

BIGMAX Cranes

T0 Series

Telescopic Cranes with Built-In Outrigger Stabilizers

Choice

- Four models 27,400 to 74,300 ft lbs (3.8 to 10.3 t/m)
- Built-in hydraulic outrigger stabilizers
- Designed for frame mounting to minimize loss of deck space
- Standard dual proportional side controls
- Up to 4 hydraulic extensions to 31 feet

Strength

- Strong, light weight hexagonal boom construction
- Fabricated from high tensile steel
- Rugged steel base with reliable rack and pinion slewing system
- Two year comprehensive parts and labour warranty
- Winches and other options available

Safety

- Counterbalance safety valve mounted directly to main lift cylinder
- Active and passive overload and hose failure protection
- Easy to operate single articulation design
- Control levers on both sides of crane for maximum visibility
- Complies with ANSI B 30.5, DIN 15018 and EN12999 Standard
