PAVER**

**IT'S A LIFESTYLE!**

TURN YOUR HOME FROM ORDINARY  
TO EXTRAORDINARY!

# YOU CAN SEE THE DIFFERENCE!!!

WHEN IT COMES TO QUALITY, NOT ALL PRODUCTS ARE CREATED EQUAL.

At Lowcountry Paver, we are committed to quality service and customer satisfaction. There are a lot of ways to cut corners to save money in manufacturing. We're not about that. We refuse to jeopardize our reputation and quality by creating an inferior product just to save money. Unlike other manufacturers who focus on making the cheapest products available, our focus is on making the best products, using only the highest grade materials available. We are so confident that we manufacture the best products on the market, that we offer a lifetime transferable limited warranty.

## QUALITY, DURABILITY & AESTHETICS YOU CAN SEE THE DIFFERENCE

Lowcountry Paver

- Smooth tight face
- Lifetime lasting color.

Competitor's Paver

- White Speckles
- Loose textured face
- Chips & lost color

Air pockets make a hollow, weak paver.

# LETTER FROM THE PRESIDENT

A FAMILY BUSINESS DRIVEN BY PRIDE & ETHICS.

## IS THERE REALLY A QUALITY DIFFERENCE BETWEEN PAVERS?

Yes, a huge difference! Trust the professionals. Architects and engineers know the quality and durability of Lowcountry Paver products. It's for this reason, Lowcountry Paver products are specified on municipal and government projects, zoos, military bases, stadiums, colleges, malls, parks, shopping centers, roads and streetscapes throughout the Southeast. Lowcountry Paver products are everywhere. Shouldn't you use the product the professionals trust?

## WHAT IS THE DIFFERENCE?

We focus 100% on the strength, absorption & durability of our products. There are a lot of ways to make the product cheaper: cutting cement, increasing sand, limestone aggregates instead of granite, and short compaction times. We do none of this! These "cost saving" measures result in pavers that crack, chip, and even worse, the face deteriorates leaving you with an ugly, aggregate exposed, washed-out paver. This will not happen with Lowcountry Paver products!

## REPUTATION MATTERS WHEN YOU ARE A FAMILY BUSINESS.

Lowcountry Paver is the Locally-owned, Family-owned & American-owned hardscape products manufacturer serving the Carolina's, Georgia & Florida. My sons and I love our company and love what we do. Our products are installed throughout my town including my children's schools, county's streets, parks & fire stations. It's even used at Clemson, my oldest son's college. So, it's no wonder why we take immense pride in our company, quality, and customer service.

## OUR FOCUS IS PLEASING THE END CONSUMERS, NOT A BOARD OF DIRECTORS.

There's no magic behind making a super strong, super durable paver; it just cost more to do it. Board of Directors are concerned with profits. Unlike my massive competitors, I don't have a board of directors to please. My only concern is pleasing you, our customer! Unlike most companies that sacrifice quality to make their product as cheap as possible, my boys and I focus on making the strongest, most durable & most attractive products on the market!

## WHY DON'T ALL CONTRACTORS OFFER LOWCOUNTRY PAVER PRODUCTS?

Companies can be divided into one of two categories: Quality & Service Oriented, or Price Oriented. It's usually impossible to be both since quality & great service comes at a higher price. At Lowcountry Paver, our Mission is to be #1 in Quality and Service! This means that our products are usually slightly more expensive than our competitors. However, for the end consumer, that price difference is usually so minimal that it's not even a factor. But for the contractor, it means a few extra bucks in their pocket if they sell you the cheap product. The end consumer usually sees no savings! So, here is the question; Is the contractor looking out for YOUR best interest or theirs?

## A LOCAL BUSINESS THAT GIVES BACK TO THE COMMUNITY

We are not a company run by a CEO in a different State, or even country, I live here. When Columbia and Charleston, SC got hit with record floods in 2015, there was an immediate and desperate need for supplies and transportation. State & local officials asked Lowcountry Paver if we could help. The very next day I shutdown Lowcountry Paver and donated the use of our tractor trailers, drivers, and employees to help collect and deliver supplies. It's just what you do when the community that supports you is in need. Lowcountry Paver supports dozens of families and spends millions of dollars each year purchasing goods and services from companies throughout the Southeast. We also donate to several local charitable organizations & I have personally served on the board of several non-profit charities. We support "Buy Local" and hope you will too!

