

July 25, 2019

James Carreiro
Re-Roofing Manager
Pollard Enterprises Ltd.
1795 Ironstone Drive
Burlington, Ontario L7L 5T8

To Whom It May Concern,

Pollard completed the 18,000 sq ft roof replacement project at our location in June 2019. The work was completed in a timely manner, weather permitting.

During the project I found James and the Pollard crew to be professional, competent and punctual. They provided good communication regarding the daily project status and were willing to adapt and change plans if there were staff concerns regarding noise levels.

We have not experienced any difficulties or leaks since the work has been completed.

Sincerely,

Daphne Everitt
Supervisor, Facilities Operations
