-inch or inch increments. The set-up fee also applies for custom projections and similar customization of the product.
- **When computing per-inch prices, the overall length, rounded up to the nearest whole inch, determines the price of the item.** Please keep in mind that custom items that are BELOW the overall length of the shortest standard length may still cost more due to the custom nature of the manufacturing process.
- For custom length L270, L271, L272, L273, L275, L276, L460 and L711's, in the event we do NOT already have a cutting die for the custom size desired, a \$100.00 cutting die charge will be added to the cost. The cutting die will be used to cut the leather precisely to fit your custom length handle. Customer Service will advise you whether the additional die charge is required.

## Shipments

- **Ground freight will be pre-paid on all orders over \$2500.00 net;** all other shipments are F.O.B. Torrington, CT. Shipments to Alaska, Hawaii, and points outside the United States: Freight-prepaid shipments will be forwarded at our expense to the nearest continental port of embarkation; all other shipments are F.O.B. Torrington, CT.
- Note that drop ship and "signature required" fees will be applied to all residential shipments unless prior

arrangements otherwise are made in writing.

- Purchaser assumes full risk for loss or damage in transit upon our delivery to the carrier. Claims for damage must be filed with the transportation company. Colonial Bronze retains the right to designate carriers, and will not accept any additional handling or storage charges.
- In the event that the ship-to address supplied by you is incorrect and an Address Correction Fee is imposed by the common carrier, the correction fees will be billed to you separately.

## **Finish Care**

- To properly clean your finishes, use a soft, damp cloth. Liquid dish washing soap can be used if needed. Do not use abrasive cleansers: they will scratch the protective coating, damage its clarity and void your tarnish-free warranty. Do not use any metal polishing compounds (Flitz, etc.) - the use of such products will void your warranty.

## **Custom Leather Colors for Tanners Craft**

- If a leather color other than our standard leather offering is desired, Edelman Leather determines the minimum amount of leather that we can purchase and will be quoted accordingly at the then-current price per square foot for the leather requested. We will use the requested leather to fabricate the custom hardware, endeavoring to be as judicious as possible in order to return as much of the remaining leather as possible in a usable form to your customer.

## **Expedited Manufacturing**

- We have a team prepared to work additional hours beyond those normally scheduled. We can expedite your order for a 30% upcharge over the net invoice, with a minimum fee of \$100.00 NET. Please contact us to discuss your delivery requirements inasmuch as our ability to offer the expediting service is subject to our available resources.

## **Returned Goods Policy**

- RGA must be requested **within sixty (60) days** of the invoice date for the product being returned.
- Upon request, a Return Goods Authorization (RGA) will be faxed or emailed to you. A printed copy of the RGA must accompany the goods being returned before credit can be issued.
- The RGA number must be written on the outside of the shipping box.
- All authorized returns, except for customer cancellations, must be sent via UPS using UPS return labels that Colonial Bronze will send you via your email address.
- Upon our receipt of item returned pursuant to an RGA, Colonial Bronze will issue you a credit. **Do not deduct credits to which you believe you are entitled from your payments of outstanding invoices. Doing so will delay proper crediting of your payments.**
- **IMPORTANT: If merchandise is damaged in return shipment due to improper repackaging, no credit will be allowed, regardless of the reason for its return.**
- For returns other than defective merchandise, the following restock fees will apply:
  - Standard Colonial single finish items - 25% restocking fee will be charged;
  - Split finish items - 50% restocking fee will apply;
  - Tanners Craft leather - 50% restocking fee will apply.
  - Josef Ruefelli collection - 50% restocking fee will apply.

- **Items manufactured to your custom dimensional specifications, including customized switchplates and bull nosed pulls, cannot be returned.**
- Orders for individual pieces or samples cannot be returned.

### **Cancellation Policy**

- Orders for items with custom dimensional specifications, including custom switchplates, can only be cancelled within 48 hours of the time you receive confirmation of your order. Cancellations received after 48 hours will be subject to a 20% fabrication fee because the order will have been released to the factory floor.
- Orders for Tanners Craft leather items may only be cancelled within **three days** of the date we send you a confirmation of your order because all Tanner's Craft products are made specifically to your order.

### **Limited Lifetime Warranty Information**

- All Colonial products are protected by the Finishes for Life™ protective clear coat unless otherwise noted in our catalog, or unless specifically requested otherwise. If a finish is requested to be produced without a protective clear coat, such as 3A, 4A, 10BU and WB (which is waxed only), the Lifetime Finish warranty is not applicable.
- We warrant to the original purchaser that any product protected by the Finishes for Life™ protective clear coat will be free from tarnishing, discoloration, and pitting for the life of the product, subject to normal wear and tear. Scratches or other normal signs of use are not covered by this warranty. Should any product covered by the Finishes for Life™ protective clear coat fail, we will, at our option, repair or replace it.
- The use of metal polishes (Flitz, Brasso, etc.) on clearcoated finishes will void the warranty because most metal polishes will damage the clearcoat, leaving the finish unprotected.
- These warranties apply only to interior use of Colonial Bronze products and do not extend to the use in an exterior setting (see Note 1 below). Failure to follow the Finish Care instructions above will void your warranty.