I sincerely thank you for taking the time to read this letter and hope that you will consider purchasing Lowcountry Paver for your next hardscape project. I would also like to thank our existing customers and specifiers for your patronage.

Sincerely,

President & CEO, Lowcountry Paver

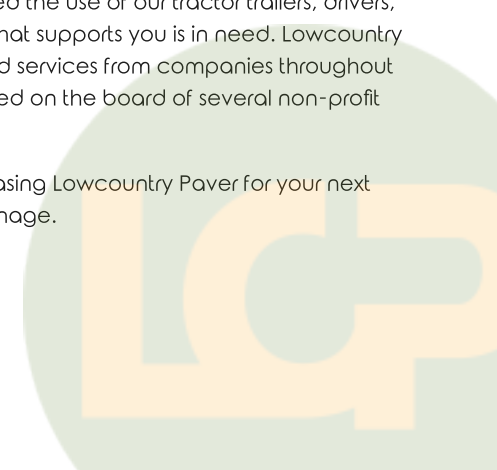

From left to right: Matthew, Christopher, Tom, Tom Jr.

Actual competitor's paver on a patio after just a few years.

# NEED A CONTRACTOR? 5-STAR PREFERRED CONTRACTOR PROGRAM

An LPCI (Lowcountry Paver Certified Installer) is an installer with a proven track record that has met all of our criteria required to be deemed the best in the industry. They must also share and continue to uphold Lowcountry Paver's commitment to the best quality, service, and customer satisfaction.

By using a Lowcountry Paver Preferred Contractor, you know you are getting an honest, reputable, and highly-qualified contractor.

*\*Not available in all areas.*

## 1

### REPUTATION

- Must have a positive LPCI contractor rating score.
- Proven to be a leader in the industry.
- Minimum of 5 years of experience in the hardscape installation field.
- Material account must be in good standing.
- Properly insured for liability and workers compensation.

## 2

### QUALITY

- Minimum (5) year warranty on workmanship & settling.
- Must follow Lowcountry Paver and/or LPCI installation guidelines.
- Must complete (8) hours of continuing education per year at LPCI School.

## 3

### SERVICE

- Barring unforeseen circumstances, work must commence when promised.
- Complete projects without interruption except for acceptable delays.
- Contact and return all customer correspondence within (24) hours.
- Rectify complaints or issues within (10) days.

## 4

### SATISFACTION

- Provide all customers a Lowcountry Paver Satisfaction Form.
- Customer satisfaction is a top priority.

## 5

### PRICE

- Provide great workmanship at a fair price!

## NEED SAMPLES?

Visit [www.LCPaver.com](http://www.LCPaver.com) or call Toll Free at 866.468.3561. Lowcountry Paver will deliver samples right to your home.

# GETTING STARTED

LARGEST COLOR COLLECTION IN THE INDUSTRY!

1

## SELECT YOUR SHAPE / PRODUCT

The first step is to choose the product or paver shape you like. We offer a wide variety of shapes and patterns, including our water permeable "Green Collection," and Thin Pavers for overlaying existing concrete steps, patios, walkways & pool decks.

2

## PICK YOUR COLOR(S)

See pages 7-9

With 16 stock and 8 custom order colors available in every product we manufacture, Lowcountry Paver has the largest color selection in the industry! Choose from our 8 Lowcountry Traditional colors, 8 Coastal Colors and 8 Cool Pool Colors!

3

## CHOOSE YOUR STYLE

Lowcountry Pavers come in 3 distinct styles:

CLASSIC STYLE

The crisp, sharp edges offer a more modern and tight-fitting look. If modern is the look you are trying to achieve, we recommend the Classic Styling.

