# Get it Delivered **SUPER FAST!**

## Over 2.8 Million Square Feet of Strategically Located Warehouse Space!

Orders placed before 4pm (distribution center local time) are typically shipped that same day. We have a 95% fill rate on orders and normal delivery time is only 1-2 days depending on your location.

- 1 Day Ground Shipping
- 2 Day Ground Shipping

## Buy More, Save More!

In addition to UPS and FedEx, we work closely with the most trusted LTL carriers in the industry. LTL freight savings typically begin with orders of only 300 lbs. Call us, or complete your LTL order online. You can see carrier options and exact shipping costs.

## Near One of Our Distribution Centers?

Take advantage of local pick-up to reduce delivery costs and maximize your efficiency. See hours on back cover.

**ADVANTAGE**  
YOKOHAMA ASSOCIATE DEALER PROGRAM™

# what makes **WINTER TIRES** SPECIAL?

## **TREAD COMPOUND**

Specialized rubber compounds remain pliable in subfreezing temperatures, allowing a winter tire's tread to conform to the micro- and macro-texture of the surface, whether it's clear road, packed snow or ice.

## **TREAD PATTERN**

Wide, circumferential and lateral grooves evacuate water and slush, and can process a larger volume of snow. Intricate sipes hold snow within the tread for snow-to-snow traction, and also create thousands of biting edges to provide grip.

## **TREAD DEPTH**

Winter tires typically feature deeper initial tread depth than their all-season counterparts. The extra depth allows the tire to process a larger volume of snow, essentially taking bigger "bites" for traction.

## **PACKAGES MAKE IT EASY!**

Our Tire & Wheel Packages arrive ready to bolt on, with all necessary hardware included. Turn the next page to learn more!

# STUDLESS ICE & SNOW

BRIDGESTONE

Continental

COOPER TIRES

GOODYEAR

# 60 Brands. Over 1,800 Different Wheels!

scottonracing.com

Browse by brand to see everything.

Search by vehicle to see only what fits that vehicle... ON that vehicle.

Filter by size, finish, brand, pricing and more! Multiple viewing options are available.

Our PITSTOP tool allows you to use this same feature with your customers. See page 29.

## How We Know What Fits

We measure each vehicle's critical components with sophisticated electronic tools. Our fitment engineers create extremely accurate drawings of these parts, as well as the wheels we offer. Using CAD programs, we match the wheels to the vehicles, verifying numerous critical areas before listing an application.

## No Additional Cost!

All necessary hardware is included with any wheel purchase.

designed by O.Z.

MSW has made it their mission to satisfy the performance and aesthetics of any vehicle at a value that's hard to pass up.

Engineered in O.Z.'s high-technology design and testing facilities, MSW wheels are created with a focus on strength, style and value. Available in wide range to complement passenger cars, crossovers, European crossovers, high performance vehicles and more.

# We Are Your Source for Servicing Tire Pressure Monitoring Systems

We carry all major O.E. TPMS sensors, replacement parts and tools to service all tire pressure monitoring systems.

View our entire selection of TPMS products or search TPMS products by vehicle at [www.trwholesalesolutions.com](http://www.trwholesalesolutions.com)

## ATEQ

### VT56 \$875

- Activates TPMS sensors when replacing sensors or swapping tire sets
- OBDII equipped for ECU reset

### VT46 \$475

- Displays all sensor data
- Checks remote keyless entry signal
- OBDII module included

## BARTEC USA

### Tech450Pro \$600

- Performs stationary and OBD relearns
- Wi-Fi software updating
- Inductive wireless charging

### Tech600Pro \$800

- Compatible with all known OE TPMS sensors
- Works with most aftermarket multi-protocol sensors
- Wireless data transfer

## Dill®

### TPMS Damaged Valve Removal Kit \$50

Removes broken TPMS valves without damaging the wheel.

### TPMS Tool Kit With Torque Wrench \$99

## AUTEL

### MaxiTPMS TS608 \$550

- All systems diagnostics and TPMS combined in one tool
- Includes OBDII and Bluetooth VCI

### MaxiTPMS ITS600 \$410

- Activates, reads and relearns all known sensors
- Fast OBDII relearn for most vehicles
- Free Wi-Fi software updates for the life of the tool

### TBE100 \$300

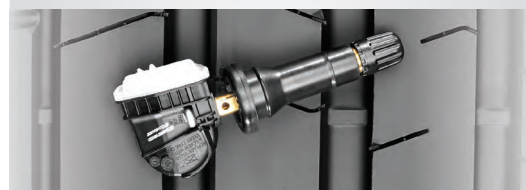

- Tread/brake disc wear measurement
- Measure disc wear without removing tires
- Uneven tire wear analysis
- 1.65" touchscreen

### TBE200 \$390

- Same features as TBE100, plus:
- Scan tire DOT
- Tire recall and expiration notice

## Schrader TPMS Solutions

### EZ-Sensor \$22 Each \$255 12-pack

- Supports current and pending O.E. system technologies, including auto-locate technology

## BHSENS

### IntelliSens Programmable Sensors \$24

- Pre-programmed and updateable
- O.E. quality
