### Day 2: Thurs, April 17: The Vatican - Tour the Greatest Church and Museum on Earth

St. Peter's Basilica is the largest church on the planet and the center of the Catholic Church. It's the size of a small city, with its most important relic lying deep beneath the altar. Visit Vatican's St. Peter's Square, the Basilica, Vatican museums, the city, and, of course, walk through the Sistine Chapel. Overnight: Rome. (B, D)

### Day 3: Fri, April 18: Ostia Antica, St. Paul's Outside the Walls, and Lateran – Visit Rome's Port and St. Paul

Start the morning with a visit to one of the best-preserved archaeological sites outside Rome: Ostia Antica. This incredible site offers a wonderful place to consider how Christians in the Bible lived their daily lives. Visit St. Paul's Outside the Walls, which houses the remains of St. Paul, as well as St. John Lateran, the headquarters of the Catholic Church. Overnight: Rome. (B, D)

Ostia Antica

### Day 4: Sat, April 19: Rome Underground: Explore the Catacombs, the Palace of Nero, and Monk Crypts

Start your day by trekking underground in the Catacombs, the place where early Christians buried their dead. Then, visit Rome's most eerily interesting museum: a living cemetery of monks whose bodies are converted into furniture. Step back in time by entering into the palace of the emperor who killed Christianity's most influential apostles: Peter and Paul. Overnight: Rome. (B, D)

Crypt

### Day 5: Sun, April 20: Forum, Prison, Colosseum, Palatine – Walk through the Classic Sites of Rome

Imagine what Roman life was like by exploring the Roman forum, the place where everything happened and where Caesar, Cicero, and Augustus worked. Pass by the Arch of Titus and visit the Mamertine Prison, the place of Peter and Paul's imprisonment. In addition, imagine yourself to be a gladiator or spectator at the timeless symbol of Rome: the Colosseum. Overnight: Rome. (B, D)