RIVERWALK STYLE

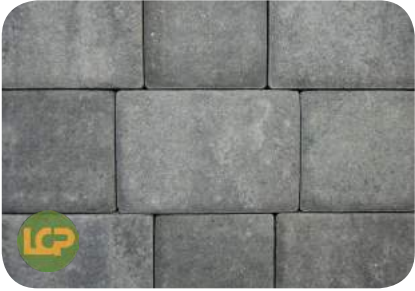

This process is achieved by intentionally and mechanically distressing the paver by controlled chipping and scratching. The result is a weathered, historic and rustic look. Riverwalk Styling is available in all products except the 1" remodeling pavers, Lowcountry Cobble 12 x 12, H2Flo process, Jumbo NurseryStone Wall products & Charleston Flagstone.

TABBY FINISH

For the perfect Lowcountry look, our Tabby Finish is a surface application of indigenous shells that is available in most of our paver shapes.

BATTERY GRAY BLEND  
Charcoal + Light Gray

SPARTINA BLEND  
Light Green + Tan

GOLD COAST BLEND  
Charcoal + Gold

BONFIRE BLEND  
Charcoal + Red

HAMPTON BLEND  
Charcoal + Orange + Tan

SHRIMP BOIL BLEND  
Orange + Brown

NEW CAROLINA BLEND  
Charcoal + Red + Gold

SWEET GRASS BLEND  
Brown + Gold

# TRADITIONAL COLOR COLLECTION

Lowcountry Traditional Colors are made with gray cement and are the least expensive of the three color collections. These colors come in enough variety to easily complement any design or environment. Lowcountry Traditional Colors reflect the natural colors and tones of the Lowcountry. Lowcountry Traditional Colors are an excellent choice for driveways, patios and walkways.

Note: The paver color swatches are as accurate as photography and printing processes allow. Final selection of colors should be made from several physical samples. Shade variations are common in colored concrete products. Delivered product can vary slightly from physical samples. Inspect and approve prior to installing product!

# COASTAL COLOR COLLECTION

COLIGNY BLEND  
Cream + Brown + Charcoal

SIDNEY RAIN BLEND  
Orange + Yellow + Light Blue

NEW SIERRA BLEND  
Cream + Light Brown + Charcoal

NEW CHICAGO BLEND  
Orange + Yellow + Brown

TOASTED ALMOND BLEND  
Burnt Orange + Cream

ESPRESSO BLEND  
Cream + Brown

CANYON BLEND  
Brown + White + Gold

JASPER BLEND  
Orange + Charcoal + White

## COASTAL COLOR COLLECTION

Coastal colors are made with pure white cement and are more pastel and brighter than our Lowcountry Traditional Colors. These colors can easily complement tropical or contemporary styling.

Note: The paver color swatches are as accurate as photography and printing processes allow. Final selection of colors should be made from several physical samples. Shade variations are common in colored concrete products. Delivered product can vary slightly from physical samples. Inspect and approve prior to installing product!

WHITE BROWN  
0.272% Reflectance

WHITE CREAM  
0.332% Reflectance

WHITE GRAY  
0.283% Reflectance

WHITE GREEN  
0.288% Reflectance

WHITE ORANGE  
0.333% Reflectance

WHITE RED  
0.333% Reflectance

WHITE TAN  
0.283% Reflectance

WHITE YELLOW  
0.303% Reflectance

## COOL POOL COLLECTION

Cool Pool Colors are made with pure white cement and were created specifically for Pool Decks and Patios where keeping heat to a minimum is desired. They are markedly cooler than any other concrete paver on the market due to a secret mix design that we have spent over ten years perfecting!

Note: Solar Reflectance % is not a SRI result which must be performed at the site of installation. This testing was done at Lowcountry Paver to insure it will in fact meet or exceed the SRI tests done at the installed location. As is shown, the lighter the color, the higher the percentage of reflectance. The more reflectance, the greater the reduction of a possible "heat island," which is an object of concern by LEED requirements.

The paver color swatches are as accurate as photography and printing processes allow. Final selection of colors should be made from several physical samples. Shade variations are common in colored concrete products. Delivered product can vary slightly from physical samples. Inspect and approve prior to installing product!

# DIY PATIO KITS

Includes all of the materials you need and can require no cutting. Available in any size.

Don't want to do it yourself?

installation quote!

