Table of Contents

For installation, operation and maintenance information and instructions, please refer to the applicable MrSteam Installation, Operation & Maintenance Manual(s). Installation Instructions, Installation & Operation Instructions and/or Technical Specifications are included with the product, and can also be found at mrsteam.com. Failure to install any MrSteam product according to the applicable installation manual may result in property damage or an inoperable or hazardous condition. See product packaging and labeling for additional important information.

The products referenced in this Price Book are for residential applications only. Installation of residential products in non-residential or commercial settings (e.g., hotels, spas, gyms, etc.) may result in property damage or an inoperable or hazardous condition. Residential steam products require professional installation by licensed and qualified plumbers and/or electricians. For safety and convenience consult a professional contractor or trade person in specifying the appropriate products.

Experience Serenity.
Feel Healthy.
Feel Good.

Let our innovation help you create your own personal escape,
bringing home a one-of-a kind spa-like experience.

Better. Happier. Healthier.

Create your own personal escape, and luxuriate in the sense of well-being that can only come from your own private steam shower.

The possible benefits from this age-old wellness practice are unparalleled, from stress relief to healthier looking skin to a more restful night's sleep. Paired with a healthy diet and regular exercise, steam adds another way of helping your body cope with the rigors of modern living.

Indulge and escape with MrSteam, for less than you'd imagine. Don't look back. Your personal spa-like sanctuary is finally within reach.

Helps Relieve Stress
Encourages relaxation and fosters a sense of wellbeing.

Promotes Optimal Breathing
Moistens nasal passages

May Help Promote Deep, Restful Sleep
Increase potential for natural sleep patterns.

Cleanses Skin
Opens pores and leaves skin with a healthy glow. May even help with acne.

Supports Athletic Performance
Loosens stiff muscles, reduces soreness, and supports lactic acid breakdown.

Eco-Friendly
A 15-minute steam shower consumes just two gallons of water - compared to 40 for a conventional bath.

May Help Prepare for Temporary Relief of Joint Stiffness
Supports optimal joint function and promotes circulation.

Improves Resale Value
Homes with "Steam Shower" in their description earned a higher sales price.

Enhances Your Shave
Softens and lubricates skin for a smoother shave.

The Intelligent Steambath®
E-Series Generators

MrSteam generators are crafted from recyclable stainless steel and assembled with meticulous attention to detail. Designed, engineered, and assembled in Long Island City, NY to the most exacting standards, our generators are clean, virtually silent, and ultra-efficient.

MS Super Generator

MrSteam MS Generators

Limited Lifetime Warranty

Free from defects in materials and craftsmanship for its lifetime. MrSteam will repair or replace (at its option) a Generator which fails to conform to this warranty.

Steam IQ

Exclusive microprocessor operating system is the brains of our intelligent steam generator.

Self–Diagnostics

LED indicators to help you troubleshoot any connection and maintenance challenges.

Easy On The Environment

Designed to save water and energy. Uses less than two gallons of water compared to 40 gallons for an ordinary bath.

Unmatched Quality and Certified for Safety

High quality construction. UL listed in the US and Canada and CE and NOM certified for unsurpassed safety.

One Platform

All MS Generators work with all MrSteam Controls and with the SteamLinx Mobile App.

Small Footprint

Compact, easy to install, and about the size of a large briefcase. Requires zero clearance, so it can be placed flush against the wall.

Install Up To 60 Feet Away

Install in areas such as a cabinet, closet, under a sealed bench, or in an insulated attic.

Plug & Play Steam Shower Accessories

Easily install spa therapy accessories or components such as AromaTherapy, ChromaTherapy, SteamLinx, and more.

Built With Surgical Stainless Steel

Naturally corrosion resistant, 100 percent recyclable stainless steel.

Safety First

75 minute automatic cutoff, low voltage board, designed for easy access, and safe service.

Industrial Heating Element

Reliable, industrial grade, and the industry's largest copper heating element, heats fast, and is easy to remove and service.

Whisper Quiet

Our water solenoid technology ensures that the generator is whisper-quiet and never hammers or hums.

AutoSteam Water Control

Our automatic water control maintains constant steam by introducing just the right amount of water through a proprietary dispersal chamber.

Generator SmartSizing Calculator

To begin building your MrSteam system, use the Generator SmartSizing Calculator below to determine the steam generator needed to deliver the right amount of steam for your space.

1.

Measure the length, width, and height of the steam enclosure (in feet):

Multiply the Length _____ x Width _____ x Height _____ = Room Volume _____

2.

Construction Materials:

Natural marble, stone, shale, glass block, or concrete: Add 110% _____

Ceramic, porcelain, or glass tile on cement board or mortar bed: Add 40% _____

Ceilings above 8 ft. (15% per foot, max 10 ft.): Add 15% _____

For fiberglass and acrylic: Deduct 15% _____

3.

Add all figures to obtain the Total Adjusted Volume required:

Room Volume _____ + Construction Materials _____ = Total Adjusted Volume _____

4.

Use the total adjusted volume calculation and compare to the specifications chart on the following page (page 9) to select the appropriate generator model for your installation.
