Notice on Nudity

This campground is not a nudist campground. We do not encourage, nor do we prohibit nudity. We understand some guests may enjoy a certain outdoor experience, which MAY include being partially clothed, enjoying a “skinny dip” or even sunbathing nude to “commune with nature”. We offer these options and try to be respectful of neighbors, visitors, and area laws. Sexually explicit behavior in the view of other guests and non-guests is prohibited.

This campground is located on private property and each guest has agreed to the rules of this campground upon admittance, so each guest has a reasonable expectation of privacy in certain areas. If you do not agree with any rules, you should leave immediately.

Capturing any visual image of a nude or partially nude person without their consent is a violation of Wisconsin Statutes 942.09 and prohibited. This includes the use of a drone (942.10). If a person violates these laws, they can expect their recording device (camera or phone) to be seized as evidence and turned over to law enforcement.

Certain common heavy use areas of the property (entrances, main driveway) do use surveillance cameras. These cameras are intended for the safety and security of guests and the property. They are not intended to remove any guest’s expectation of privacy at their campsites. We request that if you engage in any nudity, it should not occur in heavy use, common areas.

The beach may be accessed by non-guests in boats who are engaged in water sports and enjoying nature on the Black River as they float by. Exposing one’s nudity to anyone under the age of 18 is illegal in Wisconsin. Being nude “in public” (viewed from the water) may be considered “lewd and lascivious behavior”, and in violation of Wisconsin law. The beach is over 4 acres in size, it is possible to find yourself a private spot to enjoy the warmth of the sun.

The second-story wood sun deck is normally allowed to be used for all types of topless or nude sunning when not reserved/closed. The deck is accessed by the rear of the Manor House. Any special rules will be posted.

Beach Area Flooding

Use of any part of the property is solely at the risk of registered guests. Extra caution needs to be taken when using the beach and the “R” rustic sites as these areas are within a flood zone. During heavy rains, the river will rise and flood these areas. Higher ground should be sought immediately for users’ safety. If you need assistance, you may call the owner at 715-299-7007.

Manor House Patio and Sun Deck

The Manor House concrete patio on the south side of the house and the 2nd story Sun Deck are “common use” areas and shared by all guests. Music is allowed, that is not unreasonably loud and not disruptive to other guests. Both areas close at 10pm in accordance with quiet hours.