## THIN REMODELING PAVERS

The perfect alternative to that boring, ugly concrete. Thin Remodeling Pavers are great for overlaying front porches, concrete steps, patios and pool decks! Installation is fast and easy and requires no demolition of the old concrete.

*\*Detailed installation instructions available.*

Installation is fast and easy, requiring no demolition of the old concrete. Available in Plantation Paver and 2-Piece Lowcountry Cobble

**SOLD:**

**Plantation Paver**  
Layer (12.7 sf)  
Full pallet (127 sf)

**2-piece Lowcountry Cobble**  
Rectangle sold by the layer (12.6 sf)  
Full pallet (126 sf)  
Square sold by the layer (11.8 sf)  
Full pallet (118 sf)

**SIZE:**

**Plantation Paver:** 4x8  
**2-piece:** 6x9 & 6x6

**Available Thickness:** 30mm: 1 3/16"

## CHARLESTON FLAGSTONE

Designed after the Flagstone cobbles found in Downtown Charleston. Charleston Flagstone has a subtle textured finish, very similar to Natural Flagstone. Our Charleston Flagstone comes as a large three stone format which makes this product perfect for larger areas such as pool decks, patios, and courtyards. Not for vehicular applications.

Charleston Flagstone large square sold separately, small square and rectangle are purchased as a set.

**SOLD:**

17X17 by the piece or by full or half pallets.  
(also used as a stepping stone)

2 pc sold as half or full pallet only  
(1-1 ratio)

**SIZE:**

Rectangle: 16 7/8" x 8 7/16"

Small Square: 8 7/8" x 8 7/16"

Large Square: 16 7/8" x 16 7/8"

Available Thickness: 60mm: 2 3/8"

# PLANTATION PAVER

TOP  
SELLER!

Our Plantation Paver is versatile and extremely popular for both home and commercial projects. Due to its flat, non-textured surface this paver makes an ideal choice for driveways, pool decks, walkways, patios, and streetscapes. By using the Plantation Pavers, elegance meets simplicity no matter the setting.

**SOLD:**

30mm by the layer (12.7 sf)  
Full pallet (127 sf)

60mm half pallet (63.5 sf)  
Full pallet (127 sf)

80mm half pallet (57 sf)  
Full pallet (114 sf) (special ordered  
product)

**SIZE:**

## 2 PIECE LOWCOUNTRY COBBLE

TOP  
SELLER!

The 2 Piece Lowcountry Cobble is the perfect choice for smaller walkways, patios, and even driveways. With this rectangle and square 2-piece design, these pavers can be laid in many different patterns. Design capabilities are only limited by the imagination. Rectangle and squares are sold separately so you can let your creativity run wild by making different patterns with the 2 pieces, or by just using all rectangles or all squares.

Rectangle & Square can be purchased and installed individually.

**SOLD:**

60mm sold by full and half pallets.  
30mm layer or full pallet only.

**SIZE:**

Rectangle: 5 1/2" x 8 1/4"

Square: 5 1/2" x 5 1/2"

## 3 PIECE LOWCOUNTRY COBBLE

TOP  
SELLER!

Our 3 Piece Lowcountry Cobble is a larger version of our 2 Piece plus adding a larger rectangle to the mix makes this shape perfect for larger residential driveways, patios, and pool decks, as well as commercial plazas and walkways.

**SOLD:**

Sold as a 3-piece set only.  
Half or full pallet only (1-1-1 ratio)

**SIZE:**

Small Rectangle: 7 7/8" x 3 7/8"

Square: 7 7/8" x 7 7/8"

Large Rectangle: 11 3/4" x 7 7/8"

Available Thickness: 60mm: 2 3/8"

30 & 60mm

60mm

## 4 PIECE LOWCOUNTRY COBBLE

Thinking the 3 Piece Cobble couldn't get any better, we added a 12X12 into the mix, creating our 4 Piece Lowcountry Cobble. This unique random cobble is perfect for large residential driveways, commercial parking lots, plazas, pool decks, and patio areas.