**NOTE: Our obligation under this warranty extends solely to the replacement or repair or replacement of the hardware at our option, and does not extend to any costs incurred in to remove or reinstall the product.**

<sup>1</sup> No agent or representative of Colonial Bronze Company has the authority to: waive, alter or supplement these warranties; make any representation or warranty not contained herein; or extend these warranties to other than the original end user of the product.

**Colonial Bronze is not liable for indirect, incidental or consequential damages with the use of its products. This limitation includes, but is not limited to, the cost of removal and/or reinstallation, shipping damages, damages occurring during or after installation or removal, damages from chemical use or improper cleaning or polishing agents, and damages from careless handling.**

These warranties are given expressly and in place of all other expressed or implied warranties of merchantability or fitness for a particular purpose. Please note that some states do not allow limitations on incidental or consequential damages, so the above limitation may not apply. These warranties give you specific legal rights, and you may have other rights which vary from state to state.

**Sometimes it's easy to tell when a company stands out from the competition.**

### Only THE BRONZE can offer

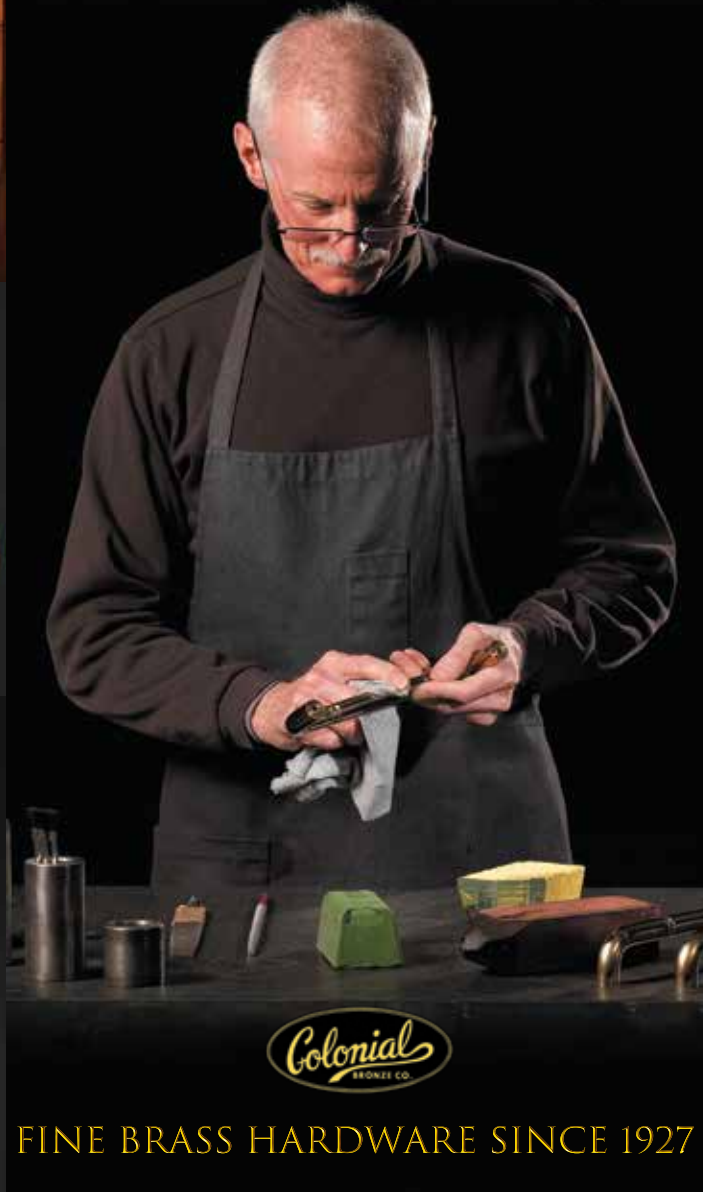

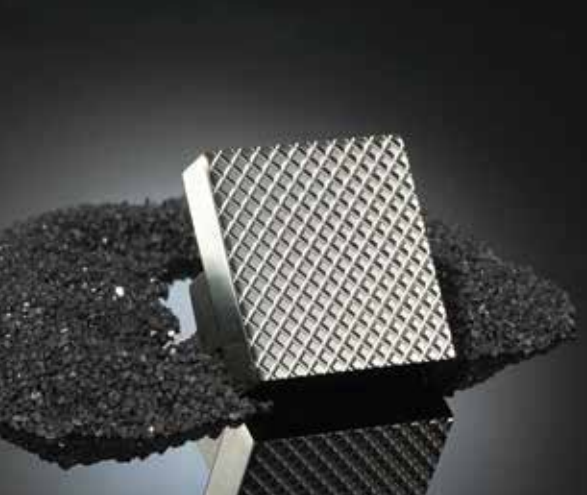

- Custom manufacturing capability - we have made over 65,000 unique items for our customers
- A Lifetime Warranty in writing on all of our finishes, covering tarnishing, flaking, pitting and discoloration
- Hand-Finished, solid brass hardware made in the USA
- Hardware comprised of 94% pre-consumer recycled material - certified by Scientific Certification Systems, the leading auditor of recycled content environmental claims

For more than 90 years, Colonial Bronze has produced the finest cabinet and architectural hardware available. Unlike our competitors, we DON'T import finished hardware from Asian countries - we never allow anyone else to be responsible for the quality that bears the Colonial Bronze name. We control every aspect of our production and the level of quality that goes into our products.

When you select Colonial Bronze, American craftsmen and women will do their best to give you the finest products available anywhere.
