TGCU

YELLOW ROSE NEWSLETTER
Texas Gulf Coast Unit

...from the TGCU President

Hello fellow camping enthusiast,

Gil and I are back from our summer adventures, and wow—what a journey! We covered 12,185 miles in four months, and this country is just jaw-droppingly gorgeous. Along the way, we met the most amazing people, all with fantastic stories about camping, rallies, and the tight-knit Airstream family. There's something so special about that sense of camaraderie on the road!

I also had the pleasure of connecting with other club presidents and picked up some incredible insights. Now that we're back and "settled" (well, sort of—because we're heading out for International 2024 in Sedalia, Missouri in a week!), it's time to start thinking about our next adventures. We're already planning the rest of our travels for 2024 and 2025. The open road is calling once again!

We're looking forward to seeing all of you at Texas Airstream Harbor for our rallies. And guess what? I'm cooking up something fun: a pop-up boondocking rally for 2025! If you love the spontaneity of life on the road as much as I do, let me know if you're interested. It's going to be an exciting way to explore some lesser-known spots and enjoy the freedom of off-grid camping.

The thrill of traveling, meeting new friends, and exploring wide-open spaces is like nothing else. I'm already itching to get back out there, and I can't wait to camp with all of our TGCU members! Every mile is an adventure, and each stop brings new stories and memories to cherish.

Presidents
Report

"Everyday" is Your
Chance to Make TAHI
A little better!

Fall weather is finally here!...what a great feeling to wake up last week to temperatures in the lower 60's and the high temps of only low to upper 80's and low humidity!...chamber of commerce weather! LOL!

A lot of activity in the past 30 days around TAHI infrastructure, (water and sewer plants). The old sewer plant is now officially gone. Our Operator, Carl Pennington brought in his dirt working equipment and backhoe to first remove all of the old sewer equipment and then bring in 14 loads of dirt to fill the voids left by that removal. The fencing material that was taken

down around the old plant was used to place around TAHI Water Well 3 as required by TCEQ as part of approving the well for use and also for repairs to the fence around the water plant.

Speaking about water, TAHI Water did not escape the over usage during summer.

Several issues came to light; damage to pump controllers from a late August storm; wells 1 & 2 unable to produce enough water to meet the everyday usage of TAHI and Sun 'N Fun neighborhood that purchases water from us. An appeal to TCEQ to grant emergency use of Well 3 was granted that gave us relief to end a plea to refrain from excess water usage. The water tank reserve had been reduced to just under 2 feet before that appeal. Well 3 saved the day! Prior to approval for well 3 your TAHI Water board authorized English Well service to pull the pump on well 2 and place a device on a new pump to relieve gas

that is in all wells in this area to keep the pump from cavitating. That work was done the last day of September and improved the flow of water in that well tremendously. Time will tell how effective the device will be. The good news is: ...TAHI has Water!

The October rally date is scheduled a week later than usual because of the International rally in Sedalia, Missouri. Several TAHI and TGPU members are attending that rally, however the October rally headed by Charlie Petrillo and company promises to be one of the best in a long time with indoor fishing!... You'll just have to attend to find out about that. And, TAHI folks, we are anticipating a large number of visitors during the November rally. Please join in and help where you can.

Beginning with the October rally, TAHI joins together to collect monies and food for the less fortunate in our community. As a community project we help 12 families have a better Christmas with our donations. Please give from the heart. RutheAnn Richardson will head up that project again this year and will begin collecting for that project this month.

During the October TAHI meeting the nominating committee will present names of individuals who, if elected have agreed to serve on the board of Directors. Board members whose terms will end in December are Bill Pearson, Steve Shadd and Fred Richardson.

A reminder that annual Assessments will be due, beginning December 1, 2024.
