

HazMat for Firefighters Awareness and Operations Course Syllabus

Overview

This course contains approximately 26.5 hours of self-paced online learning, and 24 hours of in-person skills-based instruction with 8 hours of certification evaluation. The course prepares the student to become certified as a Fire Fighter.

The Hazardous Materials for Firefighters Awareness and Operations Course can be entered as an individual course not part of a certificate or diploma program for individuals already employed in the emergency services industry. The tuition fees for signing up for the Firefighter II course individually are:

- Hazmat for Firefighters – Online: \$533.00
- Hazmat for Firefighters – Practical: \$1,066.00

Course Prerequisites

- Legal Right to work in Canada (or [international student application](#))
- Proof of age (minimum 18 years of age or Junior Firefighter agreement signed by parent/guardian)
- English Language Proficiency (in accordance to the CFRC Language Proficiency Policy)
- Signed Medical Clearance form (filled out by physician)
- Valid Alberta Class 5 Drive License (Or equivalent)
- High School Diploma, GED, or mature admission status
- Standard First Aid and CPR Level C (or equivalent)

All forms that are required can be found in the [Documents](#) section of the CFRC Website

Material Covered

- 24. Analyzing the Incident
- 25. Action Options and Response Objectives
- 26. Personal Protective Equipment, Product Control, and Decontamination

Outcome Objectives

After completing this course the student will have met sections 5 and 7 required for a Hazardous Materials Responder at both the Awareness and Operations levels in the NFPA 470, 2020 edition, Hazardous Materials/Weapons of Mass Destruction Standard for Responders.

Textbooks Required

The required text for the course is IFSTA's **Essentials of Fire Fighting**, Seventh Edition. Students are also required to purchase IFSTA's **Essentials of Firefighting, Seventh Edition Student Workbook**. This workbook is to be completed in the weeks proceeding a scheduled practical component, and throughout the practical component itself. Books can be ordered from the AFCA Bookstore. Click [here](#) to be taken to the Essentials Textbook paperback product page, and click [here](#) to be taken to the digital E-book product page. For the workbook (coiled book), click [here](#).

While not required, the **Essentials of Fire Fighting Exam Prep** is a valuable tool to help prepare for each lesson in the course and for the certification exam.

Course Evaluation Strategy

Students will be asked to complete a course evaluation form and an instructor evaluation form at the end of the course. These evaluations aid the college in improving course delivery for students.

Homework Assignment

Homework will be assigned on a case-by-case basis by the instructor. Students will be required to complete chapters in their **Student Workbook** as assigned by the instructor on evenings and on weekends during their practical component. This book should NOT be completed by the students in advance, and only chapters assigned by the instructor should be completed by set deadlines. Failure to complete homework assignments may result in disciplinary action, and or dismissal from the program at the discretion of the instructor.

Pre-Course Assignments

Students must complete the online course components (ICS 100, Hazmat for Firefighters Online) prior to attending the practical component. Students who have not completed the online course work prior to the start date of the practical classes will be dismissed from the program.

Required Materials

- 2 Class B Uniforms (Navy blue button up collared shirt with CFRC or department issued patches affixed to each shoulder, Navy blue cargo pants, black belt) – *available for purchase through the college tuition payment portal.*
- 2 CFRC T-Shirts (*available for purchase via tuition payment portal*)
- 1 pair of CSA approved, black, 8" steel toed work boots
- 2 pairs of Navy Blue shorts or joggers
- 1 pair of running shoes
- IFSTA Essentials 7th Edition textbook and Student Workbook, note pads and writing instruments.

Instructor Information

Contact information for the instructor will be provided shortly after the enrollment deadline for the program. This information, as well as detailed information regarding dress, department, timings and schedule will be sent out via email in the class "Prep Letter". The goal of the instructor is to help you be successful during the course. Instructors are also available to assist you throughout your online course work. You should immediately contact the instructor if you have any questions about the course or course work.

Academic Dishonesty Policy

Academic misconduct includes cheating, plagiarism, falsification of records, unauthorized possession of examinations, intimidation, and any and all other actions that may improperly affect the evaluation of a student's academic performance or achievement; assisting others in any such act; or attempts to engage in such acts. Any incident of academic misconduct will result in the student being dropped from the course and the student's sponsoring agency being notified of the incident.

Course Participation

The course utilizes lecture, open discussions, and skills practice to achieve the learning objectives. Every student is expected to: come to course prepared to actively participate in discussions, read the text prior to the next class session, complete all homework assignments, respect the beliefs, opinions, and values of other students, and have an open mind about the issues being discussed.
