

Allow me to blow
my own horn!

- What I can promise is easy to understand lessons and a friendly and enjoyable atmosphere. I try my best to eliminate stress and put the learners at ease.
- Still, the learning is the focus, and I do my best to make sure each learner understands and has the chance to excel as much as the other person.
- Having been in their shoes, I can relate to the learners from their perspective. This helps with the stress.
- The following are a few of the hundreds of evaluation comments made about me as their technical trainer.
- These were clipped from actual Waukesha course evaluation forms.
