

Proposed Additions to Texas Airstream Harbor, Inc. Construction Standards

1. General - p 1 to include the following:

Permit Fees

Modification of Existing Structure(s)	\$10.00 permit fee
Ground-Up Construction	\$50.00 permit fee
Water Shut-Off	\$50.00 fee

Members are asked to refrain from construction work on Sundays that involves heavy machinery and power tools. Any contracted work should be minimum and unobtrusive to other members.

4. Architectural - p 2 to include the following:

The RV length parked at a cabana must not exceed the front right corner post (as looking from the street) of the cabana.

New construction and enclosing of existing covered area must have all 3 hookups (water, sewer, and minimum of 30 AMP) installed at the RV/Car Port.

6. Utilities - p2 to include

Water cut off valves are required in new construction.