**SOLD:**

3 pc as half or full pallet only  
Square 12X12 sold separately  
& individually

**SIZE:**

Small Rectangle: 7 7/8" x 3 7/8"

Square: 7 7/8" x 7 7/8"

Large Rectangle: 11 3/4" x 7 7/8"

## 12x12 LOWCOUNTRY COBBLE

TOP  
SELLER!

Our exclusive 12 x 12 Lowcountry Cobble is unique because of its cobbled edge which gives it a softer, less manufactured look than any other 12" Squares on the market. The 12 x 12 Lowcountry Cobble is a favorite for residential and commercial pool decks, courtyards, and plazas. The 12 x 12 shape works great for a modern look, yet with the cobble edge, it also works wonderful with a rustic southern feel.

**SOLD:**

Sold individually, half, or full pallet only.

**SIZE:**

11 3/4" x 11 3/4"

Available Thickness: 60mm: 2 3/8"

30 & 60mm

60mm

## SAVANNAH COBBLE™ - 3 PIECE

The Savannah Cobble was specifically engineered to eliminate tripping hazards. This smaller 3-Piece Cobble provides a completely smooth surface, designed to better work for wheel-chairs and heavy pedestrian areas such as commercial sidewalks, courtyards, and plazas. The wavy edge gives it a soft, rustic cobble look. **Since Savannah Cobble has no surface chamfer or spacer bars, Riverwalk style is recommended as chipping is likely to occur.**

**SOLD:**

Full or half pallet only.  
3-piece set in 1:1:2 ratio.

**SIZE:**

Small Rectangle: 5 1/2" x 2 3/4"

Square: 5 1/2" x 5 1/2"

Large Rectangle: 8 1/4" x 5 1/2"

Available Thickness: 60mm: 2 3/8"

**Need Samples?  
Have Questions?**

866.468.3561  
[www.LCPaver.com](http://www.LCPaver.com)

## OLDE WORLD COBBLE

The Olde World Cobble Collection is the most exclusive paver in our product line. It's perfect for high-end residential and commercial projects such as roads and large stately driveways. With its textured surface and wavy edges, this collection has the look of old European Cobbles. The 80mm thickness makes it sturdy enough for even the heaviest commercial traffic.

**SOLD:**

- 3pc full or half pallet only
- (2) Square
- (2) Large Rectangle
- (1) Small Rectangle

**SIZE:**

- Small Rectangle: 4 3/4" x 9 1/2"
- Square: 9 1/2" x 9 1/2"
- Large Rectangle: 9 1/2" x 14 1/4"
- Large Square: 14 1/4" x 14 1/4"

Available Thickness: 80mm: 3 1/8"

## SUBWAY STONE

This long, slender design helps to make a small space look larger. Great for commercial walkways and patios.

Because of this thin design, Subway Stone is not recommended for driveways.

**SOLD:**

Sold as full (139 sq.ft.)  
or half (69 sq.ft.) pallets only

**SIZE:**

3" x 17 5/8"

Available Thickness: 80mm: 3 1/8"

## TRU-BRICK

Tru-Brick is designed for a flat surface and a tight fit. It offers the authentic shape of a classic clay brick but is available in a wider variety of colors. Since Tru-Brick has no spacer bars, Riverwalk style is recommended as chipping is likely to occur.

**SOLD:**

Sold as full (155 sq.ft.) or half (77 sq.ft.) pallets only

**SIZE:**

7 5/8" x 3 7/8"

**Available Thickness:**

60mm: 2 3/8"

## DÉCOR-LOK

What's old is new! When retro is what you want, look no further! Décor-Lok has been popular among local architects. With it's ultimate locking ability, this gives a sleek design to fit with your new, up-to-date look.

**SOLD:**

Half pallet (48 sf)  
Full pallet (96 sf)

**SIZE:**

9 x 5 3/8"

**Available Thickness:** 60mm:

2 3/8"

\*Available in all colors.

## WATERSHED PERMEABLE PAVER

The Watershed Permeable Paver has been described as America's Most Attractive Permeable Paver. It's unique cobble shape makes it perfect for the desired luxurious southern look. Add Riverwalk styling for that weathered and rustic historic look. Lowcountry Paver is the exclusive manufacturer of the WaterShed Permeable Paver, and we guarantee it to never crack in a residential, heavy commercial, or industrial application.

