

## **Firestorm Prayer+Planning meeting**

updated 8/15/25

Next meeting Tuesday, August 19<sup>th</sup> @ 7:00 – 8:30pm at the “7 Center”

7 Center St, Macedon, NY 14502

***For this meeting,*** an evening of Praise, Worship, **PRAYER** ...

Our meetings always welcome in the Holy Spirit, letting the Lord build the house.

It is so awesome to have multiple groups with the SAME heart, SAME mission come together to support one another! 2Chron7:14 is our cry! Don't forget God's promise in verse 15!

***Main focus will be thanksgiving prayer for events we've had this summer, prayer for those prayed over (Lorrie will share great news of souls touched), prayer to continue seeking God's direction regarding future outreach, and of course coming revival down the Erie Canal.***

Even though our plans fell through on 8/16 for BPC (now known as “Solid Rock”) ....

some of us were blessed to share at a Cancer benefit in Shortsville on this same day.

Regarding 1775 East Ave, I believe we should not give up on this location. Here's a picture that's located on a wall within the church. Not sure the year it was taken. This is the rear of the church; pic taken on the opposite bank of the Erie (where 490 is now). Let's pray for future opportunity to outreach at this location.

Statewide worship continues – thank you Deb Procopio! Wayne and Ontario counties are supporting this initiative! We still need to get Monroe County re-established; any ideas, recommendations are welcomed! This can be at a church or in a home. All worship nights are scheduled to coincide with the 1<sup>st</sup> day of the month (First Fruits) on the Jewish calendar. Wayne County location and worship team is being organized by Shar Geldof; Ontario County at Wellspring church in Clifton Springs. All locations start at 7pm and go to 8pm. We are hoping for ALL 62 counties in NYS to participate.

\*\*\*Remember that the 4<sup>th</sup> Monday of the month is Wayne County Unify Prayer and Praise night. For the next get-together please check out <https://unify.events> for upcoming location and details.
