Between the months of June and December, numerous calls were made by Scotton to United States Southern District of Florida to request numerous public records from his case. No one request was granted. The records above clear shows calls made by Scotton which he was placed on hold for many minutes and his request for records ignored and was not granted.

This is the Court's continue cover-up and manipulation of such dirty legal system. In fact, everyone has the rights and due process to request the court appointed attorneys CJA vouchers. However, seven months and Scotton continue to be denied these rights.