**SOLD:**

Sold half (54 sf) or full pallet (108 sf)

**SIZE:**

9 5/8" x 5"

Available Thickness: 60mm: 2 3/8" & 80mm: 3 1/8"

## HYDRASHED PERMEABLE PAVER

The HydraShed Permeable Paver is perfect for that traditional look requiring a permeable surface. With the spacers designed on the sides, giving room for crushed rock in between, gives these an elegant designed look. Lowcountry Paver is the exclusive manufacturer of the HydraShed Permeable Paver. It is guaranteed to never crack in any residential, heavy commercial, or industrial application.

**SOLD:**  
Half (57 sf)  
Full pallet (114 sf)

**SIZE:**  
7 7/8" x 3 7/8"

Available Thickness: 80mm: 3 1/8"

## SF - RIMA

Designed in Germany, the SF Rima Permeable Paver is used throughout Europe and most of the world. When it comes to time tested products, it's hard to beat the SF.Rima. This design has been a pioneer in the permeable paver industry with a great deal of research, engineering, and test studies. The S.F. Rima is great for residential driveways, commercial parking lots, and walkways.

\*Not ADA compliant

**SOLD:**

Half pallet (60 sf)

Full pallet (120 sf)

**SIZE:**

8 1/2" x 8 1/2"

**Available Thickness:**

80mm: 3 1/8"

WATER RUNS  
RIGHT THROUGH  
THE PRODUCT!

# H2FLO PERVIOUS PAVER

H2FLO™ is a very unique manufacturing process that actually allows water to drain right through the product! It's available in most of our shapes and is great for patios and walkways that are often wet or tend to puddle. After you choose your shape, just ask for the product to be manufactured in the H2FLO pervious process.

\*Note: This process is very similar to the pervious concrete except it is machine made, can be tested for perviousness before being installed, & is available in all of our shapes and colors. Like pervious concrete, this product will deteriorate & clog up over time, especially with vehicular traffic, thus, Lowcountry Paver does not warrant this product for vehicular traffic or its perviousness after installation. Permeable pavers are much stronger & have a greater water infiltration life span. Not guaranteed to meet ASTM requirements.

Look for the H2FLO symbol on the shape page to see if it's eligible for the H2FLO process!

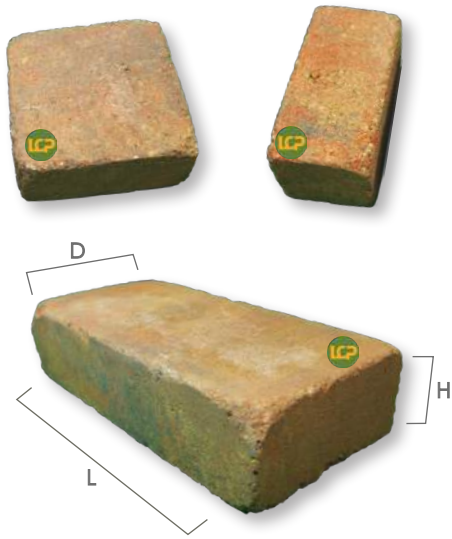

## HARDEEWALL GARDEN WALL

This 1-piece, 2-piece, or 3-piece double-sided and free standing decorative wall system can be used for making garden walls, sitting walls, outdoor bars & kitchens, columns, and raised garden planters. Hardeewall can also be used as a retaining wall, not to exceed 3 feet high with the proper installation.

## TURF-BLOCK

Turf-Block, also known as Grid Pavers are most often used for overflow parking spaces, utility vehicle access roads, and soil erosion control on slopes and embankments. The voids can be filled with stone for a decorative look or top soil and seeded for soil stabilization. Lowcountry Paver is one of the ONLY companies in the U.S. that offers Turf-Block in natural gray and red.

Turf-Block is not designed for vehicular applications. Due to its thin lines, cracking is likely to occur when used for vehicular applications. Perfect for golf-cart paths.

