

# RISK FREE HAIR COLOUR REMOVAL

Before now, previous ways to remove colour from hair have been bleach baths and harsh strippers. These alternatives are typically uncontrollable, unreliable and can cause damage to the condition of the hair. Colour Undo™ offers an easy & effective way to remove hair colour with a bleach-free and ammonia-free process allowing you to safely re-colour the hair the same day!

## NO BLEACH NO AMMONIA NO DAMAGE

### WHEN TO USE COLOUR UNDO™?

Create the perfect canvas for any colour change! COLOUR UNDO™ will work on all permanent and semi-permanent hair colour and does not lift natural or virgin hair. So, you can use COLOUR UNDO™ to :

- Remove unwanted box dyes
- Reduce colour build-up
- Correct over-toned highlights
- Return to last level of oxidised lift
- Correct DIY disasters
- Improve hair condition & restore natural shine and lustre with Argan Oil content

### HOW TO USE COLOUR UNDO™ ?

#### Step 1: Mixing & Application

- Mix COLOUR UNDO™ ACTIVATOR "1" and REMOVER "2" in a bowl in a 1:1 ratio.
- Apply the COLOUR UNDO™ mixture to hair in sections.

#### Step 2: Develop & Rinse

- Once evenly applied, develop for 30 to 60mins.
- Rinse hair thoroughly with warm water for 5 mins.

#### Step 3: Buffer & Rinse

- Apply Buffer "3" into the hair.
- Lather well and leave for 1min.
- Rinse hair thoroughly with warm water for 5 mins.
- Repeat Step 3.

#### Pro Tips:

- Clarify hair twice and dry thoroughly prior to service to ensure best results.
- As COLOUR UNDO™ is Ammonia & Bleach-free, it doesn't affect natural Hair, so you don't have to segregate out the coloured section from the uncoloured hair.
- During development, ensure client isn't in directly under the air conditioner.
- During development, cling-wrap long or thick hair to enhance the process.
