

# BRAID.ME

We have been braiding hair for many centuries, across many cultures, and history has shown that it will always be at the forefront of fashion. This class is a fantastic opportunity to learn how to incorporate braiding into your daily styling and how to use these techniques creatively behind the chair, on set or backstage during any fashion event. Warm up your fingers, as those will be your most powerful tools in this class!

**OUTCOMES:** In this class, you will explore the craft of braiding and identify key techniques to extend your skill portfolio. Begin by learning four classic braiding techniques: French braid, Dutch braid, rope braid and fishtail braid. Then use these techniques to create braided styles of your own.

**HIGHLY RECOMMENDED FOR:** Passionate stylists with a desire to learn or master braiding.
