**COLOR.ME**

**REFINE.ME**

This essential colour class is a comprehensive exploration of refining on all depths of hair. You will learn how to choose refining colours that achieve your desired result and how to attain better durability for your client. Designed to further your technical skills, address challenges and deliver the best refining results possible in the salon. Learn the importance of creating the perfect canvas, choosing between a shade and a toner, the art of communication with the client and of course tips on counteracting unwanted tones. Let REFINE.ME transform you into a master of finishing on all COLOR.ME colours!

**OUTCOMES:** Gain an understanding of refining and product choice to create beautiful and personalised colours for your clients. We look at using techniques such as shadowing and zone toning to bring your colour work to the next level. Learn how to apply the range to create dimensional reflects that live, move and flatter the wearer every time.

**HIGHLY RECOMMENDED FOR:** Colourists who have completed COLOR.ME START and need further understanding on how to create the perfect, refined end result.