**SOLD:**  
Sold individually only.

**SIZE:**  
23 5/8" x 15 3/4"

**Available Thickness:** 80mm: 3 1/8"

## ADA

Our 4 X 8 ADA (Detectable Warning Surface Paver) is a long-lasting, more decorated alternative to typical ADA compliant surfaces. Lowcountry Paver's ADA Paver features truncated domes, designed to alert seeing impaired pedestrians of dangerous situations. ADA Pavers are available in a variety of colors.

## PARKING LOTS

Never paint parking lines again!

## ENGRAVED PAVERS

Our engraved pavers are a perfect fundraiser for any school or charity. A way to give thanks to your supporters or have a memorial for loved ones. With engraved pavers, you have a way to acknowledge their names in stone with a gift that will last many years to come.

## BULLNOSE & REMODEL COPING

Remodel coping is great for overlaying that old pool deck or those ugly concrete steps!

\*Available in all (24) colors, plus solid white.

Remodel Coping

Bullnose Coping

Installation is fast and easy, requiring no demolition of the old concrete.

## TRAVERTINE

Our specialty imported Turkish travertine brings a classy look to your pool areas, walkways, and patios. Because of the tumbled surface, this product is perfect for the non-slip pool deck, but still has the durability to last a lifetime for your high-traffic walk ways. Our French Pattern comes as a 4-size mix, working together to create a unique design.

- Deeply enhances surface tone with semi-gloss finish
- "Rain safe" within 90 minutes

### Wet Look Sealer

- Deeply enhances surface tone with gloss finish
- Water, stain & UV protection
- Promotes easy cleaning & maintenance

## LOWCOUNTRY PAVER SETS THE BAR FOR QUALITY

There are many shortcuts hardscape products manufacturers can take to make their products cheaper, however, these short-cuts do not come without consequences. Exposed limestone, excessive cracking, premature face wear, and soft product are just a few problems that can be expected with cheap pavers. We are not about that!

Our mission is to manufacture the highest quality hardscape products in the industry!  
How do we do this?

- Our fully automated, computerized plant is equipped with state-of-the-art manufacturing and coloring technology.
- Our products are NOT “face-mix” products which have a very thin layer of high quality colored material on the top, and cheaper, recycled material underneath. Our color and high-quality material go completely through the product, from top to bottom!
- Our products are made with strong granite, not inexpensive, soft limestone.
- Cement is not only the most expensive ingredient in a paver, it's also the most important. We use a very high cement ratio for added strength and durability! Our competitors that are focused on making the cheapest products on the market actually test to see how little cement can be used while still holding the product together and substitute sand in place of the cement they saved.

It is for this reason our products carry a **Lifetime Transferable Limited Warranty!**

## LOWCOUNTRY PAVER LIFETIME TRANSFERABLE LIMITED WARRANTY

Lowcountry Paver manufactures interlocking concrete pavers, retaining wall, pool coping and other concrete hardscape products to the highest quality standards. This allows us to offer products that meet or exceed ASTM standards for their category and application including ASTM C-936, C-1372 & C-1319-17.

We provide a lifetime transferable limited warranty on the structural integrity of our manufactured products. Any material that proves to be structurally defective beyond normal wear and tear will be replaced free of charge providing it was installed in accordance with ICPI ([icpi.org](http://icpi.org)) or NCMA ([ncma.org](http://ncma.org)) guidelines. This warranty is limited to providing replacement material only at no charge. Lowcountry Paver will not be responsible for freight, labor, consequential or incidental damages.

Due to the nature of concrete, and the use of natural products, Lowcountry Paver cannot guarantee the color match of replacement units. Cosmetic blemishes, staining and the occurrence of efflorescence are not covered under this warranty. To assure the best color consistency, products must be installed from several pallets at a time. Original Proof of Purchase is required. This warranty does not apply to: Damage caused by acts of God, war or natural disaster; chipping, splitting, spalling or breakage that may be caused by impact, abrasion or improperly installed product; product used for the wrong application; and neglect or abuse. Normal wear and tear is to be expected over the course of ownership and is not covered under this warranty. Second quality product carries no warranty. 30mm product, and Cool Pool color collection, is not guaranteed to meet ASTM Standard. Turf-Block is not guaranteed for vehicular applications.
